"THERE'S A CURE FOR RHEUMATISM!" Not the mere temporary relief that the old "remedies" gave. not the little help that the doctor's prescriptions give: but ABSOLUTE AND COMPLETE CURE. That is what Rheumacide does. Rheumatism is caused by an excess of uric acid in the blood. It is an internal disease and requires a strong and vigorous internal remedy that will cleanse the blood of all its germs and yet act through such natural methods that it builds up the entire system. She was singing: "We'll Work Till Jesus, Comes." -Ex.
