

MOZLEY'S LEMON ELIXIR

For 1/2 of a Century has been curing people of that almost universal disease, **CONSTIPATION.**

as well as all other troubles caused by a torpid liver. It is a purely vegetable compound, pleasant in taste, mild in action, thorough in results. Good for baby, parent or grandparent. If you have never used it, speak to your neighbor.

SENATOR REED SMOOT.

The First Commandment.
They had a long and heated discussion on some abstruse theological question. One was a sort of preacher and the other a rounder rather notorious for his unfamiliarity with things spiritual and religious.
"You don't know as much as I do about this question," said the preacher. "You see, you are not up on the Bible like I am, and you are at a disadvantage."
"But I am sure I know as much Scripture as you do," retorted the rounder.
"You can't repeat the First Commandment to save you from the pit," came back the preacher.
"Indeed I can," snapped the rounder. "It says: 'Thou shalt not argue with a blamed fool,' and I am going to make a noise like observing it right quick, too."

Cracker-Barrel Philosophy.
Some farmers around Asher on poor land make more money than other farmers do on good land, says the Shawnee (I. T.) Herald. One man who came here three years ago with good health and 57 cents, now owns 160 acres free from debt, while another who came here with \$2,000 in money at the same time is preparing to let a money shark foreclose on his half-section and leave the territory. A cracker-barrel philosopher the other day explained the difference by remarking that as a bread-winner a bob-tailed mule always beats a bob-tailed fish.

Your stomach churns and digests the food that you eat and if foul, or torpid, or out of order, your whole system suffers from blood poison. Hollister's Rocky Mountain Tea keeps you well. 35 cents, Tea or Tablets. R. H. Jordan & Co.

Most people would far rather listen to undeserved praise than to merited criticism.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Charlotte People.

As one link weakens a chain so weak kidneys weaken the whole body and hasten the final breaking down. Overwork, strains, colds, and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency toward diabetes and fatal Bright's disease. There is no help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Charlotte cures are the proof.

H. H. Hudson, miner, of 417 E. 15th street, says: "Doan's Kidney Pills which I got at R. H. Jordan & Co's drug store did a wonderful amount of good for my back which had been troubling me for a long time past. It ached so badly that often I was unable to work. The pills cured it and I have not had a backache since using them."

MILLION DOLLAR WILL BROKEN.

Court Revokes Adoption of Stepson by Woman Who Flew Mysteriously.
Salem, Mass., Feb. 22.—Judge Harmon to-day set aside the \$1,000,000 will of Mrs. Janie P. Chase, of Swampscott, and revoked the decree of adoption wherein DeForest Woodruff Chase, son of the woman's husband, Dr. Horace Chase, was made Mrs. Chase's heir.

Mrs. Chase died under queer circumstances. It was officially decided that she had committed suicide, but the inquest was reopened and is still pending.

Relatives contested the will and evidence showed that undue influence, threats and coercion were used to secure the adoption and the will.

Dr. Chase was a widower, and DeForest Chase was his only son. The latter died a few months after he had inherited the property of his foster mother.

BUILDING DESTROYED.

Big Memphis Building Laid Low By Fire.—Loss \$200,000.

Memphis, Tenn., Feb. 22.—The four upper floors of the Equitable Life Assurance Society office building at the corner of Jefferson and Main streets were burned out by a fire last night which originated in a storage room adjoining the offices of the Bradstreet's agency on the second floor of the building. The loss is estimated at \$200,000. The fire was discovered about 9 o'clock and within a few moments the entire upper floors of the building were in flames.

At 11 o'clock the fire was well under control and confined to the upper floors. The building was built in 1889 at a cost of \$150,000. It is situated in the heart of the business district and was occupied almost exclusively by attorneys as offices.

There is nothing calculated so completely to take the humility out of a man who blames himself as agreeing with him.

FIENDISH SUFFERING.

Is often caused by sores, ulcers, cancers, that eat away your skin. Wm. Beechell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. See at Woodall & Sheppard's drug store; guaranteed.

GIANTS GO TO MEMPHIS.

Manager McGraw Notifies His Men to Report There March 1.

New York, Feb. 22.—Manager John McGraw, manager of the New York National League baseball team, yesterday completed the final arrangements for the Giants' spring training trip by notifying his players to report at Memphis on March 1. Twenty-six men will take part in the training at Memphis.

Those that will leave the city next Tuesday are McGraw, Secretary Fred M. Knowles, Christy and Henry Mathewson, Mike Donlin, Billy Gilbert, Bill Dahlen, George Wiltse, Fitzgerald, and Trainers Henry Tutthill and "Jeff," the giant rubber, who will help Tutthill.

Secretary Knowles sent out the players' contracts last week. Those of Ames, Marshall, Elliott, Breshnahan, Gilbert and Donlin were received at headquarters yesterday, and it is expected that the men will all be in line by the end of the week.

Doc Newton's signed contracts were received yesterday by Manager Clark Griffith, of the Highlanders, Newton was not in condition last season to do his best owing to a severe attack of diphtheria he passed through last spring in California. Newton writes that he has entirely recovered and will be as good as he was in 1904, when he was the leading pitcher of the Pacific Coast League.

Griffith has begun to weed out his surplus material, preparatory to the Highlander's Southern trip. The following players have been released: McCarthy and Goode, to Montreal; Montgomery and Clark, to Birmingham; Smith to Atlanta; Duggan to Nashville; Baker to Toronto, and Kissinger, McAllister and Bonner, to Buffalo.

