YOUR BAD TIME

If you take a cold, or it takes you, and you sneeze and choke and almost cough your head off, GET

Ozonulsion
The Cod Liver Oil Emulsion "Par Excellence."
Then the cold will end in cure, not in consumption. Under-nourished folk, with thin blood and sluggish digestion, cannot get rid of a cold. Consumption's shadow is always over them. Come out of the shadow, and stay out. Fortify yourself with the great food, OZONULSION. At all druggists. There are two sizes—8-oz. and 16-oz. Bottles. The formula is printed in 7 languages on each. OZONULSION LABORATORIES 88 Pine St., New York.

Dye It—Clean It—

Only those who have patronized our Dyeing and Cleaning Department can fully appreciate the advantages to be derived from it. Doubtless you have a discarded garment of some kind—let us demonstrate what can be done with it.

Thursday, July 12th. Election of Officers Points for the Small Dairyman, L. E. Davis; Retail Milk, J. H. Bostian; What Dairying has Done for Me, A. C. Green; Address, Prof. B. H. Rawles, Dairying Expert, Dairy Division, Washington, D. C.; Judging and Scoring; Awarding Prizes.

THE RACING FINE

Many Enjoyed the Splendid Show of Speed at the Fair Grounds Yesterday. Quite a large crowd gathered at the fair grounds yesterday afternoon to witness the races given under the auspices of the Charlotte Road Driving Association. Had the weather been more propitious, the crowd would have been even larger.

It is but the simple truth to say that every event was well worth seeing. In fact the races were just as good as any that have ever been pulled off at the fair ground track. The judges were Capt. S. B. Alexander and Dr. C. H. C. Mills; time keepers, Messrs. J. W. Todd and C. E. Hooper, and starter, Mr. C. M. Creswell.

The racing consisted of three events and each of these were exciting to a marked degree. The following were the entries for the first race: Virginia, driven by Mr. George P. Wadsworth; Lexington, driven by Mr. Paul Chatham; Bonnie Benton, driven by Mr. W. G. Ross and Lena Woodline, driven by Mr. J. C. Cochran.

Lexington won and second and third money was divided between Bonnie Benton and Virginia. Time first winners, 1:12 1/2 and 1:11 1/4. Second race entries: J. C., by P. M. Cave; Albert T., James W. Wadsworth; Floradora Bell, W. G. Ross, and Prince, Frank McGinn.

Floradora Bell won first and Albert T. and J. C. second and third. Time of first winner, 1:16 and 1:12. Third race entries: Jesse James, J. W. Turvey; Billie Buck, Jr., Sidney McAden; Glenn Lake, J. E. Carson; Annie Oakley, P. M. Cave, and Yorkville, Mr. Erwin. Billie Buck, Jr., won first; Glenn Lake, second and Jesse James, third. Time of first winner, 1:19, 1:18 1/2 and 1:16 1/2.

The Charlotte Road Driving Association expects to give several races during the summer months and the public will be glad to know this is a fact.

To Call a Pastor.

There will be a congregational meeting at St. Paul Presbyterian Church next Sabbath morning immediately after the morning service, for the purpose of calling a pastor, and other important business. All the members are earnestly requested to be present. There will also be a meeting of the advisory committee at 10:30 A. M.

Col. Paul B. Means of Concord is a Charlotte visitor today.

HICKORY'S FOURTH LARGEY ATTENDED

Was in Every Way Successful. A Splendid Parade and Beautiful Floats, Foot Races, Bicycle Races, Sham Battles, were Some of the Day's Features.

Hickory, July 5.—The great day has ended. It has been a success far surpassing the best wishes of those most interested. No one has anything to say except "What a grand time it has been."

Tuesday the heavy showers excited fears that all would be ruined by rains, and when the shower came after midnight last night, the hearts of the committee went down into their boots. But, while the morning broke showery and threatening, the sun merely remained behind clouds until after mid-day, making, with the pleasant breeze, an ideal time for such a day.

The parade formed up at 10:30 at the Graded school grounds, and came thence down Mail street, passing round the park, to the crossing above the Hickory Grocery Co.'s store, thence round by the depot, and up the principal street again. The remark has been repeatedly made today that many of the floats would have been a credit to any city display. Notable among them was Mr. Poley Hahn's Bakery show, in which a woman in old-fashioned dress and gingham sun-bonnet watched a Dutch oven, behind this came Mr. Hahn himself in a wagon fitted up with the latest things in the way of baking arrangements, and with an up-to-date delivery wagon closing the procession. Then there were Morrison Bros' long train of brightly decorated floats, with the finest instruments in their stock, then (one of the very best things) the Hickory Novelty Company, with a complete house, finished and furnished throughout, and above all, a sign, "We made all these." Miss Mary Rosborough had ordered a pair of Shetland ponies sent down from Morganton and these drew a pretty cart full of pretty girls, with a big millinery sign. This was as "cute" as anything in the parade, unless it were the little Menzies "rat" with the baby to drive. At the head of the procession came an immense float, with a pyramid of little girls in white and the national colors, all rising to the apex where sat the Goddess of Liberty, represented by Miss Bessie Leonard.

