

GOVERNOR GLENN DECLINES PARDON TO ARTHUR BISHOP

He Says That Bishop Should Feel Thankful, that he was Sentenced by Such a Merciful Judge as is Judge Walter H. Neal, who Heard the Case.

While Feeling Deeply for the Poor Wife, Mother and Little Child, the Chief Executive Says he Can Find no Merit in the Plea for Pardon.

Governor Robert B. Glenn, has declined to pardon Arthur L. Bishop, who is serving a five years sentence in the penitentiary for killing Mr. Thomas Wilson in Charlotte, last December, three years ago. In declining the pardon Governor Glenn says that, in his judgment, the sentence of five years was very mild and that Bishop should be thankful that he was sentenced by a very merciful judge.

"I can see no merit in his case," says the Governor. For, while I feel deeply for his poor wife and mother and his little child, the prisoner, himself, did not consider them when he was passing off as a single man."

Some weeks ago Arthur L. Bishop applied for a pardon and at one time it was thought best, by some of his friends, that a petition be circulated for signatures in Charlotte. This however, was abandoned.

The plea for a pardon was published according to law, and Governor Glenn, has since that time, had the matter under consideration. Today, in Raleigh he announced that he would not issue the pardon, giving the above named reasons.

The crime for which Arthur L. Bishop was convicted, was the cause of considerable excitement in Charlotte, both at the time of the tragedy and at the trial. Bishop was represented by some of the ablest lawyers at the Charlotte bar and when convicted Judge Walter H. Neal sentenced the prisoner to five years in the State penitentiary.

Once since his confinement the prisoner, through his devoted wife, has sought a pardon for her erring husband. Governor Aycock declined to grant the request, just as Governor Glenn has done. It now seems certain that Bishop will have to serve his time out, which is now a little more than a year.

The Press Story.
Raleigh, March 13.—Governor Glenn has declined to grant a pardon to A. L. Bishop, the Virginia traveling man, who was convicted of manslaughter at Charlotte in 1905 and sentenced to the penitentiary for five years. Bishop was calling on a daughter of Thomas Wilson when Wilson appeared and ordered him to leave the house. Instead of leaving, there was a fight in which Wilson was killed. The wife of the prisoner presented the application for pardon.

TROUBLE OF COUNTESS.

Countess Boni De Castellane and Count Boni May Separate Entirely.
By Associated Press.
Paris, March 13.—Countess Boni De Castellane asked permission to amend the proceedings in her application for separation from her husband, so that the decree will give her absolute divorce.

The application asked for a separate domicile and custody of children pending the legal proceedings.
The court directed the Count and Countess to appear together for the purpose of interrogating them concerning the possibility of reconciliation. Their joint appearance will occur in four or five days, but it is not expected to yield favorable results as the parties are determined to terminate their union.

CONSIDER HAZING AT ANNAPOLIS.

The Sub Committee Named by the House Committee on Naval Affairs for the Purpose of Investigating Hazing Make their Report.
By Associated Press.
Washington, March 13.—The sub-committee named by the House committee on naval affairs to investigate the hazing at Annapolis, made its report to the whole committee.

Rear Admiral Brownson is censured for exacting a pledge from the midshipmen not to engage in hazing and for allowing the boys to think the pledge was personal to him and did not hold after Rear Admiral Sands became superintendent at Annapolis. Lieut. C. P. Snyder is also censured mildly for having countenanced hazing.

Graduated punishment for hazing is recommended by the sub-committee which is firmly of the opinion that the present system of expelling all midshipmen found guilty of hazing is vicious. Rear Admiral Sands and other officers now at the Academy are praised for the discipline they are maintaining and the report shows that the cadet officers have been chiefly responsible for the hazing.

CHARTER GRANTED CHARLOTTE CO. AT CAPITAL OF \$100,000

Secretary of State Issued Charter for Union Trust and Guarantee Co. at an Authorized Capital of \$100,000. The Incorporators are Charlotte Men.

A Rural Public Library Now in Every County of the State. Concerning the Appalachian Forest Reserve, Sudden Death of Woman.

Special to The News.
Raleigh, March 13.—The Union Trust and Guarantee Company of Charlotte with an authorized capital of \$100,000, has been chartered by the Secretary of State.

The incorporators are Messrs T. W. Wade, E. A. Smith, and C. D. Bennett, all of Charlotte.
Governor Glenn grants a pardon to Ernest Davis of Rowan County serving two years for an attempt to burn a railroad car in 1905. There was doubt as to whether the prisoner really intended burning the car.

