

LITTLE BABY'S AWFUL HUMOR

Thin Skin Formed Over Body and Under it Was Watery Blood—When Washed it Would Burst and Break—Suffered for Weeks—Now Sound and Well—

CURED IN ONE WEEK BY CUTICURA REMEDIES

"When my little girl baby was one week old she had a skin disease. A thin skin formed over her body and under it was watery blood, and when she was washed it would burst and break. She was in that condition for weeks, and I tried everything I could think of, but nothing did her any good. When she was three months old I took her to San Antonio to see a doctor, but the doctor we wanted to see was not at home, so my sister gave me a cake of Cuticura Soap and half a box of Cuticura Ointment, and told me to use them, which I did in time, I used them three times, and the humor began to fade, and in one week she was sound and well, and it has never returned since. I think every mother should keep the Cuticura Remedies in the house. Yours truly, Mrs. H. Aaron, Benton, Texas, July 3, 1905."

WEEPING ECZEMA

"I have used the Cuticura Remedies for some years past. The Cuticura Soap is never without, and the Ointment is the finest in the world. It has done wonders in curing my little girl of weeping eczema. Respectfully, Mrs. J. E. Mersdorf, 310 W. 3rd St., Madison, Ind., June 27, 1905."

SLEEP FOR BABIES

Rest for mothers, instant relief and refreshing sleep for skin-tortured babies, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great Skin Cure, and purest of emollients.

CURIOUS CASE OF DESERTION

President Hears Story of South Carolina Youth who Deserted the Navy.

Washington, June 11.—President Roosevelt heard a curious story of the desertion from the United States Navy and an appeal on behalf of the culprit. The statement was made to the President by Senator Gallinger, of New Hampshire, on behalf of Senator Tillman, of South Carolina. Senator Gallinger was accompanied to the White House by Representative Johnson, of South Carolina.

A draftee time ago, J. Matthews Fortner, a mountain boy of Pickens county, South Carolina, became imbued with the idea of becoming a Baptist preacher. While in this state of exaltation, he encountered a recruiting officer of the Navy who suggested that Fortner enlist in the Navy and thereby obtain an all round education that would be of advantage to him in his clerical calling. Fortner enlisted with the idea that the Navy was particularly adapted to religiously inclined young men. He was sent aboard the Lancaster in 1903.

The young man soon decided that the Navy was not quite the place for a man inclined toward the ministry and deserted. He became a student at Furman University at Greenville, South Carolina. The police learned the history of his enlistment and arrested him. He is now in prison. The President listened to the story with deep interest. He suggested that the young man would have to stand trial for desertion and then all the facts would be developed. He promised to take up the case after trial and to ascertain what, if anything, could be done for Fortner in the way of leniency.

President Invited to N. C. By Associated Press. Washington, June 11.—Senator Overman, of North Carolina, extended an invitation to the President to visit Salisbury, North Carolina, on the Fourth of July, but the President was obliged to decline on account of another engagement.

CATARRH FROM CHILDHOOD.

Cured by Hyomei, the Only Medicine for Catarrh that R. H. Jordan & Co are Willing to Guarantee.

The popularity and growth of Hyomei are unique in the annals of medicine. The demand for the Hyomei outfit and the extra bottles in Charlotte has been something phenomenal, and R. H. Jordan & Co. say that they have never sold any other remedy which gave such universal satisfaction and made so many remarkable cures. The worst and most chronic cases of catarrh readily yield to the use of Hyomei. People who have suffered from childhood have been cured by this remedy. J. S. Nugent, treasurer of the American Union Insurance Co., New York City, writes: "Hyomei has completely cured my daughter of catarrh, from which she had been suffering for years."

So many remarkable results have attended the use of Hyomei amongst the customers of R. H. Jordan & Co. that they feel justified in using the strongest possible language in speaking of its virtues, and when you read that they refund the money if it does not cure, you will see that they fully believe in its curative powers. A complete outfit costs only one dollar, extra bottles 50 cents.

If not convenient to obtain Hyomei of R. H. Jordan or some other druggist it will be forwarded from the laboratory by mail on receipt of price. The R. T. Booth Co., Hyomei Bldg., Ithaca, N. Y.

THE LIBRARY ASSOCIATION.

Charlotte Would Like to Entertain the National Association.

