

THE EASY OIL. Scott's Emulsion is "the easy oil"—easy to take, easy in action. Its use insures deliverance from the griping and nauseating sensation peculiar to the raw oil. Nobody who has any regard for their stomach thinks of taking cod liver oil in the old way when Scott's Emulsion is to be had. It is equally certain that no one having a regard for their health will accept a cheap emulsion or alcoholic substitute for Scott's Emulsion. It fulfills every mission of cod liver oil and more.

SCOTT & BOWNE, 409 Pearl Street, New York.

FUNERAL OF MISS McCALL.

Young Lady of Groveton Died Very Suddenly Yesterday Morning.

The funeral of Miss Fannie McCall, daughter of Mr. and Mrs. W. A. McCall, of Groveton, who died yesterday morning, took place from the residence yesterday afternoon, the services being conducted by Rev. A. L. Coburn. The remains were taken this morning to the old home place about eight miles from the city where the interment took place.

The death of Miss McCall was very sudden and unexpected. She spent Saturday afternoon in the city shopping and after returning home did not complain of feeling bad until about 4:30 o'clock Sunday morning when she called to her parents. She told them that she felt very badly and continued to grow worse until the end came at the hour mentioned above.

If health is wealth and money talks, For so the proverb runs, A fortune you may plainly see, In taking Rocky Mountain Tea. R. H. Jordan & Co.

TAKE TIME TO EAT.

Hurry at Meals Will Send You to Woodall & Sheppard's for Mi-na Stomach Tablets.

"Eat in haste and repent at leisure" is an old saying brought up to date.

Hurry at breakfast means a bad start for the day, and if you hurry all at the other meals, you will soon suffer with loss of appetite, sleeplessness, nervousness, furred tongue, speckled before the eyes, headache, backaches, weakness and debility; indigestion or other ills that are caused by an abused stomach.

Here in Charlotte, as in thousands of other places over the country, hurry at meals increases the druggists' business. Not a day passes that Woodall & Sheppard do not sell several packages of Mi-na stomach tablets to those who have ruined their digestion by not taking time to eat. Woodall & Sheppard have seen so many cures made by Mi-na that they sell it under an absolute guarantee that it will be successful in every case where it is used in accordance with the directions, that is, one tablet before each meal, and will refund the money to any one whom it does not help. A large box of Mi-na tablets costs but 50 cents if it cures; nothing if it fails.

If not convenient to obtain Mi-na of Woodall & Sheppard or some other retailer it will be sent by mail postage prepaid on receipt of price.

The R. T. Booth, Co., Ithaca, N. Y.

Unless a man is willing to take chances he never takes anything else that happens to be lying around loose. Burnett's Vanilla leaves a good taste in the mouth. It is pure and wholesome. Don't be cheated with cheap goods.

The Cause of Many Sudden Deaths.

There is a disease prevailing in the country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poison and blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may get a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention sending this generous offer in this paper.

Don't make any mistake, but remember the names Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

SEVERAL CHANGES ON THE SOUTHERN

A New Schedule will Go into Effect Sunday, April 29. Early Morning Trains Out of Charlotte Leave Still Earlier. Some Important Changes.

Mr. R. L. Vernon, of the passenger department of the Southern Railway, informs The News that several important changes of schedule will go into effect on the Southern, Sunday, the 29th of April.

All of these proposed changes are of interest to the traveling public and especially to Charlotte. The changes follow:

No. 35 will arrive at Charlotte at 10:15 p. m., and leave at 10:25 p. m. This slight change is made to receive connection from train No. 34 on the Savannah division.

Train No. 8, which now leaves Charlotte at 4 a. m., will be changed to leave at 3:30 a. m., arriving at Greensboro at 6:45 a. m.

Train No. 27, which now leaves Charlotte at 6:05 a. m., from Columbia, S. C., will leave Charlotte at 5:45 a. m., and arrive at Columbia at 10 a. m.

This change is made so as to connect at Rock Hill for Camden and other points on the Charleston division.

Trains 237 and 238, between Winston-Salem and Wilkesboro, will run daily, instead of daily except Sunday.

Schedule on the Asheboro branch will be made the same as last summer, except train No. 142 will be adjusted to connect with train No. 8 from Charlotte.

Trains 113 and 114, on the Charleston division, now operated between Kingsville, S. C., and Blacksburg, will be extended and operated through to Marion, giving double daily passenger service between Blacksburg, S. C., and Marion.

Train No. 35, on the Asheville division, will leave Salisbury at 9 p. m. instead of 8:50 p. m.

A new train will be put on between Salisbury and Asheville. This train will leave Salisbury at 6:30 a. m., and arrive at Asheville at 11:45 a. m., and returning, leave Asheville at 3:25 p. m., arriving at Salisbury at 8:35 p. m.