He is Canadian and desires to return to Canada. Another pardon was granted to Lantz Laporte, of Catawba county, serving 12 months on the roads for an assault with a deadly weapon. His hand had to be amputated and is in bad condition.

A charter was issued for the Bank of Wallace, Duplin county, at a \$50,000 capital authorized and \$5,000 subscribed, by S. A. Boney and others.

Another bank charter is for the Bank of Dover, Craven county, at a capital of \$25,000, authorized and \$5,000 subscribed, by W. B. Blanford and others.

The Piedmont Brick Co., of Lowell, N. C., was chartered at a \$100,000 capital, by A. D. McLenn and others.

The Hardy Hardware Co., of Scotland Neck, was chartered at a \$50,000 capital, by Ira M. Hardy and others.

The Asheville Veneer Co. was chartered at a \$40,000 capital, by F. R. Grant and others.

A fire last night destroyed the old Seaboard Air Line and Raleigh cotton mill platform and warehouse north of the city, the loss being about \$5,000 covered by insurance.

Governor Glenn will leave the city Wednesday morning and be away all the remainder of the week. Wednesday he will deliver an educational address at Pleasant Garden, Guilford county, the occasion being an educational rally. From Guilford he will go to Charlotte as the guest of the Greater Charlotte Club. Then to Fayetteville where he will deliver an address especially for the young men of the city—his noted address on "Is The Young Man Safe?"

Governor Glenn has given out a statement to the effect that as chairman of the committee named by the Forest Reserve Congress at Charlotte recently he has written to the Governors of Maryland, Virginia, West Virginia, Tennessee, North Carolina, South Carolina, Georgia and Alabama and Florida, asking them to appoint committees of five for each of the States to go to Washington in the interest of the forest reserve.

As all the States send in their committees he will fix the date for the delegation to appear before the House committee in Congress and will go in person with the committee to Washington.

Governor Glenn is deeply interested in the movement. It is not generally known but it is a fact that the hearty endorsement which President Roosevelt gave to the forest reserve movement on the occasion of his visit to Raleigh and at other places on his southern trip last fall were at the solicitation of Governor Glenn.

When he visited the president just before his southern tour, President Roosevelt asked him if there was anything that he wished him to treat especially in his speech at Raleigh and Gov. Glenn told him yes. That he would consider it a special favor if he would say something special about the forest reserve movement.

Governor Glenn says he is informed that the national senate is all right on the question but there is danger of a block for the bill in the House. This is the reason he is arranging for the committee from the states interested to appear before the House Committee.

For more than twelve months there has been only one county in the State which has not had in its borders at least one rural public school library. This was Clay county, in the extreme western section of the State. However the State department of education this morning received an application from the county superintendent of Clay for the State appropriation for a library so that in a very short time now there will be at least one library in every county. The basis on which they are established is for the community to raise ten dollars, the county commissioners donate ten dollars and then the State, under the special act of the legislature appropriates an additional ten dollars, making thirty dollars.

There are now in the State about 1,400 of these libraries distributed through the State.

Mrs. W. H. Hood, while in the front yard of her residence on East Martin street this morning suddenly fell dead in her tracks. She was seen to topple over by members of the family in the

house but she was dead before aid reached her. Death seemed to have been instantaneous. She was the widow of W. H. Hood who committed suicide here two months ago under revolting circumstances. It will be recalled that he, in company with an abandoned woman drank about two dozen vials of cyanide on Saturday night and was found Sunday about noon dead in bed. Mrs. Hood had been in poor health for a number of years but was thought to be much improved. Her sudden death is attributed to disease of the heart.

HOSPITAL FOR RUTHERFORDTON.
Noted Philadelphia Capitalists to Erect a Large Hospital and Sanitarium at Rutherfordton.
Special to The News.
Rutherfordton, N. C., March 13.—Two noted Philadelphia surgeons and capitalists this evening closed a deal with the town of Rutherfordton for the old Rutherfordton Military Institute building, and grounds, the consideration being \$1500. The deal was made through Mr. John C. Mills, their representative, the parties themselves not wishing to be known in the transaction at this time. They propose to erect an up-to-date hospital and sanitarium on the property, to cost \$25,000, which will be fitted up with the very latest conveniences, electric light plant, water works, etc. The improvements will be begun at once and will be completed by the first of September when the institute will be opened up. The gentlemen interested are very wealthy and have ample capital back of them.

