Christian Science Services. Sunday 11 a. m. Hall No. 5 W. 5th street. Subject, "Jesus Christ." The public is cordially invited.

TWO NEW TEACHERS.

Misses Hand and Walsh Elected to Positions in City Schools. A called meeting of the board of school commissioners was held last night for the purpose of electing two new teachers to succeed Misses Margaret Ward and Mary Miller, resigned.

Misses Ida Hand and Edna Walsh were elected to fill the vacancies created by the resignation of the above-named teachers in the city schools and Misses Madeline Orr, Jennie Patterson, Anna L. McDowell and Maggie L. Erwin were elected superintendents in accordance with grades made at the recent examination.

Mention was made by Mr. Dixon of the fact that Isabella Wyeche who had been principal of the colored school and that some provision should be made for the vacancy this caused. He informed the board that the deceased had resigned last summer on account of failing health and had mentioned, or suggested the name of her assistant S. Temple C. Johnston for the principalship of the school.

Mr. Fore urged the election of a male teacher, thinking that the need in the colored school was just as great as in the white schools and he moved the election of Prof. Pride whose application was already before the board.

The motion seconded by Mr. Smith was sustained for the motion of Mr. Dixon and Prof. Pride was elected.

The written opinion of City Attorney Hugh W. Harris in reference to the question as to who should pay the expenses on a number of improvements on the buildings was read before the board. It was the opinion of Mr. Harris that the city should pay for all permanent improvements and the board of school commissioners should pay for all minor improvements which are made from time to time.

The board adjourned after a short discussion of this question.

HER SON LOST.

Mrs. J. C. Inman, of Greensboro, Thinks Son is Here—Missing Four Months. Chief Irwin has received a letter from Mrs. J. C. Inman, of Greensboro, asking the Charlotte officers to aid her in locating her son who left home last April ostensibly for this city, coming as a carpenter to work here about a month, according to the mother's story.

Since leaving Greensboro last April Mrs. Inman has heard not a word from the young man.

The mother sends a description of the boy, who is about 5 feet high, weighing about 175 pounds, and is red headed. He also has an affection of the eyes.

The officers here will investigate the matter as far as they are able although it is scarcely probable that the young man can have remained here for four months without his presence being known to some here.

SUPPER TO WOODMEN.

At the Home of Mr. D. A. Henderson.—Special The News. Mint Hill, Aug. 18.—At the hospitable home of Mr. D. A. Henderson last Thursday night Mint Hill Camp W. O. W. gave a supper to about one hundred of its friends and a most enjoyable occasion was had. The Mint Hill String Band furnished music for the occasion.

Mrs. James Black gave a reception last Tuesday night in honor of Miss Fannie May Long, of Rockingham, N. C. Several young people from Charlotte were present and an all-round pleasant time was spent.

Mr. John A. McMurray, J., of Sharon, S. C., is visiting friends in the village.

Miss Lydia Hough, of Jonesboro, N. C., is visiting her sisters, Mrs. L. E. Wilson, of this place.

Rev. J. M. Forbes and family of King's Mountain and Mr. Sam Forbes of Moore county, N. C. have been spending several days at the home of Mr. R. C. Forbes near here.

Mr. W. R. Long is now at Wildemere, N. C., teaching a singing school. Mr. and Mrs. W. B. Baidge left here last Tuesday morning for Atlanta, Ga., taking with them their little four-year-old daughter, Louise, for the purpose of having an operation performed on the little one. The operation will be a difficult one and it is the earnest wish of every one here that it will be successful and that ere long little Louise will return home cured.

Mr. J. C. Dennis will, in a few days, leave here for Jonesboro, N. C., to visit his friend, Mr. J. E. Hough, formerly of the Mint Hill section.

Mr. D. A. Henderson will, in the near future, commence the erection of a large, two story brick structure to be used as a store building.

Prest. Hinkley's Condition. By Associated Press. Chelsea, Mass., Aug. 17.—President Hinkley of the failed bank is seriously ill and it is said cannot recover.