The very unique undertaking of Charlotte inaugurating a strenuous fight to secure the annual meeting of the American Library Association in 1907 has been set going here by Mrs. Annie Smith Ross, librarian in charge of the Carnegie library. Governor Glenn, State Superintendent of Education Joyner, ex-Governor C. B. Aycock, Mayor McIninch and other distinguished men are backers of the movement.

The purpose of this movement as explained by Mrs. Ross is as follows:

A number of cities are already after the 1907 meeting of the American Library Association, and Richmond, Va., has offered the sum of \$11,000 already to get the gathering. It was deemed wisest to bring the meeting to the South and to select Asheville as the meeting place next summer on account of the reputation of the city North.

In order to make as sure as possible of securing what is desired Mrs. Ross and her assistants are sending personal letters to every member of the council of twenty-five and to the eight members of the executive committee of the American Library Association, urging them to select Asheville for 1907. The choosing of the place of meeting for next year will be made the latter part of the present month at Narragansett Pier, where Mr. Ross will go to attend the annual convention of the Association for 1906, which opens on June 30.

The 33 members of the council and executive committee are being sent personal letters, or copies of the same, from Governor R. B. Glenn, State Superintendent of Education J. Y. Joyner, President Venable of the University of North Carolina, President Charles D. McIver, of the State Normal, ex-Governor Charles B. Aycock, Mr. D. A. Tompkins, Mayor McIninch, the Asheville Board of Trade, and last but by no means the least important, the North Carolina Federation of Women's Clubs.

Copies of the letters of Governor Glenn who promises to attend the convention, and the Federation of Women's Clubs are given below:

Letter from Women's Club. Whereas, The library movement in the South has grown with unusual rapidity within recent years and at present would be greatly stimulated by the inspiration and encouragement which a meeting of the American Library Association in the South would give; and

Whereas, The City of Asheville, the most beautiful city in the far-famed "Land of the Sky," has expressed through its Association and other organizations its great desire that the American Library Association Conference for the year 1907 should be held within its borders; and

Whereas, The North Carolina Library Association, at its meeting in Raleigh, April 27-28, has expressed through its officers a similar desire; therefore be it

Resolved, That the North Carolina Federation of Women's Clubs join with these organizations in their most cordial invitations, with the sincere hope that the meetings will be most beneficial and inspiring; and be it

Resolved, That this Conference forward a copy of this resolution to the Secretary of the North Carolina Library Association, to be presented to the American Library Association at its next meeting, in June, at Narragansett Pier, Rhode Island.

MARGARET LOVELL GIBSON, Recording Secretary.

For North Carolina Federation Women's Clubs.

Governor Glenn's Letter. Governor Glenn's letter is addressed to the council of the Association and reads as follows:

State of North Carolina, Executive Department, Raleigh, N. C. It gives me great pleasure to join with the city of Asheville and with the North Carolina Library Association in urging you to hold your meeting for 1907 in the city of Asheville, and I can say to you that I know of no place that would be more pleasant or suitable for such a meeting than this beautiful city in the "Land of the Sky."

If you come, every consideration will be shown you, and if a welcome from the Governor of the State is necessary, in order to make you feel at home, it will give me great pleasure to be present on that occasion and extend you cordial greetings in the name of North Carolina.

With assurance of my high appreciation of the work in which you are engaged, I am

Yours very truly, R. B. GLENN, Governor of North Carolina.

RAIN TONIGHT.

Cool weather May be Expected to Continue Tomorrow.

Rain may be expected in this vicinity tonight and Wednesday. Observer Bennett says: "The southern low pressure area still continues over Florida, and rain has fallen generally over the south Atlantic and east Gulf states. Temperatures are below normal over nearly all sections of the country, due to the influence of an extensive high pressure area central over the Lake region. The Florida disturbance will probably move slowly northeastward during the next 36 hours, and rain may be expected in this vicinity tonight and Wednesday."

\$1,000 FOR ROCKEFELLER.

Offer of Paris Paper Made Son-in-Law Laugh. Paris, June 12.—A reporter of the Matin, with check for \$1,000 in his pocket, has been hunting for John D. Rockefeller in the hope of purchasing fifteen minutes' conversation with him. The amount the Matin expected to pay for his time was calculated on the supposition that his income is about \$4,000 hourly. Mr. Rockefeller's son-in-law met the reporter and refused his request with much laughter.

You buy a larger box, it holds more powder and so you economize when you use **SOZODONT** Tooth Powder. No Grit—Doesn't Scratch.

GREENSBORO NEXT PLACE.

Women's Conference Elect Officers and Then Adjourns.

