IMMEDIATE RELIEF AND PERMANENT CURE

"When quite young I was afflicted with some skin disease. It first showed upon my arm, which quickly became a mass of sores from my shoulder to my elbow. Finally it spread nearly all over me in patches and itched and maturated in some parts. My parents tried every remedy they could hear of besides employing medical aid. But to no purpose until they, as a last re-sort, bought a box of Cuticura Ointment and some Cuticura Soap. In a day or two I began to feel better, the sores healed as quickly as they could, and after two months there were only the scars left to show where they had been. Ford E.