The singing of "The Good Old North State" by these girls was enough to stir any heart had it lain for a century dead. "The Old Field School" was excellent too and Mr. W. P. Huffman's hardware display, with the pretty little lassies cooking at the big range, took with the crowd. The taste, individuality and energy shown in the display generally were a credit to Hickory and to the civic pride of her people. A carriage containing Mr. J. D. Elliot, and with him all the former mayors of Hickory was a feature of the day. As the parade wound round the park, beautiful and fresh from the showers, through streets lined with stores from which floated flags, bunting, and every patriotic emblem, the scene was picturesque and pleasing to a degree.

Probably the window which deserved the most praise was that of Mr. J. W. Shuford, furniture dealer. On one side was a very large engraving, almost life-size, of the Father of his Country, opposite which was a facsimile of the Declaration of Independence. Between was a statuette of an Indian, and back of all, boldest of all, the state's face and form of Robert E. Lee, with Confederate flags crossed above and below.

After the parade there were foot races, bicycle races, etc. These were unfortunately interrupted by a serious attack of faintness on the part of young Mr. Emmett Moore, who fell from his bicycle. Mayor Elliot, the editor of the town and the visiting editors dined at the Charter House. The next thing was the tournament which took place on the Woods road, near Claremont College. "In this Mr. Fred Abernathy won first prize, Mr. Edgar Abernathy second prize, and Mr. Earle Ramsey third.

As for the sports was a sham fight between the Red Men of the World and the National Guard, in which the latter won. This was terribly exciting, and we climbed on fences and wagons, shouted ourselves hoarse and had creeps whenever a perfect struggle in an unusually bad way when he was shot. Yes, the Fourth was a big success.

Miss Ruffy with Ivey & Co. Miss Lola Ruffy, of Statesville, has taken a position in the millinery department of J. B. Ivey & Co. Miss Ruffy has had an extended experience in some of the important millinery establishments of the North and South and the high character of her work is well known in Charlotte. Messrs. Ivey & Co. are to be congratulated upon securing so valuable an acquisition to this important branch of their business.

Capt. W. L. Grier, of Tampa, Fla. is visiting Mrs. T. P. Ross, 302 N. Church street. Mr. Grier has been away from North Carolina, his native State, for 30 years.

MAY LIVE 100 YEARS. The chances for living a full century are excellent in the case of Mrs. Jennie Duncan, of Hayesville, Mo., now just 70 years old. She writes: "Electric Bitters cured me of chronic dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General debility and bodily weakness. Sold on a guarantee at Woodruff & Sheppard's drug store. Price only 50c.

Your Cold
Cherry Pectoral. Your doctor will tell you why it can do this. Ask him all about it. Ask him if he has anything better for coughs and colds. Then follow his advice, whatever it is. We have no secrets! We publish the formulae of all our medicines! Lowell, Mass.

PROSPERITY IN MILLS.

Union County, S. C., Mills Pay Dividends of \$75,746. Special to The News. Union, S. C., July 4.—The prosperity of Union county concerns and the success with which they are managed is splendidly illustrated by the fact that today there is sent out in semi-annual dividends the amount of \$75,746, which, coming as it does in the midst of summer when trade is ordinarily expected to be dull, is most welcome to every one.

Lockhart Cotton Mills is the largest single contributor to the happiness caused by dividend paying time, for today their dividend checks aggregated \$36,975, which represents \$19,650 on common stock and \$17,325 on preferred stock. The big new 50,000 spindle Lockhart Mill is completed so far as the building goes, and the machinery is now being installed and will be in operation in a comparative short time.

Monarch Cotton Mills comes next in the list, having paid a semi-annual dividend of \$17,250 on both common and preferred stock, which amounted to \$18,000. Monarch, during the past six months has had an exceptionally successful season, and its future prospects are very bright. As on the 1st, instant the time limit expired when preferred stock could be transferred into common stock, it is believed that the common stock will now become decidedly the more valuable, for while having this feature enabled money to be secured at 6 per cent where other mills were paying 7 per cent, it had a tendency to depress the stock, and the prospects now are that the stock will mount up to considerable over par within the next six months.

The Jonesville Mfg. Co., which this spring authorized the enlargement of its plant pays 3 1/2 per cent semi-annual on its preferred stock, which amounts to \$52,000, and its common \$122,000, the total paying \$6,090 in dividends.

