McKAY COMPANIES REPORT.

Annual Meeting of the Trustees of This Big Corporation. New York Feb. 16.—The annual report of the trustees of the McKay companies was issued yesterday and states that the companies own a part of or all the capital stock of 74 prosperous cable, telephone and telegraph companies in the United States and Canada, the Commercial Cable and Postal Telegraph systems.

The report further states that the McKay company's is one of the largest stockholders in the American Telephone and Telegraph Company known as the Bell Telephone Company, which for 20 years has owned and operated a telegraph system in Minnesota, Wisconsin, Iowa and Illinois. The report shows that the McKay companies have no debt; that there are \$40,645,000 preferred shares and \$41,389,400 common shares. During the past year \$4,676,900 preferred shares have been issued in exchange for shares in other corporations paying as much or greater dividends than corresponding dividends on the McKay preferred shares. The report states that the income of the constituent companies is largely in excess of the amount required to pay the McKay companies' dividends. The excess is used for extensions and reserves. The trustees state that they confine themselves in their investments to first-class cable, telephone and telegraph stock. The laying of the fifth cable in the Atlantic Ocean and the establishment of cable communication with Newfoundland, and the laying of the new cables to China and Japan are referred to.

The trustees are Clarence H. McKay, William W. Cook, George G. Ward, Dumont Clark and Edward C. Platt.

Eat what You Like

Don't Starve or Diet, But Use Mi-na and Cure Your Stomach Troubles. The average treatment of stomach troubles consists of a rigid diet list, which often half starves the patient. Of course it would be foolish for anyone who knows that some foods are positively harmful and poisonous to continue eating them, even while following the Mi-na treatment, but in ordinary cases of stomach troubles it is not necessary to starve or diet if Mi-na is faithfully used, a tablet before each meal.

This scientific remedy for the cure of stomach troubles, acts upon the whole digestive system and strengthens the organs so that they are able to digest any food that is eaten without fear of distress. Woodall & Sheppard have so much confidence in the power of Mi-na to cure stomach troubles and resulting ills, that they give a guarantee with every 50 cent box to refund the money unless it cures.

If not convenient to obtain Mi-na of Woodall & Sheppard or some other retailer it will be sent by mail postage prepaid on receipt of price.