The closing session of the Woman's Foreign Missionary Society was held yesterday afternoon in Tryon Street with a full attendance of delegates, the principal business before the meeting being the annual election of officers.

When the ballots were counted it was found that Mrs. Lucy Robertson, the former president, had been unanimously re-elected. Mrs. J. R. Ray of Asheville, was made vice-president; Mrs. L. W. Crawford, of Reidsville, corresponding secretary; Miss Torrie Butterick, of Asheville, secretary; Mrs. P. N. Peacock, of Salisbury, treasurer; Mrs. J. H. Weaver, of Lenoir, superintendent of juvenile work, Mrs. A. L. Smoot of Salisbury, auditor.

Greensboro was selected as the next place of meeting. A resolution was offered at the meeting yesterday afternoon by Mrs. Leith, that no Golden Link of Juvenile Society be entitled to more than one delegate outside the lady manager. This was adopted.

The society before adjournment passed a vote of thanks to the people of the city who have been their hosts and hostesses and expressed themselves as having been much pleased with the cordial welcome extended them in this city.

The society was in session four days and during that time the entire work in the conference was thoroughly gone over and much good accomplished.

Dr. Faison, Library Trustee.

The board of trustees of the Carnegie Library met yesterday afternoon at the library building. The resignation of Mr. G. H. Brockenbrough was read and accepted. Dr. I. W. Faison was unanimously elected to succeed Mr. Brockenbrough. A lot of routine business was transacted before the adjournment.

Mr. R. L. Lucas of Dallas, Texas, is spending a few days in the city. Mr. Lucas was engaged in the hotel business in Charlotte several years ago. It will be of interest to his many Charlotte friends to know that he is building a very handsome hotel in Dallas.

WILL CELEBRATE FOURTH.

Fourth of July a Big Day in New Bern.

A Varied Market.

New Bern, June 12.—There was a most enjoyable organ recital at the Methodist Episcopal church last evening. The recital was under the direction of Dr. J. W. Bishopp, of Washington, D. C., a blind musician of wonderful talent. He was assisted by his wife, who is a singer of superior excellence. The purpose of the performance was to test the quality of the new \$5,000 pipe organ which has recently been installed in the church.

New Bern people—whites as well as negroes—will doubtless make July 4 an occasion of frolic and festivity. Launch races and the like are being suggested for the occasion.

The New Bern fire department will be well represented at the tournament at Asheville. The firemen are practicing for the occasion, although it does not come off till most a month, and will doubtless as heretofore make a good impression. New Bern has one of the best fire companies in Eastern Carolina.

A petition for the saloons on the high license basis is now being circulated here. The object of the petition is to draw the issue between the dispensary and the bar-rooms, thus eliminating prohibition entirely.

Exceedingly hot and depressing weather has been prevailing here for the past few days. It has been impossible to work by day or to sleep at night.

New Bern has one of the most varied markets in the State. In addition to fish of all kinds—ranging from the finest mackerel to the croaker—sea-turtle, terrapins, clams, etc., may be obtained almost any day. Also the very finest fruits are raised in this section. Mr. G. N. Ives, of this city, has a large fruit farm at Newport on the A. & N. C. R. R., where grapes and peaches of an excellent quality are obtained.

BANKERS ASSOCIATION

Florida and Georgia Bankers Meet in Annual Convention.

By Associated Press. Atlanta, Ga., June 12.—The Florida and Georgia Bankers Association met here with an attendance of 300 financiers from both states, in their respective annual convention. The Floridians are the guests of the Georgia Association. The address of welcome was by John Temple Graves, was responded to by W. A. Blunt, of Pensacola, Fla., and L. C. Haynes, of Augusta.

Charles H. Treat, of the Treasurer of the United States spoke on the relations of the National treasury to the banks and bankers.

TO DRUGGISTS.

No. 3. If one of yours had typhoid and you had a specific that only reached mild forms and another that controlled the most serious cases, which would you use?

You would take no chances—you would use the one that would control the case if serious. Exactly the same in kidney disorders. There are dozens of preparations that are used, but there is only one thing on your shelves that will cure it if serious, and that is FULTON'S Renal Compound for Bright's Disease.

Don't you agree with us that these facts ought to be called to the attention of customers? Woodall & Sheppard, local agents.

THE SOUTHERN DEFIANT.

The Outcome Will Be Watched With Interest—P. D. Gold a Candidate for the Legislature.