These trains will make all local stops that are now being made by Nos. 11 and 12.

Present train No. 11 will leave Salisbury at 9:15 a. m., and arrive at Asheville at 3:55 p. m. Train No. 12 will leave Asheville at 4:30 p. m., and arrive at Salisbury at 9 p. m. Nos. 11 and 12 will stop only at Statesville, Newton, Hickory, Morganton, Marion, Old Fort and Biltmore.

Train No. 16 for Taylorsville, which now leaves Charlotte at 7:10 a. m., except Sunday, will be changed to leave Charlotte at about 5:20 a. m., so as to connect with local train from Salisbury at Statesville, putting passengers into Asheville at 11:45 a. m., instead of 1:55 p. m., as present.

There may be some slight changes in the above figures in making up working time table.

Mr. Webb's Nominees. Mr. Thomas J. Pence in his correspondence to the News and Observer says:

"Representative Webb has made two nominations for midshipman at the Naval Academy, who will stand the mental examination for entrance at Annapolis, June 19th. A. Herron Sloan, of Davidson, is the first appointee, and three alternates are named in this order: C. C. Alexander, of Matthews; Walter L. Long, of Charlotte; C. C. Bost, Jr., of Hickory. The second nomination as midshipman is given to Jay L. Kerley, of Morganton, and the alternates are: Eugene T. Oates, of Charlotte, first; Richard C. Graham, of Charlotte, second; and Edgar W. Pharr, of Charlotte, third."

TRIES TO KILL HERSELF.

Girl Drives Needles Into Her Skull and Breaks Them Off—Many Other Attempts.

Denver, April 16.—After having vainly tried nearly a dozen different novel methods of committing suicide, Miss Mamie Hendricks, nineteen years old, drove needles into her head with a hammer, and after she had driven them as far as they would go, broke them off, leaving the broken pieces sticking in her skull. Later she took a butcher-knife and tried to bore a hole in her head with it. A record of the girl's various attempts at suicide follows:

July 23, 1902, drank half a pint of varnish; Oct. 2, 1902, drank concentrated lye; Sept. 25, 1903, took Peruna and ink; Jan. 14, 1904, drank concentrated lye; Oct. 25, 1904, eye-salve internally; Nov. 6, 1904, took hair tonic internally; Nov. 13, 1905, cut her forehead with a knife; April 12, 1906, pierced a hole in her head with a darning-needle and tried to bore a hole in it with a knife.

The latest attempt followed the ridicule of neighborhood boys after Miss Hendricks had injured herself by a fall down stairs. The girl fell down a cliff, her head striking on a rock, when young and her mind has never been clear since that time. Her recovery from yesterday's wound is doubtful.

The Royal School of Embroidery. Many of the most beautiful of the embroideries and laces purchased in London and Paris today are the products of the Royal School of Embroideries in Athens. It was a few poor Thessalian women, refugees in the Turco-Greek war of 1897, who formed the nucleus of the present flourishing and prosperous school, where the poorest and most unskilled of peasants are being trained to remarkable work.

The work is not confined alone to the parent school in Athens, but is being extended among the islands, where its educational influence has proved far-reaching. A full account of the founding, growth and fruits of the royal school has been prepared for the May Century by Anna Bowman Dodd, author of "Normandy Inns," etc.

CORDIAL INVITATION ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls.

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and periods were irregular. I had been to several doctors, and they did me no good."

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right."

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl. Address, Mrs. Pinkham, Lynn, Mass.

FUNERAL OF MRS. OWENS.

Conducted at St. Peter's Episcopal Church Yesterday Afternoon.

The funeral of Mrs. Alice Caldwell Owens, whose death occurred Saturday morning, took place at St. Peter's Episcopal church Sunday afternoon at 2:30 o'clock, the services being conducted by the rector, Rev. Harris Malnkrodt. The remains were interred in Elmwood.

The funeral was very large and many handsome designs were among the numerous tributes.

The honorary pallbearers were Mr. John Van Landingham, Dr. R. J. Breward, Mr. J. M. Sims, Mr. John Wilkes, Mr. H. C. Duckworth and Captain W. B. Taylor.

A WOMAN DOCTOR.

Was Quick to See that Coffee Poison Was Doing the Mischief.

A lady tells of a bad case of coffee poisoning and tells it in a way so simple and straightforward that literary skill could not improve it.

"I had neuralgic headaches for 15 years," she says "and have suffered untold agony. When I first began to have them I weighed 140 pounds, but they brought me down to 110. I went to many doctors and they gave me only temporary relief. So I suffered on till one day in 1904, a woman doctor told me to drink Postum Coffee. She said I looked like I was coffee poisoned."

