

Hair Help

So many persons have weak hair, lifeless hair, hair that falls out, splits at the ends, keeps rough and uneven. Such hair needs help. The roots stronger, grows faster, stops falling out, your hair and you will be satisfied with it.

WILLIAM CARSON DIED YESTERDAY

CONVICT BACK TO ROADS.
Had Been Having a Good Time at County Home—The Blackwells Case.

Hanging at Sea.
From the Boston Transcript. The assertion that there is nothing new under the sun has again been disproved. For unnumbered centuries executions have taken place on land and sea, legal and illegal, but it is doubtful if a community ever before deliberately took a prisoner under the sentence of death out to sea to hang him in order the decree of the law from being overridden by the mob, as has been done in Maryland. Public feeling against the negro culprit there ran so high that it was openly asserted that he would never be allowed the honor of hanging but must instead be burned to death. This manner of his taking off was the only point upon which law and mob differed. To have their way, however, the stubborn officers of the law took gallows and a coffin with them on board a steamer, which was to convey the prisoner to the county where he belonged, but its course has been so delayed that the execution can take place as soon as the steamer's prow enters the waters of that county, and the mob on land will be "at sea," too. If this method finds favor in the South there may yet be a call for the observation trains employed for the New London boat races to witness these scenes on the water.

CLAIMS TO OWN FORT.
North Carolinian Begins Ejectment Suit for Fort Caswell.

Wilmington, N. C., Aug. 17.—An action of ejectment has been brought by Thomas M. Thompson, Jr., of Southport, against M. F. Harmon, commanding officer at Fort Caswell, the plaintiff in the suit laying claim to 300 acres of the land on which is located Fort Caswell. The case will come up at the next term of the United States Circuit Court.

HAVE PURE WATER IN STATESVILLE

Special to The News.
Statesville, Aug. 17.—Recently there has been a great deal of uneasiness and trouble in some of the nearby towns on account of impure water. A sample of the Statesville city water has accordingly been forwarded to Messrs Pennington & Browne, analytical and consulting chemists, Baltimore, and the following report has just been received: "We find the water remarkably free from any signs of pollution, to be soft water, and hence a good, safe source for drinking and domestic use. The bacteriological analysis shows the condition of the water to be good, this examination confirming the chemical analysis of pollution, to be soft water, and hence a good, safe source for drinking and domestic use."

NEGRO WHO WAS SHOT BY CHARLES HAIRSTON IN GUILFORD COUNTY. BLOCKADERS IN THE TOILS. YOUNG MAN CHARGED WITH FORGERY. OTHER NEWS.

Greensboro, Aug. 17.—Deputy Marshal Bailey returned this morning from Rockingham and Stokes counties where he arrested three men charged with blockading. Two white men, one in Stokes and one in Rockingham gave bond for their appearance at the October term of the Federal Court. An old negro, about 65 years old, was caught in the scotch of the North Carolina-Virginia State, and the Rockingham-Stokes county line, his exact residence being guessed as in Rockingham county. The old man was taken to the Wentworth jail, being unable to give bond. He had been in court numerous times for "working" at blockaded stills, but his case is none the less pitiful, since he is dirt poor, has a blind wife and five young children left at home.

OLD TIME BARBECUE.
Several Addresses Delivered Preliminary to Barbecue.
Colorado Springs, Aug. 16.—When the fourth day's session of the Typographical Union was called to order it was the unanimous opinion of the delegates that Hot Springs, Ark., be selected for holding the next annual convention. The resolution was adopted by a vote of 100 to 0. The convention was followed by a typical western barbecue.

Carolina Heating & Plumbing Company

Mr. Virgil E. Holcomb, attorney of Mt. Airy, secured in the bankruptcy court here this morning an adjudication in bankruptcy for Mr. M. D. Moore dealer in millinery at Mt. Airy. The assets are scheduled at \$1,250 and the liabilities at \$2,450.

William Carson, the negro shot at the double tracking camp near Jamestown last week by Charles Hairston, died yesterday, and witnesses were summoned to appear before Justice of the Peace Collins today for an investigation of the case. Not having put in their appearance at the hour of twelve, the sheriff was sent to the camp for the arrest of the witnesses, but had not returned in time to have the hearing today. Hairston, who did the shooting and was caught in Whitney Saturday and is now in jail here, is a big black fellow, over six feet tall, and has the reputation of being a bad man. He admits the shooting, but says he shot in self defense.

Young Henry Fulton, who was brought from Washington City yesterday and lodged in jail, was given a preliminary hearing this afternoon on a charge of larceny and forgery. The larceny charge grows out of his having entered the office of Dr. Charles Roberson some time ago, abstracted some bills from his book, collected the money and spent it. The forgery is in connection with a check for \$25.00 which he had cashed at a bank here. It is reported to have been drawn by W. W. Shaw of Durham on a Citizens Bank, and the endorsement of the vice and of the local manager of the Southern Bell Telephone Company here were forgeries. The young fellow admits his wrongdoing, saying he never expected to get into any trouble, and that he alone is to blame, as his parents have tried to raise him right.

CAPT. LINSAY DEAD.
Prominent Rowan County Man Died Yesterday—Another Murderer Committed.

Salisbury, Aug. 17.—During the present week Rowan county has lost two of her best citizens, both natives of Great Britain. Capt. Hambley died Monday night and yesterday Capt. "Jack" Lindsay passed away at his beautiful country home at South River, having suffered a stroke of paralysis Wednesday. Capt. Lindsay came to this country from Scotland in 1850, and became one of Rowan's foremost citizens. He was married three times and besides his wife four grown children survive. They are Mr. William C. Lindsay, the well known traveling man, Mrs. Henry Foard and Mrs. Owen Tatum of Rowan, and Mr. Walter Lindsay of Winston. Capt. Lindsay was 76 years old and was a follower of the Baptist faith. He delighted in company and was no happier than when surrounded by guests, who were always glad to partake of his genuine Southern hospitality.

The Democratic Congressional Executive committee had a meeting in Concord yesterday to arrange a program for Mr. Hackett's campaign. Chairman T. H. Vanderford presided over the meeting.

Another murder has been committed in Rowan, this time at Sugar Springs, the negro settlement between Salisbury and Spencer. Rich Watkins was too familiar with the wife of Jules Miles, so Wednesday Miles went home, found Watkins there, pumped him full of lead, beat his wife and then fled the country. Watkins lingered until yesterday morning early and died. Both were negroes.

The funeral of Lillian Vance, the little child of Capt. and Mrs. D. Parker, who died in Asheville, was held in this city this afternoon. Capt. Parker is one of the Southern's Western passenger conductors. He formerly had a run on the road from Winston to Charlotte.

PRETTY GIRL A LIFE-SAVER.
Jumps Overboard After Nephew When Her Screams Are Unheeded.

Atlantic City, Aug. 17.—Miss Florence Bowen, a pretty Chelsea girl, plunged into the water this afternoon to save the life of her six-year-old nephew, who tumbled out of the boat in which she held on until nearly a launch steered alongside and helped the two to safety. The boy was unconscious but recovered.

—There was a collision on North Graham yesterday between a motorcycle and a bicycle, in which the latter machine was badly torn up.
