

### Nervous Women

Their Sufferings Are Usually Due to Female Disorders Perhaps Unsuspected

#### A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression "I am so nervous, it seems as if I should fly," or "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in woman is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability; spirits easily affected, so that one minute she laughs, the next minute weeps; pain in the abdominal region and between the shoulders; loss of voice; nervous dyspepsia; a tendency to cry at the least provocation—all these point to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes: "I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, headache, loss of appetite. I could not sleep and would walk the floor almost every night.

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me. "I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick, weak and discouraged, exhausted each day, when you can be as easily cured as other women.

Mr. Kirkpatrick Better. The news comes from Sharon today that Mr. R. C. Kirkpatrick is much better. He has been in a critical condition during the past week and his friends will be glad to know that he is improving.

### GEN. CARR COMING TO THE CELEBRATION

He Writes Major Leon that he and Staff will Attend the Big 20th, of May Meet this Year. Will do all in His Power to Help Things Along.

From all indications the reunion of Confederate veterans here the 20th of May will be one of the largest if not the largest ever held in this city. Major L. Leon, who has charge of this feature of the celebration has met with liberal response in his efforts to have a large number of veterans here on this occasion and has made great progress. In a recent letter to General Julian S. Carr, of Durham, asking him to issue a general order to North Carolina veterans to be here for the 20th, Major Leon received the following reply:

"I shall cheerfully do all I can to secure a full attendance of the North Carolina Veterans to help celebrate the 20th of May in your delightful town. We will talk this matter over with the

veterans here we meet them in New Orleans, and in the meanwhile I will forward your letter to Col. London, my Chief of Staff, and ask him to call attention to the matter by general order. "I am always most happy to visit Charlotte, and especially to help celebrate the great anniversary of American independence. I think you can count on at least my presence and that of my staff, and as many of the old veterans throughout the State as I can prevail upon to accompany me."

#### A TORPID THINKER.

The Frequent Result of Coffee Poisoning. A Toledo, O., business man says that for three years he had no appetite for breakfast; that about once a month he ate solid food at that meal, generally contenting himself with a cup of coffee and having no desire for anything else.

Coffee frequently plays this dog-in-the-manger trick; while it furnishes no nutrition itself, it destroys the appetite for food which is nutritious. The results was, in time, a torpid mentality, which was a distinct handicap in his business operations.

"Last Christmas," he says, "I consulted my brother, a practicing physician in Chicago, and he advised a diet of Postum Food Coffee instead of the old kind, and also Grape-Nuts food. Since that time I have followed his advice with most excellent results. My brain is active and clear in the morning when it naturally should be at its best; I no longer have the dizzy spells that use to make me apprehensive; I have gained materially in flesh and feel better every day."

"The Postum seems to be no less a food than the Grape-Nuts, and the two together fill all requirements. My wife has tried several of the recipes in your little booklet and we have enjoyed the result, but to my mind Grape-Nuts food is the best when served with sliced fruit and covered with cream." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book "The Road to Wellville," in pkgs.

#### RESOLUTIONS OF RESPECT.

At the last meeting of the Charlotte Retail Merchants' Association, a committee was appointed to draft suitable resolutions on the death of Mr. E. W. Mellon. This committee reports as follows:

He entered heartily into any movement that had for its object the advancement of the business interests of our city, and we feel that in his death the community has sustained an irreparable loss.

"We desire also to extend sincere sympathy to the bereaved family.

"2. That these resolutions be spread upon the minutes and a copy sent to the family. (Signed) "JAS. O. GARDNER, "JAS. T. PORTER, "A. B. JUSTICE, "Committee."
