A LONG LIST OF COMMON DRUNKS

Several Drank too Freely of the Fiery Stuff Yesterday and had to Answer for their Offenses at the Recorder's Court this Morning.

There was a long list of cases on the docket at the Recorder's Court this morning, which demanded a prolonged session, but gave little interest.

Lon Huneysek, a white boy, was introduced to the court on a charge of being drunk and disorderly. The scene of his recklessness was near Foul's store where he gave vent to his hilarious feelings Saturday night. He made things lively thereabouts for a considerable time and nothing could quiet him save the summons of the patrol. He said he got his whiskey on a prescription, and the court therefore subjected him to a fine of \$25.

C. F. Ayres was present as the defendant on the charge of being drunk. Ed Osborne and David Paul were the witnesses, but from a lack of evidence, the court discharged him.

G. O. Johnson and W. D. Clark, both white, were charged with being drunk and disorderly. They were arrested yesterday afternoon in an intoxicated condition, the former still having two bottles of spirits on his person. Johnson said he got the whiskey on a prescription, but that he didn't know the name of the physician. He also procured a quart Saturday night from a negro just as he alighted from the Salisbury train, but it was of a mean variety and as he wanted some for medicinal purposes, he decided to secure a better brand, and, therefore, consulted the doctor. The court put a fine of \$10 on Clark and Johnson was given the choice between paying a fine of \$50 or pouring out the remaining whiskey, which amounted to little less than a quart, and paying the regular prescription drunk fine, \$25. He chose the latter.

Frank Lipes, colored, was in court on a charge of disorderly conduct, which resulted from an effort to correct his boy Saturday night. Tom Stevens was the prosecuting witness and said that the community in which the negro lives, was disturbed by the unearthly noises arising from the scene of combat. The court decided that the negro was justifiable in giving the necessary correction to his offspring and he was discharged.

Arthur Williams, the negro who ran over Little Willie Sharp Saturday morning on West Eleventh street was present this morning to answer to a charge of reckless driving. From the evidence submitted the court decided that the negro was not guilty and he was given his liberty.

REV. MR. STEWART LAST NIGHT.

Preached Thoughtful Sermon at Trinity Church to Well Filled Pews.

Rev. S. A. Stewart, a graduate of Trinity College, and a young preacher of ability preached a fine sermon at Trinity Methodist church on the text, "The Earth is the Lord's, and the fullness thereof, the people and they that dwell therein."

During his discourse the preacher paid special attention to the duty of the Christian people to the unsaved in their midst, to the negro race, and to all who are in need.

Rev. Mr. Stewart told of being in Boston recently, where he said before a large audience, "You are sending missionaries to the poor whites of the South, and perhaps some of us are subscribing to the slum work of New York, but all of this is the greatest mockery, when we remember that there are those at the very doors of both of us, who are in need of our help."

The speaker said that it was for the South to solve the negro problem by keeping faith with him, and at the same time doing all we could to educate and better his condition. The speaker thought, too, that there had been enough talking about solving problems, and too little real work toward their solution. He told of the energetic efforts of the North to solve her problems—immigration and foreigners, while as yet the South has done very little toward solving any problems that we have. He thought that the young men of the South should offer themselves towards the solution of the great factory problem and the negro problem—"The Brother in Black," as he has been called.

NEGRO BROUGHT BACK.

Young Caldwell Brought Back Today by Deputy N. W. Wallace, Jr.

Mr. N. W. Wallace, Jr., who has been in Richmond some days, has been endeavoring to get matters straightened out so that he could get the prisoner, Young Caldwell, colored, who turned over to him, to be brought back to Mecklenburg, came in this morning with his man.

The negro escaped from the county roads in September, 1903, nearly three years ago, and nothing was ever heard of him until his arrest in Richmond about one week ago.

The negro had then served all but about four months of his time, and he will be sent back to the roads at once to complete his term and also to serve long enough to cover the costs of his recapture, which will cost about four months more of his term of service on Mecklenburg roads.

Camp Meeting Yesterday.

The camp meeting at Hickory Grove yesterday was not as largely attended as usual owing to the unpromising weather which ushered in the morning. The interment rains kept a large number who had gone to the grounds. Those who present report a pleasant day with no disorders to mar the sacredness of the occasion.

DEATH OF LITTLE CHILD.

Six-Months-Old Child of Dr. and Mrs. A. R. McLaughlin Died Yesterday in Rock Hill.

Alexander Ranson, the six-months-old child of Dr. and Mrs. A. R. McLaughlin died yesterday morning at 8:30 o'clock at the home of his grandparents in Rock Hill. The child had been in a delicate state of health for several weeks, but not until a few days ago did its condition become alarming. Dr. McLaughlin has been in Asheville for several months on account of ill health. He was notified last week of the dangerous illness of the little boy, but his attending physician would not consent to his leaving, and he was not present at the time of the child's death.

The body was buried today in the family burying ground at Rock Hill. Dr. R. H. McLaughlin went down this morning to attend the funeral exercises. Much sympathy is felt here for the grief stricken parents who resided here until the time of Dr. McLaughlin's leave for Asheville.

Mr. Wilburn at Home again.

Mr. H. R. Wilburn, who was formerly a resident of this city but who went to Daytona, Florida several years ago to enter the hardware business there, is at home on a vacation. Mr. Wilburn says that he has found the East Coast of Florida quite thickly settled with North Carolina people who have gone to the State of Florida to live. Wages, according to Mr. Wilburn, are better in Florida than in this State, as a rule, and good men are well paid. Mr. Wilburn was connected with the Wedding Hardware Company before leaving this State for his present home, and place of business.
