THE 4 C'S IS GIVEN ALL IT ASKED FOR

At a Special Meeting of the Board of Aldermen Last Night this Corporation was Granted the Right to Cross Southern's Track.

There was a called meeting of the Board of Aldermen last night to hear a petition from the Four C's Company...

The meeting was called to order at 8:30 P. M. by Mayor McInch. Mr. Latta appeared before the board...

"To the Honorable Mayor and Members of the Board of Aldermen of the City of Charlotte:

"Gentlemen: In the extensive and important improvement now begun on route to Hoskins' Mill and with greater operations in contemplation west of the city, it will be necessary for us to cross the Southern Railway with our double track system...

"Very respectfully, Charlotte Electric Light & Power Company. J. B. LATTA, President."

After the reading of this petition Mr. Latta arose and stated fully just what the Four C's wanted, and they wanted these rights.

He asked that he be given a hearing in regard to the crossing of the tracks of the electric cars over the Southern on Mint street and on West Hill street.

Mr. Latta outlined his plans in a clear manner so that they could be understood. He said that it was desirable that the city co-operate with him in this work...

Mr. Latta also outlined before the board his plans for the future. He said that the lines would go to the river at once, and that a double line would be built to Chadwick, so that this would not interfere with the river line...

Mr. Latta also asked for a switch on sidetrack on West Trade, about one-third the length of the block, between the square and Church street. This will be used for sidetracking the cars on the new lines...

On motion of Alderman Ward the board voted to grant Mr. Latta's requests and City Attorney drew up the following ordinance, which was adopted:

"An Ordinance to Regulate the Stopping of Street Cars and Railroad Trains at the Crossing of Mint and West Hill Streets.

"Be it ordained by the Board of Aldermen of the City of Charlotte: 'Section 1. That every railroad company whose tracks cross Mint and West Hill streets in the City of Charlotte shall cause all locomotives, trains and cars of every kind, running on said tracks to come to a complete stop upon approaching said streets and shall require a flag man to go forward and give the usual signal before crossing said streets.

"Sec. 2. That every street railway company whose tracks shall hereafter cross the tracks of any railroad company on Mint and West Hill streets, shall cause all cars and motors of every kind running on its said tracks to come to a complete stop upon approaching said railroads and shall require its conductor or flagman to go ahead of the car or motor and give the forward signal before it shall be lawful to move such car or motor across said railroad tracks.

"Sec. 3. That every agent or employee of any railroad company, or of any street railway company who shall violate the provisions of this ordinance shall, upon conviction, be subjected to a penalty of fifty dollars.

"Sec. 4. That this ordinance shall be in force from and after the first day of September, 1906.

He Was Real Industrious. The Success Magazine relates a story of two Washington negroes, who meeting in the street, fell into a discussion of the peculiarities of a mutual friend. Said one:

"What kind of a pusion is dat man, anyhow? Seems to me he never do no work."

"Oh, he is industrious, all right," promptly responded the second negro, "even if he don't do nothin' hisself. Why only las' week dat man spent two whole days tryin' to get his wife a job."

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Alice Berryhill.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only.

Many thousands of cases of female diseases come before Mrs. Pinkham every year, some personally, others by letter. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as she has been.

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes: Dear Mrs. Pinkham:—

"Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Within five days I felt relief but was not entirely cured until I used it for some time.

"Your medicine is certainly fine. I have induced many friends, and every woman I know more than a dozen who had female troubles and who to-day are as well and strong as I am from using your Vegetable Compound."

Just as surely as Mrs. Berryhill was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

If you are sick write Mrs. Pinkham for advice. It is free and always helpful.

A MASONIC PICNIC. Big Gathering at Mocksville on August 9.—Mr. Z. V. Walser to Speak.

On August 9, one week from today, there will be a big gathering of Masons at Mocksville, to attend the annual Masonic picnic, and hear addresses by prominent North Carolinians.

The orators of the day will be Hon. Z. V. Walser, one of the best known of North Carolina's speakers, and Rev. T. A. Smoot of Durham, a prominent minister of the Methodist church in that town.

There will be a fine dinner served at midday and the proceeds will go to the Masonic Orphanage at Oxford.

A large crowd is anticipated and a good time is promised all who attend. Charlotte will probably be well represented by members of the Masonic lodges here, and other citizens.

Women and Mirrors. "We carry lots of women clear to the top floor or at least several floors up and then they take the next elevator down without going three steps away from the elevator," declared the operator of one of the "lifts" in a big official building yesterday.

"No, it isn't because they like to ride in the elevators particularly. Why do they do it? To get the use of the mirrors, of course. See those mirrors on either side of the elevator? That's what attracts them. A bit of wind will strike them as they turn the corner by a big building and then they imagine that their hair is badly disarranged and make for the nearest mirror, which is in the elevator."

No Excursion Ticket. Beenaway—Let me see! About No-goodness—when I left he was going from bad to worse, and— Staidhome—It subsequently developed that he had no return coupon.

The Cause of Many Sudden Deaths. There is a disease prevailing in the country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away call by call.

Bladder troubles most always result from derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention leading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

TWO DEATHS IN STATESVILLE.

Mr. Charles Watt, A Prominent Young Man Died Wednesday, and Mrs. Hoover Tuesday.

Special to The News.—Statesville, August 3.—Mr. Charles R. Watt died at his home on Race street Wednesday night at 10 o'clock, of typhoid fever. The funeral services were conducted at New Salem church, in Alexander county, yesterday afternoon by Rev. S. H. Williamson, and the interment was at New Salem graveyard.

Charlie Ross Watt was 23 years old. He lived at his home near New Stirling church, in Shiloh township, till a few years ago, when he took a position with Messrs. J. K. Morrison & Sons. For the past two years he has been employed by the Evans Hardware Company and was with them at the time of his death. Last April Mr. Watt married Miss Mamie Moore, of Stony Point, and the fact that he had been married only a few months adds sorrow to the announcement of his death. He had a great many friends in Statesville, being a young man of fine disposition and of worth. His illness was brief and his death was a surprise to many, as his condition was not considered dangerous till several hours previous to his death.

Mrs. Gray Hoover died at her home in Shiloh township Tuesday evening at 6 o'clock, death resulting from typhoid fever, and was buried at Perth church, a mile south of Troutman, yesterday. The funeral services were conducted by Rev. J. H. Pressly. Mrs. Hoover was 26 years old and had been married four years. She is survived by her husband, her mother, Mrs. M. L. Lawson, and a number of sisters.

Candy and the Flag. The following is accredited to the late Senator Hoar: At a fourth of July Celebration in a Canadian town where both English and American guests were assembled the flags of the two countries were used in decorations. A frivolous young English girl, loyal to the queen but with no love for the stars and stripes, exclaimed, "Oh, what a silly looking thing the American flag is! It suggests nothing but checkerberry candy."

"Yes," replied Senator Hoar, "the kind of candy that has made everybody sick who has ever tried to lick it."

WHAT SHALL WE EAT

Some things can be finished and laid aside, others can be attended to at convenient seasons; not so with the ever-present question of what shall we eat?

It is our business to help you solve this problem. How well we perform this service determines the measure of our success.

Recognizing this, we are always on the alert to provide the very best of everything obtainable at reasonable prices. Promptly delivered.
