Special to The News.

Salisbury, Feb. 8.—Henry, the young noon by one of the radiators which are being installed in the Hotel Vanderford, falling over on his leg. He was carried home and medical attention given him.

The funeral of young Dave Ide was held from the Episcopal church yesterday afternoon. This young boy was a unique character, had spent the greater portion of his 16 years around the printing offices of the city, and was regarded as a typical printers "devil." He looked no more than 11 years of age, but was exceptionally bright. The employes of the Post sent a huge floral wreath as a token from them. Every printer or any one who has been connected with a printing office in Salisbury knew "Dave."

The County Board of Education for Rowan, at the request of a majority of H. Jordan & Co. of its great superiorthe taxpayers of Mt. Ulla township, will call an election in that public school district to vote on a special school tax. It will carry by an overwhelming majority. It is said a \$1,000 school building will be erected in this district.

It is a singular fact, but true, that there is not a single colored inmate in the county home of Rowan. As a general thing the negroes are in the majority at this home, but they have a good record at present.

Rowan Superior Court opens Monday with Judge Council presiding. There are no cases of any vast importance to come up at this time. This in which a capital case does not appear on the docket.

Mr. J. Ed. Dorton, a popular salesman at Smoot Bros. and Rogers, and Miss Annie Hutchinson, one of Salisbury's most estimable young women. were married last night at the home of the bride on West Council street.

Mr. Carl Hammer and bride, nee Miss Mary McCanless have gone to Cincinnati, their future home. Mr. Hammer is city editor on one of the leading city papers in that city.

A number of Salisbury people have had to pay \$10 fines recently for violating the postal laws in inclosing notes or letters in packages and not paying first-class postage rates on said packages. Most of these violations occur in sending tags or wrappers in exchange for premiums and stating in the package the premium wanted. The latest one to fall under the inspectors trace was a well known woman. Another thing that is receiving attention is the post card craze. Some very ugly cards find their way in the mail and only yesterday a young lady of the city received a very insulting card by mail. It will likely be turned over to the postoffice authorities for investigation.

The followers in this city of the Re publican organization are much elated over the appointments of Holton, Millikan, et. al. and are now confident that Mr. A. H. Price will easily land the Assistant District Attorneyship. The Blackburnites, however, think the next time the President bobs up in the North Carolina arena, he will be on their side. It's just a game of guess. In the meantime all aspirants for the Salisbury postoffice are sawing wood and wondering. It must be an awful

Who Gets the Plum?

While a few pessimists waste time prating about fictictious values in real estate, we notice that the "world do move," especially that part in and near the Queen City. While they are prating the man with faith and his eyes open gets the plum. Here are two to pick up, 25 acres, ½ wood, new 5-room house, long macadam frontage. Another just it, only 50 acres and 6-room house; both on easy terms; both the best in their class, and their class is the best. Other farms, city and suburban property.
