**THIRTY DAYS FOR VAGRANCY.**  
Girl Arrested in Alleged Disorderly House Goes to Jail.  
In the police court this morning William Doyle, who keeps a lodging house on West Trade street, near the Southern depot, was bound over to court under a \$50 bond on the charge of running a disorderly house.

The charge was preferred against Doyle by reason of the fact that the police found one Stella Walker, a woman of bad character, in his place last night, when the officers went there to arrest Will Donaldson for assaulting Guy Noland.

Will Donaldson was fined \$5 and the costs for the assault and the Walker woman was sent to jail for 30 days for vagrancy. This woman has been in court several times on the same charge, and has been ordered to leave the city. This time the punishment was heavier.

J. M. Springs, colored, who was charged with running a pressing club and a tailoring business without license, was called and failed, and his bond was forfeited.

Mary Plunkett, a young negro girl, was charged with the larceny of a watch from the home of Mr. D. C. Moore, and in order to secure further evidence, the case was continued until this afternoon at 3 o'clock. The girl was represented by Mr. F. M. Shannonhouse.

A card with photo and signature makes identification easy in Europe.

- 1907—American marines landed in Honduras.

**What Shall we Have for Desert?**

Try JELL-O, the dainty, appetizing, economical dessert. Can be prepared instantly—simply add boiling water and serve when cool. Flavored just right; sweetened just right; perfect in every way. A 10c package makes enough dessert for a large family. All grocers sell it. Don't accept substitutes. JELL-O complies with all Pure Food Laws, 7 flavors—Lemon, Orange, Raspberry, Strawberry, Chocolate, Cherry, Peach.

**A PROPHECY**

Made by Mr. Mills in Regard to Forest Preservation.

At the conclusion of his brilliant address, made before the Atlanta mass meeting January 16th, on "Forestry Perpetuation," Enos A. Mills, of the United States forestry department, made the prophecy that if fifty years from now the report made by the forestry department of the government would be about as follows:

"The national forests are now in an excellent condition and the annual wood crop is increasing.

"Forest fires, once frequent and damaging, are now uncommon and rarely do they do damage.

"The area of commercial forests in the United States exceeds 4,000,000,000 acres, some of this owned by individuals, a small portion by the government, but the greater portion by the states. Every state in the union is now maintaining a commercial forest; the waste lands are all tree covered.

"The states of Texas and Pennsylvania lead in largeness of area, and have more than 10,000,000 acres each. The southern states produce timber of the best quality and grow it more speedily and profitably than any other section of the country, and most of the southern states will, in a few years, increase their acreage.

"All forested land is now paying well, with the exception of the old bad lands in Dakota, and the once so-called deserts of Nevada. These were forested only twenty years ago, but they will be self-supporting, inside of a few years.

"Every one is now so appreciative of forestry that it is inconceivable that only fifty years ago most people were indifferent to it, and that many people even opposed the forestry idea.

"Our saw mills now have a regular supply of timber, and so, too, have the increasing number of wood working plants.

"Although the western part of the national forest were first selected, the last part of the original seems to be the best. This portion was known as the South Appalachian section. This area is now splendidly forested that one cannot believe the photographs which show its scarred and desolate places a generation ago. By the streams that flow from it are the world's largest cotton and wood manufacturing establishments.

"This section has long since ceased to produce floods. The trees now stand in sufficient numbers on its slope

**RANK FOOLISHNESS.**

"When attacked by a cough or a cold or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at Woodall & Shepard's drug store, 50c and \$1.00. Trial bottle free.

to enforce the old rule of the forest. And this is to allow gravity only a much water to carry to the bottom of the slopes and land there in a crystal-clear condition." Mr. Mills will speak in the Selwyn hall on April 2nd.

**COLDS CAUSE HEADACHE**  
LAXATIVE BROMO QUININE removes the cause. Used the world over to Cure a Cold in One Day. E. W. Grove's signature on box. 25c

Statistics, recently compiled in regard to German university life, show that men are dropping medicine as a profession, while women are turning to it.