VICTIMS OF AUTOMOBILES.

Coroner's Records Show That Horses Kill Four Times as Many as Autos.

An article recently published in the New York World shows that of 178 deaths, only 16 were victims of automobiles. Continuing the World says that the records in the coroner's office for the borough of Manhattan show that of the 178 deaths resulting from railroad, street car, horse vehicle and automobile accidents from Jan. 1 to July 15 only sixteen are attributed to automobiles. This is rather remarkable, considering the 16,000 or more motors in use in the borough and the speed with which some of them travel. It also tends to show that the prejudice found in many quarters against automobiles and automobilists is not entirely justified.

The figures show that since Jan. 1 horse-propelled vehicles have caused the death of four times as many persons as automobiles, and that those other necessary vehicles of the times, subway, elevated and surface cars, were responsible for five times as many fatalities.

The slottful horse-cars killed three, while an ambulance killed one and fire engines killed two.

The coroner's records show that from Jan. 1 to April 1 the surface cars killed 15, horse vehicles 18, the subway 7, the elevated and steam railroads 6 and automobiles 6. From April 1 to July 1 surface cars killed 23, horse vehicles 29, the subway 2, steam railroads 6, the elevated 1 and automobiles 5. During the present month surface cars have killed 10, horse vehicles 7, steam railroads 3 and automobiles 2. These are the actual "run-overs" and do not include deaths resulting from falls from or being thrown from cars, wagons, trucks, automobiles, etc.

There being no dissenting voice to Mr. Duke's proposition about the surf, he offered no new opinion, but declared the surf was not for a one-day visitor, or even a two or three-day visitor.

Mr. Duke declares also that he strictly followed this rule while at the beach, during the several days of his sojourn there.

"Ah, but the things to eat," said the officer, as he leaned back and lived over again his recent stay at Wrightsville Beach.

THE REQUEST TABLED.

Gaston County Commissioners do not Give Money yet for New Bridge.

Gaston county's commissioners are holding off in the matter of making an appropriation for the new bridge to be constructed across the Catawba as proposed by the Mecklenburg county commissioners.

The proposition of the Gaston commissioners is set forth in an item from a Gastonia paper which says: Col. R. L. Abernathy and a delegation from River Bend were at Dallas before the commissioners with a request for an appropriation for the proposed bridge over the Catawba near the county corners, but the request was tabled for further consideration.

The sentiment in this part of the county is not favorable to the construction of a bridge so high up on the river, but would rather see a bridge go across the river nearer the center of the county—say somewhere about Tuckasee or Sloan's ferry, and it is not likely that the commissioners will make favorable reply.

BUYS PROPERTY IN LENOIR.

Mr. Edward Zickler of this city has recently purchased a number of lots in Lenoir. The News of that town says of these transactions:

Mr. and Mrs. Edward Zickler, of Charlotte, have been in Lenoir a few days guest of the Lenoir Realty & Insurance Co. and bought through that Co. several pieces of property. Among them the old Tobacco Factory on Prospect street, a cottage near Kent Furniture Factory and nine acres south of the town limits.

COCKROACHES.

Water Bugs, Rats, Mice and all Vermin Destroyed by Stearns' Electric Paste.

You can sweep up dead roaches by the painful way morning if the night before you used Stearns' Electric Rat and Roach Paste.

This remarkable roach exterminator is the only one on the market where you can get your money back if it fails.

It is also sure death to rats and mice.

Sold everywhere or sent express prepaid on receipt of price. Stearns' Electric Paste Co., Chicago, Ill. Small size 25 cts.; hotel size eight times the quantity, \$1.00.

EAGLES IN SESSION.

By Associated Press. Milwaukee, Aug. 17.—The official result of the contests for the offices in the Grand Aerie Order of Eagles will probably not be known until tomorrow.

Boston and Norfolk are leaders for the next convention. A resolution reported in favor of the formation of an unformed rank.