The Excelsior Knitting Mills, which makes some 20,000 pairs of hose per day, paid out its semi-annual 3 1/2 per cent dividend, amounting to \$5,250.

The Merchants and Planters' National Bank, which for many years has been paying 6 per cent semi-annual followed its usual custom by sending out checks for that, amounting to \$3,600.

The Peoples Bank, which practically since its organization several years ago has paid dividends semi-annually, today sent out checks to its stockholders the aggregate sum of \$1800.

The Hames Grocery Co., which does a big wholesale business in this section, will in the next few days pay its 5 per cent semi-annual dividend, which on its capital makes the dividend amount to \$1,000.

The Union Hardware Co., which is capitalized at \$10,000, will this week pay its customary 5 per cent semi-annual, which, as will be seen, amounts to \$500.

The Bank of Jonesville paid its regular 3 per cent semi-annual, which on its capital stock of \$25,000 amounts to \$750.

The Bank of Carlisle, another financial institution to rejoice the hearts of its stockholders by the payment of 5 per cent annual, the total of its dividends amounting to \$500, besides laying aside a good amount to surplus as it does yearly.

WELL POSTED.
A California Doctor With 40 Years' Experience. "In my 40 years' experience as a teacher and practitioner along hygienic lines," says a Los Angeles physician, "I have never found a food to compare with Grape-Nuts for the benefit of the general health of all classes of people. I have recommended Grape-Nuts for a number of years to patients with the greatest success and every year's experience makes me more enthusiastic regarding its use.

"I make it a rule to always recommend Grape-Nuts and Postum Food Coffee in place of coffee when giving my patients instructions as to diet for I know both Grape-Nuts and Postum can be digested by any one. "As for myself, when engaged in much mental work my diet twice a day consists of Grape-Nuts and rich cream. I find it just the thing to build up gray matter and keep the brain in good working order. "In addition to its wonderful effects as a brain and nerve food Grape-Nuts always keeps the digestive organs in perfect health, they carry it with me when I travel, otherwise I am almost certain to have trouble with my stomach." Name given by Postum Co., Battle Creek, Mich.

Strong endorsements like the above from physicians all over the country have stamped Grape-Nuts the most scientific food in all the world. "There's a reason." Look in pkgs. for the famous little book, "The Road to Wellville."

Many new features added for this summer: Skating Rink, Bowling Alley, Ladies' and Gents' Shooting Gallery, Tennis, Croquet, etc., etc. For terms write to J. A. PORTER, Manager.

BOOK NOTICE.

Some Remarks on a Desk-Book of Errors in English. By Frank H. Vizetelly, F. S. A., Associate Editor of the Funk & Wagnalls Standard Dictionary, Author of "The Preparation of Manuscripts for the Printer," etc. As cleanliness is next to godliness, so purity of speech is next to refinement, and all persons who respect themselves endeavor to acquire a perfect mastery over their mother tongue. Notwithstanding these endeavors, vicious and illiterate forms of speech abound, and these may be attributed to that abnormal passion for novelty which dominates the English-speaking races. There are very few persons even among those who would be shocked at being told that they were not well educated, who are not given to cultivating, perhaps unconsciously, the vernacular of the street. This book has been written for the purpose of pointing out common errors and slovenly speech in the hope that they will prove acceptable to, and that they will be read with interest by all who desire to acquire refined diction, and to check the use of those vulgarisms which unfortunately spread only too rapidly from the street into the home.

The book is arranged alphabetically so that its contents are convenient for immediate consultation. Its price is 75 cents.

Good Samaritan Hospital Report. The following is the report of the Good Samaritan Hospital for colored people for the month of June: Patients in hospital June 16. Patients admitted during June . . .25. Patients discharged during June . .19. Patients in hospital June 307. Days of treatment in hospital . . .255. Deaths5. Operations12. Outside patients 5, for 10 treatments. LULA D. GASSOWAY, Matron.

HAY FEVER PREVENTED.
Advice from An Engineer Who Escaped This Malady Last Year. Louisville, Ky., July 4.—For the past six years, Mr. E. E. Hardway of this city, an engineer on the Southern Railroad has been compelled to lay off work during the hay fever season. By taking the wonderful ascatoc treatment last year, he escaped the dreaded disease entirely and worked every day throughout the summer.

Every "victim" of this most distressing malady, whose attack comes in July or August, should commence this treatment at once, and to prove the efficacy of this remedy, "The Austrian Dispensary, 32 West 25th Street, New York City, will send a test treatment of ascatoc, free by mail, to every one who writes for it.

In the comic opera of life the chorus girls are cooks. "Old Eyes Made New, Sick Eyes Well, Ask your druggist for MURINE EYE REMEDY." "A Tonic For All Eyes."