"So I began to drink Postum and I gained 15 pounds in the first few weeks and am still gaining but not so fast as at first. My headaches began to leave me after I had used Postum about two weeks—I long enough I expect to get the coffee poison out of my system."

"Now that a few months have passed since I began to use Postum Food Coffee, I can gladly say that I never knew what a neuralgic headache is like any more, and it was nothing but Postum that cured me. Before I used Postum I never went out alone; I would get bewildered and would not know which way to turn. Now I go alone and my head is as clear as a bell. My brain and nerves are stronger than they have been for years."

Name given by Postum Co., Battle Creek Mich.

There's a reason. Read the little book "The Road to Wellville," in pkgs.

It has caused more laughs and dried more tears, wiped away disease and driven away more fears than any other medicine in the world. Hollister's Rocky Mountain Tea, 35 cents. Tea or Tablets. R. H. Jordan & Co.

SLOAN'S LINIMENT For Sprains, Strains, Cuts, Bruises & Burns

At All Druggists Price 25¢, 50¢ & \$1.00

Mr. Cunning—I have a great joke on my wife! I've just bought her a new hat for \$10, and had it sent home with a \$20 price mark on it. She'll never know the difference!

Mrs. Cunning (later)—Arthur, dear, I guess I would better buy my own hats after this. I could have done a good deal better for \$20. You've been awfully cheated. Why, I saw this very same hat in the windows with a \$10 mark on it.

JEST OF THE SEASON. The Hold-up—What do you want? The Hold-up—I want you to give up. It's Lent.

HE WAS THE GOOSE. Mrs. Justwed—But even if it did cost \$50, don't you think my Easter hat is perfectly killing?

How Rapid Life is Killing Our People.

UNPRECEDENTED NUMBER OF DEATHS RESULT FROM HEART DISEASE.

The fact that 125 persons died recently in one week in New York City, from heart disease, when the death rate the corresponding week in 1904 was only 56, has given rise to the belief among physicians that New York residents, and American people generally, for that matter, are living too rapidly. The strain of business and cares attendant on fierce competition and the worry attendant on anxiety to gain wealth are given an explanation by physicians of the conditions which exist to-day.

Doctors have established the fact that the nerve forces which control the stomach and the heart are so affected by the hurry of modern life that the stomach bolts their food in order to get on with their exciting careers. The young men now succumb to heart disease where a few years ago a case was rare when a person under 30 years of age died from this malady.

Women are also victims. This is attributed to the manner in which they worry over social engagements, also to over-work. Worry and excitement, together with the hurried pace of modern life, come to all in their daily life of bustle and hustle, are the principal causes which snap the heartstrings.

We Americans, both men and women, are living too fast. We work too hard and worry too much. How can the strain be best contracted and the damage done be quickly repaired? The answer is by honoring and assisting the stomach to do its duty in a more healthy manner. Thus will the blood be enriched, the nerves invigorated and the system strengthened and regulated.

Dr. Pierce's Golden Medical Discovery contains just the right ingredients to do this, as will be seen from what eminent medical authorities say in the following extracts composing it. To make the weakened stomach strong that it may properly digest the food and thus manufacture the rich red blood, Golden Seal, a prominent ingredient of the "Golden Medical Discovery" is pre-eminently the article needed.

The late Prof. John M. Scudder, of Cincinnati, the author of "Specific Medication," says of it: "It stimulates the digestive processes, and increases the assimilation of food. It cleanses the blood is enriched. The consequent improvement on the nervous and glandular systems are natural results." He further says: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic used in all debilitated states."

The UNITED STATES DISPENSARY says of Golden Seal root: "As a local remedy Hydrastis (Golden Seal) has a remarkable effect upon the mucous membranes. Used in gastro-intestinal (stomach-bowel) catarrhs. . . ."

"In its influence upon the nervous system this agent (Golden Seal), has stimulating properties, affecting respiration and circulation, imparting tone and increased power to the heart's action."

Then besides Golden Seal, which, according to the best medical authorities, stands at the head of all stomach and heart tonics and invigorators, there is Stone root (Collinsonia Canadensis), which enters largely into the composition of "Golden Medical Discovery," and it is an acknowledged stomach and heart tonic—especially superior to all other remedies in valvular and other affections of the heart. The late Prof. Wm. Paine, M. D., of Phila., says in his work on Concentrated Medicines:

"I not long since, had a patient who was so much oppressed with a valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia (the active medicinal principle of Stone root), and is now at Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y."

Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. R. V. Pierce, Buffalo, N. Y. The "Words of Praise" for the several endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Doctor Pierce's medicines are made of.