MR. GEO. DUKE BACK.

His Opinion of the Surf—Don't Patronize it Unless You Are Going in Every Day.

Desk-Sergeant George F. Duke appeared at the police headquarters yesterday, after having left town only four days ago on a week's vacation.

Officer Duke explained to the reporter that there was some business he had to look after here, and that he would probably take the remainder of his vacation when the pumpkins got yellow.

"By the way," said the officer, who has just been at Wrightsville with Mrs. Duke, "there are several observations that I made while on the edge of the pond that may be of use to humanity."

"In the first place it is not advisable to go in the surf one time only.

"The man who goes into the surf must be a man of great leisure who can remain several weeks if need be and take a dip every day. The single dip is not advisable from an economic or constitutional standpoint.

"Now this has been my observation," said the officer as he rubbed his hands together in satisfaction and waited to see what result his observations would produce.

There being no dissenting voice to Mr. Duke's proposition about the surf, he offered no new opinion, but declared the surf was not for a one-day visitor, or even a two or three-day visitor.

Mr. Duke declares also that he strictly followed this rule while at the beach, during the several days of his sojourn there.

"Ah, but the things to eat," said the officer, as he leaned back and lived over again his recent stay at Wrightsville Beach.

THREE MORE FOREIGNERS.

Were Taken to Mayor's Brick Yard Yesterday Afternoon.

Three foreigners of different nationalities arrived in Charlotte yesterday morning and were employed by Mayor S. S. McIninch, chairman of the board of city commissioners.

The most interesting of the foreigners is Mitro Kekowitch, who is a subject of the Prince of Montenegro. Mitro is interesting and possesses a good honest face. He handles here penniless and says he is willing to work for whatever any honest "padrone" thinks fit and fair to pay. He landed in America about two years ago.

CROPS GREATLY DAMAGED.

Potato, Corn and Other Crops Greatly Damaged by Rains.

By Associated Press. Norfolk, Aug. 17.—With the heavy trucking belt that of last night in the trucking belt that of last night in the Deep Creek district was the heaviest. The corn fields and other crops were submerged. The potato crop is rotting in the ground and kale seed sowed recently is in ditches and other places having been entirely washed away. Late corn is badly damaged and the farmers are gloomy.

CAPITAL STOCK INCREASED.

At a meeting of the stockholders of the L-A-M. Coal company held yesterday the capital stock of the company was increased to \$5,000 with the understanding that as soon as necessary it would be further increased. This new company which has just been chartered begins its business under favorable conditions.

A few hard cases are apt to make a lawyer case-hardened.

RHEUMATISM CURED WITH PAINKILLER.

(FERRY DAVID'S)

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on Materia Medica for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensatory, a standard authority, "to impart tone and increased power to the heart's action."

Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or Collinsonia Can., Prof. Wm. Paine, author of Paine's Epitome of Medicine, says of it:

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia Can., a principle extracted from Stone root, and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and dangerous a malady. With them it was all but a hopeless case. In the first case, the afflicted that death was near at hand. Collinsonia unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

Dr. Pierce's Pellets cure Constipation.

MEN ON THE TAX BOOKS.

Messrs. Charlie Ritch and John Hutchison who are making up the two sets of books for Charlotte township, have nearly closed the first set. They are now engaged in making the final proofs of this set of books. Next these gentlemen will take up Charlotte township and will make a complete double set of books as in the first case covering all taxes inside Charlotte and Charlotte township. This work has been long and tedious. It will be several weeks yet before everything is finished up and is ready for the tax collectors.

Mr. Marvin Sparger is spending his vacation with his parents, Mayor and Mrs. B. F. Sparger, at Mount Airy.

TELEPHONE TRAVEL.

Is the cheapest, safest, quickest, easiest way to reach a distant point. You avoid the dust and dirt. Bell Telephone long distance lines enable you to reach any city quickly and cheaply. It's the modern way to do business. It brings results.

REASONABLE RATES. Call Contract Dept. 9050.