HENRY M. MOORE DEAD.

He Was Widely Known as a Religious Worker.

Northfield, Mass., Feb. 22.—Henry M. Moore, formerly of Somerville, widely known through his connection with the national and international work of the Young Men's Christian Association and other religious enterprises, and an associate of the late Dwight L. Moody, died here today aged 75 years.

For more than 60 years Mr. Moore had been a member of the Franklin Congregational Church of Somerville, and since the early 60's he had been identified with the councils both of his denomination and the Young Men's Christian Association. Since 1868, when he first was a delegate to the International Convention of the Y. M. C. A. at Detroit, he had participated in nearly every national and international convention of the Association.

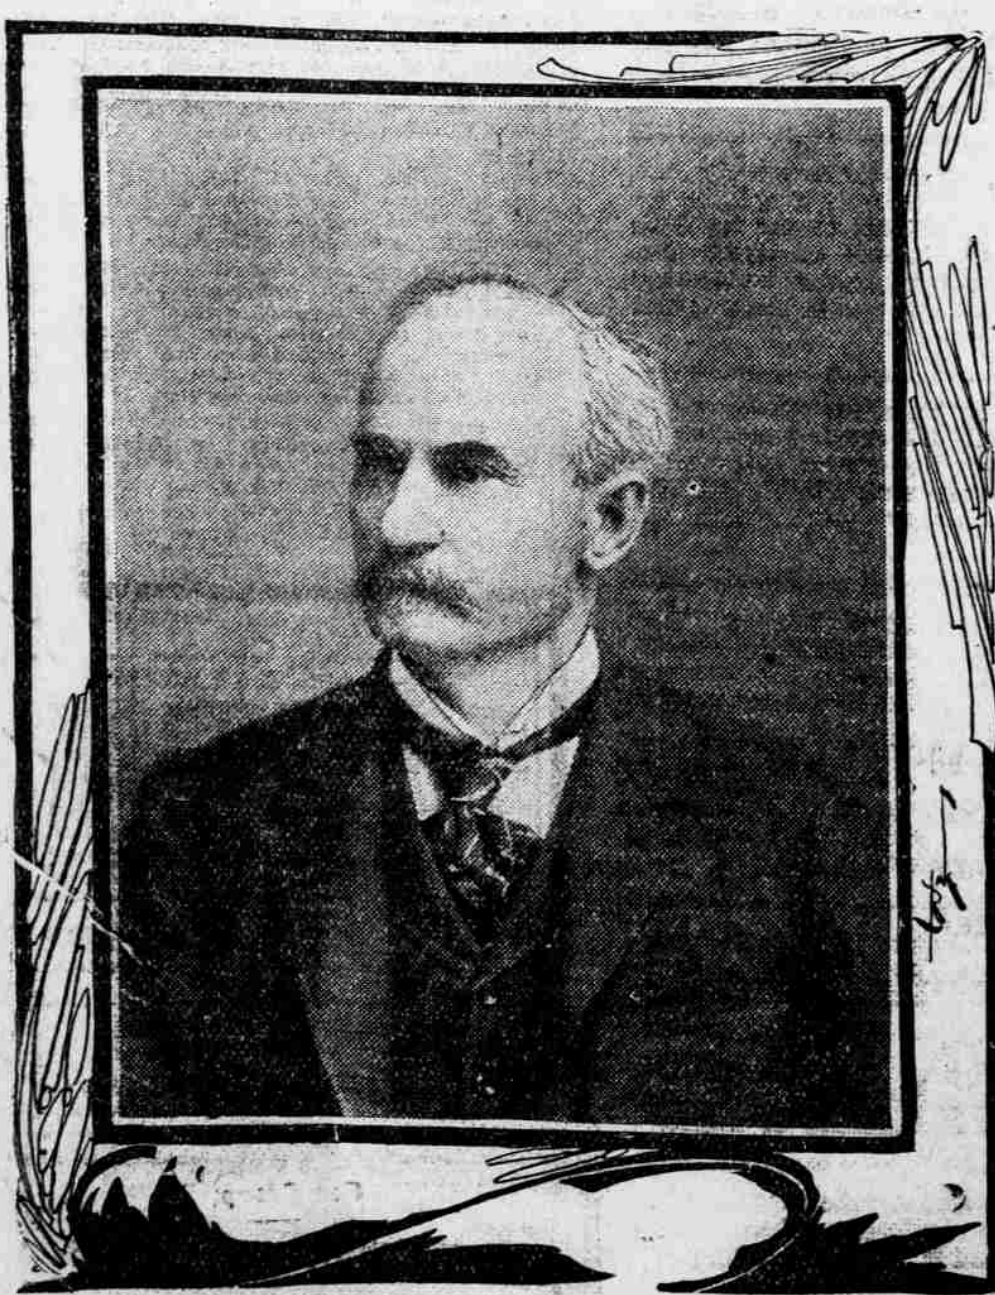

For more than 30 years he was the warm personal friend of the late Dwight L. Moody and he became active in many of the Moody enterprises, and especially those at Northfield. He was trustee of both the Girls' School at East Northfield and of the Mount Hermon School for boys.

A Mystery.

From the Philadelphia Ledger.
The 15,000 Washington department clerks, more or less, who happen to be in debt, say that they cannot live on their salaries. Who can explain the intense eagerness for a government job?