While Rutherfordton would be an ideal situation for a sanitarium for consumptives, we are assured that patients of this class will not be taken. It is the purpose of the gentlemen to advertise the hospital extensively in the Northern and Eastern cities where they are well known. We are also informed that sites were offered them at Asheville, Hendersonville and other points, but this was considered the finest climate and best location that they could find for the institution. Rutherfordton is indeed fortunate in securing such an enterprise and will look for great things to come from it.

TOWNSEND JOINT RESOLUTION.
House Committee on Inter-State and Foreign Commerce Make Favorable Report on Resolution.
By Associated Press.
Washington, March 13.—The House Committee on Inter-State and Foreign Commerce decided to make a favorable report on the Townsend joint resolution providing the appropriation of \$50,000 to enable the Inter-State Commerce Commission to investigate railways and monopolies under the Tillman-Gillespie joint resolution.

The Townsend resolution also corrects other defects in the Tillman-Gillespie resolution pointed out by the President.

NEW WAGE SCALE OF SO. EMPLOYEES ACCEPTED BY MEN

Conferences Met in Washington Where Much Work Had to be Done. No Maximum or Minimum Limits were Let but Substantial Increase Expected.

Telegraph and Station Agents Pretty Generally Satisfied with Result First Scale Ever Adopted by the Road. Men Increased for Merit.

By Associated Press.
Washington March 13.—The committee of five representing the telegraphers and station agents of the Southern Railway last night agreed to accept the wage scale of that road.

The scale, as agreed upon, does not contemplate a minimum or maximum wage but has been adjusted with a view of fitting each individual case. In announcing a settlement has been effected H. B. Perham, President of the Order of Railway Telegraphers said:

"The committee representing the telegraphers and station agents are very well satisfied with the scale agreed upon. While some employees have grown a little impatient since negotiations were opened with the Southern on December 7, those having direct charge of matters knowing the immense amount of work necessary before an acceptable scale could be agreed on, have nothing but words of praise for the officials of the Southern."

"This is the first schedule that has been put in effect on the Southern, and in fact, in such cases we prefer that to begin at the bottom."

"The wage scale, as agreed upon, will be perpetual unless a change is desired, and then notice of thirty days is required before any action can be taken."

"As there was no maximum or minimum scale fixed, it would, of course be impossible for me to state just what the increase in wages will amount to. In fact, in such cases we prefer that such information would be given out by the company. But from the fact that by the committee is satisfied, you can easily draw the conclusion that substantial increases have been granted solely on individual merit."

H. B. Spencer, General Manager of the Southern Railway, when informed that the committee had accepted his proposal, stated that the schedule submitted by the Company had for its object a general readjustment of wages along the entire Southern Railway Lines.

HAYES CASE NON-SUITED.
The Shaw Case Is Now Being Heard in Superior Court.

At the conclusion of the evidence for the plaintiff in the case of Samuel Hayes against the Southern, counsel for the defendant that a non-suit be taken. This motion was argued by Col. W. B. Rodman and Mr. L. C. Caldwell for the defendant company, and Messrs. A. G. Manum and James A. Bell for the plaintiff.

Judge Bryan decided that the case should be non-suit, therefore the defense put up no testimony. As The News stated yesterday afternoon, Samuel Hayes, a negro, brought suit against the Southern for \$10,000 damages because of the loss of a leg, at King's Mountain, in May, 1903. The case was non-suit in Mecklenburg court and an appeal was taken to the Supreme Court, which court remanded it back to the lower court without an opinion.

It seems that Hayes accepted \$125 from an agent of the Southern. The negro claimed that the road's agent said he would be paid \$125 and get a life-time job with the company, at a salary of \$25 per month. The defendant company admitted paying the \$125, but said there was no contract for a life-time job.

This afternoon the case of Mrs. Bessie Shaw against the Seaboard Air Line was called. This is a damage suit for \$25,000. Mrs. Shaw alleges that she was permanently injured by the negligence of the defendant company. She is represented by Stewart and Judge Armistead Burwell and Mr. E. T. Cansler.

JOHN WILLIAMS MARRIES.
New York Banker Takes Authoress for Wife—Will Tour Europe.

