TUBERCULOSIS CONFERENCE.

Strong Point of Interest Brought Out In the Discussions Today.

By Associated Press. Washington, May 19.—A point of in-

terest brought out in the discussions of

the National Tubercolosis conference

wos that every effort so far made to

establish self-supporting communities

or settlements of tubercolosis patients

had proved a failure. It was the gen-

eral opinion that all cases of tuberco-

tient is maintained and proper sanitary

requirements observed to protect mem-

bers of the family in which the patient

is there legal authority to compel the

Afternoon Session.

So much time was spent yesterday the out of the mission board, he was afternoon in the discussion of the advisability of a separate convention for negro priests and laymen, that the special and regular orders of business on hand were practically displaced.

The headlines which appeared in a local morning daily in regard to the 'race issue in the convention" were somewhat misleading-doubtless not intentionally. The delegates to the convention did not discuss the separation of the "white and colored church-

es." According to the belief of the plea ant references to North Carolina Episcopal Church, as expressed in the Nicene Creed-"one catholic and aposwas in North Carolina and felt that he tolic church"-an all embracing relihad to say something of the kind-but gion, it was not a question of the sepbecause this State had aroused his ad- aration of churches.
