

SECOND PLEA OF ABATEMENT IN WILLIAMS CASE

This Time Attorneys for the Defense Object to Juror W. A. Love, of Union County, Because He Has Only Partially Paid Taxes for 1904.

Judge Boyd Overruled Motion and Then a Continuance was Asked for. The Argument on Continuance in Progress at This Afternoon's Session.

At the reconvening of the Federal Court this morning at 11 o'clock the cases against N. Glenn Williams, the Old Nick Williams Company and D. E. Kennedy were called.

Judge Moore of Asheville presented the second plea of abatement, claiming that the bill, which is the one found by the Charlotte grand jury, should be quashed, because one of the jurors, Mr. W. A. Love, of Union County, had only paid a portion of his taxes, and was, therefore, ineligible to serve on the jury.

After more than an hour's argument, in which the court took part, Judge Boyd overruled the motion and ordered that the hearing of evidence proceed.

Just as the counsel for the defense began to call their witnesses the hour for adjournment having arrived, the court took a recess until 2:30.

At the appointed hour the counsel for the defense were on hand, but District Attorney Holton was not. The hour of 3 o'clock arrived and still court had not convened.

At 3:45 Judge Moore addresses the court and asked that the case against the defendants be continued on account of the absence of several very important witnesses.

Judge Boyd stated that if the defense wished any witnesses in North Carolina or the United States the power of the court would be used to bring such witnesses in to court.

At 4 o'clock the argument for continuance was still in progress. The general impression is that the case will be heard here and at this sitting of the court.

Another Plea of Abatement. The plea of abatement as read by Judge Moore, of Asheville, follows: United States vs. Old Nick Williams Company, N. Glenn Williams and D. E. Kennedy. Plea in Abatement.

The defendants, Old Nick Williams Co., N. Glenn Williams and D. E. Kennedy, in the above entitled action, in their own proper persons, cometh now to court here and, having heard the indictment returned herein against them, read, say, and each for himself, says:

That this court ought not to take cognizance of the matters and things charged in said indictment, because, trusting that they are not guilty of said charges, or any of them, nevertheless they say that the grand jury which returned said bill of indictment into court as a true bill, was not composed of persons authorized by law to act as such grand jurors, for that one W. A. Love was drawn, sworn and charged as one of said grand jurors, and constituted a member of the body of said grand jury, and as such, took an active part in the deliberations of said grand jury upon said bill of indictment, and concurred with his fellow grand jurors in finding the same to be a true bill; and that at the time he acted as a grand juror, he was not a citizen of the State of North Carolina, in the County of Union, in the Western District of North Carolina, and, during all of the time was an owner of property subject to taxation in the State of North Carolina, for both State and County purposes, and was liable to the State of North Carolina and said County for the State and County taxes upon said property, for each and every year of the period he owned said property, as aforesaid, including the year preceding that in which it is alleged that said bill of indictment was returned into open court, and for the year preceding that in which the State of North Carolina and the County of Union had, at the time it is alleged that said bill of indictment was returned into open court, as aforesaid, been last appraised and assessed; that the said W. A. Love, at the time he acted as such grand juror, and as such acted upon said bill of indictment, as aforesaid, had not paid his State and County taxes upon said property for the year in which he acted as such grand juror, as aforesaid, or for the year preceding that in which the State and County tax of the State of North Carolina and County of Union, had been last appraised and assessed, or for the year preceding the first Monday of June, A. D., 1905, the day on which the Commissioners of said County did, as required by law, se-

lect the names of persons to act and serve as jurors in the courts of the State of North Carolina, and this they, the said defendants, Old Nick Williams Company, N. Glenn Williams and D. E. Kennedy, are ready to verify.

Wherefore, they pray judgement of said indictment and that the same may be quashed and abated.

Five Jurors in Contempt.

Judge James E. Boyd of the federal court has entered a rule against the five jurors who, it is said, divulged certain secrets in the Williams case. The order and rule follows: In the District Court of the United States, of the Western District of North Carolina--At Charlotte.

The United States vs. Old Nick Williams Company, Glenn Williams and D. E. Kennedy--Order.

In this case, the indictment having been returned as a true bill by the jury at April Term, 1905, of this Court at Statesville, which said Grand Jury as appears of record, was duly sworn and charged as required by law; and it now being made known to the Court that J. L. Sherrill, C. F. Atwell, W. A. Cauble, A. M. Cruse, A. L. Kennedy, who were members of the said grand jury, and who were duly sworn by taking oath required by law as such grand jurors, and who were present, and acting as such grand jurors, and as members of the said grand jury at April Term, 1905, of the District Court of the United States for the Western District of North Carolina, at Statesville, as aforesaid, participated in the investigation of the charges set forth in the indictment, and together with the other members of said grand jury, heard the evidence of the witnesses sent upon the same, and considered and passed upon the evidence and the matters charged in said indictment, which was returned, in open Court, as a true bill, and properly endorsed by the foreman, have, since the said term, and in violation of their oaths and obligations resting upon them, and each of them as members of the grand jury, disclosed, divulged and voluntarily made known to the defendants in the above case, and to the attorneys of the said defendants, or to some of them, and have voluntarily, and upon their own volition, made public their own counsel and that of their fellows, concerning the proceedings and occurrences before the grand jury in the investigation, consideration and action upon the said indictment; and did wilfully disregard the obligation and injunction of secrecy which was resting upon them, and which they were sworn to observe and keep. It is therefore ordered that a rule be entered against the said J. L. Sherrill, C. F. Atwell, W. A. Cauble, A. M. Cruse and A. L. Kennedy, grand jurors as aforesaid, and that the same be issued, commanding and requiring the said J. L. Sherrill, C. F. Atwell, W. A. Cauble, A. M. Cruse, and A. L. Kennedy, grand jurors as aforesaid, to appear before this Court, now sitting in Charlotte, on the 22d day of June, 1905, and then and there show cause, each of them, if any he have, why he should not be attached for contempt of Court.

The Clerk will enter this order and certify a copy under seal for service upon each one of said grand jurors; and that the delivery of such copy to the grand jurors shall be sufficient service of this rule.

This the 19th day of June, 1905. A true copy; Teste: H. C. COWLES, Clerk. JAS. E. BOYD, U. S. Judge.

Mid-August the Time. Date of Peace Conference in Washington Has Been Finally Decided Upon. By Associated Press.

Washington, June 19.—Russia and Japan have tentatively decided to appoint their plenipotentiaries to represent them in the Washington conference. M. Nelidoff, it is understood, has already accepted the chairmanship of the Russian commission and is being consulted about the selection of his associates, but Washington has not heard yet whether Marquis Ito's health will permit him to come as the ranking Japanese plenipotentiary. The belief here is that Field Marshal Yamagata will be designated in Ito's place, should the marquis be unable to accept. It is expected that the conference will convene here about the middle of August.

Pending the official announcement of the plenipotentiaries little progress toward the arrangement of an armistice is being attempted on either side. Japan will not take the initiative in requesting an armistice. It is improbable, however, that she would insist on Russia's making the request. It is generally expected that when the missions have been announced, the President will suggest to the belligerents the advisability of a limited truce, and that this suggestion will be accepted. Instructions will then go to Linevitch and Oyama to sign an armistice. The whole question of an armistice has been informally discussed at the White House, and the belief in diplomatic circles is that there will not be a hitch on this score. Japan prefers that the armistice shall be signed in the field by the Russian and Japanese commanders and there are indications that this will find approval in St. Petersburg.