Fall River, Mass. March 13.—Mary J. MacDonald, daughter of Mrs. Edward MacDonald, a graduate of the city high school and of Radcliffe College, and a writer of note, was married in New York at St. Francis Xavier's Church on 16th Street last Saturday by the Rev. Father VanRensselaer, S. J., to John Williams, senior partner of John Williams & Co., bankers and brokers, at No. 41 and 45 Wall Street, New York.

Mrs. Williams was the plaintiff in a breach of promise suit against Patrick Kieran, superintendent of the local water works system, getting a verdict of \$20,000. The couple will sail for Europe shortly.

Mr. Ed. Overcash, the contractor, is building a handsome cottage on Elizabeth Avenue, next to the Misenheim residence.

Here she has two sons, in Charlotte she has a brother and three sisters. She will make her home there with her sister, Mrs. W. H. Caudle.—Gastonia Gazette.

TO ATTRACT TOURISTS.
Efforts Being Made To Attract Tourists To North Carolina Mountains.—Effort to Stop Wrestling Matches. Asheville, March 13.—An active campaign has already been begun by the Asheville board of trade to turn to this city the northward travel of Florida tourists which has already begun. Last year the board of trade adopted the policy of actively advertising Asheville in the Florida resorts and as a result the city enjoyed one of the most prosperous seasons in its history.

Secretary W. F. Randolph has gone to the Florida resorts where he will superintend the distribution of matter descriptive of this city and will lend his personal efforts to the calling of this city to the attention of the tourists now making ready for their annual migration northward.

Already the movement has begun and an unusually large number of strangers for this season of the year are in evidence here.

A buffet service was yesterday added to the chair cars between Asheville and Augusta, and the railways will make every effort for the attraction and accommodation of passenger travel.

Hardy Chambers, a prominent farmer of the Reems creek section of Buncombe county, was Friday night knocked down by a shifting engine in the yards of the Southern Railway here and sustained injuries the nature of which are not yet fully known to the physicians. In addition to these possible internal injuries, he was badly shocked and bruised.

BILL PROHIBITING NATIONAL BANKS CONTRIBUTING CASH

To Campaign Committees for Election Purposes. Measure Now Before Senate Comm. and if Thought Inefficient It will be Doctored to Suit the Case.

Tillman Offers to Give Comm. Names of Banks with his Informants who Gave \$15,000 or More for Campaign. Comm. Says Contributions Shall be Felony.

By Associated Press.
Washington, March 13.—The senate committee on privileges and elections instructed the sub-committee, consisting of Senators Foraker, Knox and Bailey, to examine the several bills before the senate to prohibit national banks from contributing money for campaign purposes and report whether, in their opinion, any of these measures, if enacted into law, would prevent such evils in the future.

The committee was instructed to draft a bill if the pending measures are not satisfactory.

The action taken is the result of a hearing given Senator Tillman today in support of his resolution directing an inquiry whether, since March 4, 1893, any payments have been made by national banks to carry on any political campaign. Tillman stated to the committee that he had positive evidence that certain national banks had made such payments but he declined to disclose his evidence. It was the opinion of the committee that such contributions should be effectually prohibited and there should be a law making it a felony for any officer of a bank to contribute funds of the bank to aid in any campaign.

Tillman informed the committee that in the campaign of 1896 he knew of one city where six or seven banks contributed to political funds, the entire amount aggregating \$16,000 or \$17,000. He said if the committee cared to enter upon an investigation he would give the name of the city, names of banks and the name of his informant.

Several members of the committee declared it would be unwise to enter upon a general investigation and the best policy would be to prevent such contributions in the future.

Government Powder Factory.
The Senate Committee on Appropriations has added an amendment to the Fortification Appropriation bill providing for a government powder factory.

The Senate passed a bill authorizing the Mobile Railway Company to construct bridges across the Dog and Fowl rivers in Alabama.

Senator Simmons addressed the Senate on the railroad rate bill. He gave practically all his attention to the right of Congress to confer upon the Interstate Commerce Commission the power to fix rates, contending that such right exists beyond a question.

SOCIALISTS CAUSE TROUBLE.
A Band of What is Considered Socialists Cause Much Discontent—An Organization Formed.

Paris, March 13.—Capitalists, promoters of industrial enterprises, and business men generally, here are very much worried by a socialistic organization which is gathering in numbers by the score, the majority of whom are ignorant cotton mill operatives past middle age.