Special to The News.

Greensboro, N. C., June 12.—The Southern Railway seems to have a poor opinion for the authority of the Corporation Commission, which on Saturday night issued an order restraining that company from changing the schedule of its train from Raleigh to Greensboro from leaving Raleigh at 1:30 to 10:30 until petitions filed against the change could be heard yesterday morning and this morning the train reached Greensboro under the new schedule at 3:57 instead of 5:59 as formerly. The outcome of this open defiance or actual contempt of the Corporation Commission on the part of the Southern corporation will be watched with interest here if not in all parts of the state.

The announcement that Mr. P. D. Gold, Jr., state agent of the Providence Life Insurance Company will be a candidate for the Democratic nomination from Guilford to the House of Representatives, gives promise of making the contest lively for the two positions. The names of other candidates so far announced are Col. F. P. Holbrook and Mr. W. A. Cooke, of Greensboro; John Kennett of Pleasant Garden and Dr. Gordon, of Jamestown.

The only name mentioned so far for the Senate is that of Prof. J. Allen Holt of Oak Ridge who will probably be nominated unannounced by acclamation, his announcement that he would accept the nomination having been greeted with universal approval in all parts of the county.

His many friends have urged Major Stedman to accept a nomination for the House and be in line for speaker-ship, but he positively refuses to permit his name to be used.

The annual session of the North Carolina grand lodge of Pythians begins here tonight, the opening session being in the opera house Tuesday night at 9 o'clock. The convention will be the cases came from Colon, and were Chancellor Barnard of Asheville and W. T. Hollowell of Goldsboro, G. K. of R. & S., were among the important officials of the advance guard arriving tonight.

The Gate City Guards of Greensboro will take part in the war practical drills under the direction of the United States War Department at Chica-mauga Park August 10-26. At Chica-mauga the North Carolina regiment will be under command of the regular army officers, and will live strictly a routine army life. Aside from the regular practices the soldiers will be drilled in the field. This consists of long marches in which the men carry their own measure of rations, their tents, blankets and all camping paraphernalia. The third North Carolina Regiment, of which the Greensboro company is a member, will take part in the drill instead of going to the annual encampment at Morehead City.

Good looks bring happiness. Friends care more for us when we meet them with a clean, clear smile. A newly discovered process. Harmless as water. Prevents return of discolorations. (In green boxes only.) Buy one 50c. package and money will be refunded if you are not entirely satisfied. Tints—White, Flesh, Pink, Brunette. By leading druggists or mail. FORMER OFFICIALS INDICTED.

Two Former Vice-Presidents of Mutual Now Under Indictment.

By Associated Press. New York, June 11.—Dr. Walter R. Gillette and Robert A. Grannis, former vice-presidents of the Mutual Life Insurance Company, were indicted on charge of forgery and perjury by the special grand jury which has been investigating the insurance matter.

It may be foolish to write love letters to your own wife, but it is safer than to somebody else.

A TEXAS WONDER.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by Woodall and Sheppard, Druggists, 50c and \$1.00. Trial bottle free.

TELEPHONE TRADE

The wise merchant knows the value of orders that come over the telephone. If the telephone is always "busy" its equal to closing a main entrance. Be sure your facilities are ample. Perhaps you need additional Bell Telephones or a Private Branch Exchange.

YELLOW FEVER AGAIN.

Three Imported Cases at Ship Island—Came from Colon.

New Orleans, June 12.—The fact that three cases of yellow fever have been under quarantine for the past 19 days at Ship Island, a government quarantine station in the Gulf of Mexico about midway between the mouth of the Mississippi river and Mobile, Ala., was made public yesterday by Dr. Irion, president of the Louisiana State Board of Health.

The announcement of the yellow fever cases was the result of a discussion between Dr. Irion and Health Officer Hunter, of Mississippi, over the fact that they had not been notified immediately of the fever's presence. The cases came from Colon, and were taken off the steamer Whitehall, which was bound for Gulfport, Mississippi. Ship Island is a short distance south of the Mississippi coast and in charge of United States Marine Hospital officers, who immediately notified Surgeon General Wyman, of the United States Public Health and Marine Hospital Service. Dr. Irion commented upon the circumstances upon which this report was made.

He announced also that quarantine orders had been issued against Ceiba Honduras, at which port it is reported that refugees are gathering to escape yellow fever, which is said to be breaking out at several points in Honduras. He also said that he had received reports that there is yellow fever in Havana.