The organization has been working secretly for some time and the minds of a great many working men have become inflamed with socialistic literature and solicitations of the so-called socialistic organizers working hereabout.

Two weeks ago the organization rented from Greenville Lodge, I. O. O. F. No. 65, the use of its hall for a meeting place. The Odd Fellows Lodge rented the hall under some misunderstanding or misrepresentation of the real character of the new organization, and at its last meeting rescinded its action, and barred its doors against the socialistic following.

Renting this hall and afterwards being denied the privilege of its use, caused the work of the socialists to become known here, since which time the leaders have been very active.

It is claimed that the local organization is a branch of the Socialist party with headquarters in Chicago. The cotton mill presidents are loathe to believe the organization here is a branch of any political party, but rather they believe that it is a secret organization with a purpose, no less than that of banding together a set of men, who may in time make a bold strike at capital.

The organization is strictly secret, which would indicate that it is not a branch of the Socialist party. The organizers are going to make other towns and cities in this section where cotton mill labor is employed. It is said that this is the first city in the south to have such an organization.

It may be after all that this is a branch of Socialism, which is rapidly growing all over the world, the real principals of which are said to be collective ownership, not only of land, but railroads, telegraphs, telephones, express companies, coal mines, oil wells, steel mills, sugar refineries, and the like, and to hold the balance in which is weighed political power.

MANY FUNERALS ARE BEING HELD TO-DAY

Streets Crowded with People Mourning the Loss of Loved Ones who Perished in Mine. List of Dead Now Estimated at 1,212.

By Associated Press.
Paris, March 13.—Hundreds of funerals are being held at the towns surrounding Courrières, where the mine disaster Saturday resulted in the loss of over 1,000 lives.

Snow has fallen, but the lines of the mourners fill every road, many of them carrying caskets as the numbers of hearses obtainable are insufficient. The company's latest figures show there were 1,212 victims.

ON CLOSER RELATIONS.
Committee Will Organize At First Church Tomorrow Morning at 11 O'Clock.

The delegates, representing the Reformed and Presbyterian churches in the United States, will arrive in Charlotte, tonight, organizing at the First Presbyterian church tomorrow morning at 11 o'clock. Rev. Dr. J. Preston Searle, of the Reformed church in America, of New Brunswick, N. J. will preside over the meetings as chairman and Rev. Dr. W. H. Roberts, of Philadelphia will act as clerk.

The sessions will be held in the main body of the church every morning and afternoon, the hour of meeting to be fixed by the committeemen at the session tomorrow morning. Owing to the revival services that are being held in the various churches in the city it is probably that there will be no evening session, all the business being transacted at the morning and afternoon sessions.

In honor of the delegates the ladies of the Reformed and Presbyterian churches of the city will give a reception tomorrow evening at 8:30 o'clock at the Presbyterian College.

All Presbyterian and A. R. Presbyterian ministers of the county and all ministers of all denominations in Charlotte, with their wives are expected at this reception. Besides this the invitation is general to all adult members of the Presbyterian and Associate Reformed Presbyterian churches of Charlotte, and to any members of the churches represented who may be residing in Charlotte.

FOR SHAW AND CHAMPAGNE.
Passaic Board of Trade Determined Both Shall Grace Its Banquet.

Passaic, N. J., March 13.—The Passaic Board of Trade is arranging for a banquet to be given April 3, at which Secretary of the Treasury Leslie M. Shaw will be the guest of honor and Governor Stokes and Senator Everett Colby will speak.

The new rules of the Passaic Club, where it was thought of holding the banquet, prohibit the serving of alcoholic beverages, and the only other suitable place is Frances F. Willard Memorial Hall, owned by the Woman's Christian Temperance Union. The Argonnean Club has no room large enough here is a suitable objection to the Chateau Speer, which has the only other hall.

The committee is unwilling to cut out the champagne and April 3 is rather early for an out of door banquet. The Passaic Theatre may be secured.

VIRGINIA UNIVERSITY.
Gets \$60,000 From Morgan and Miss Helen Gould.

Richmond, Va., March 13.—Announcement was made at the University of Virginia tonight of a gift of \$50,000 from Charles Steele, of J. P. Morgan & Company, now an alumnus, and of \$10,000 from Miss Helen Miller Gould, of New York. Both will be expended in the completion of the University Hospital, which, when finished, will constitute a chain of five buildings. Miss Gould's gift is to provide a ward for colored patients at the hospital.
