Old Time Festival's Laudable Purpose.

The committee of arrangements consists of Commander W. Mac Smith, Adjutant H. D. Duckworth, Mrs. Register and Mrs. Sexton, representing the Children of the Confederacy, and Mrs. Faison and Miss Dixie Alexander, representing the Daughters of the Confederacy.

Fiddlers, musicians and entertainers from all about this section of the state will be here. At a special meeting of the camp the other night this matter was taken up and the above named committee appointed.

Among the old time talent engaged is the Blankenship, two of them from Alexander county. They are specialists on the old time dancing, such as cutting the pigeon wing, the buzzard's loop, and play upon all kinds of instruments.

Mr. Jesse Hobbs and children, all musical prodigies, will be here from Mooresville. One of the fiddlers is 7 years old. There are only a few of the attractions that have been and are being secured. Some of the talent will be here in a few days to have their pictures taken so they can figure in the literature that is to be gotten out. Altogether the festival promises to be something extra.

CLUB DECIDES ON THE FOX PROPERTY

The Members Gave Large Vote to Purchase Site and Adjoining Lot at a Cost of \$29,000.—Committee Appointed to Devise Means of Raising the Money.

The members of the Southern Manufacturers Club, at their meeting last night, enthusiastically endorsed the proposed plans of building a permanent club house and by a large vote decided to purchase the site known as the Fox lot, at the corner of West Trade and Poplar streets; and also to purchase an additional lot between the above named property and the residence of Mrs. Stonewall Jackson. With the view of taking immediate steps toward building, a committee was appointed to devise the means of securing the necessary money to defray the cost of erecting a handsome house. This committee is composed of the following members: Mr. W. S. Lee, chairman; C. D. Bennett, R. M. Miller, C. B. Bryant, A. G. Brenizer, E. W. Thompson, T. W. Wade and John M. Scott.

The building committee appointed at a recent meeting to formulate plans and secure options on desirable sites in the up-town section of the city suitable for a club house, submitted their report to the members, in which they named half a dozen or more sites on which they had secured options. After considering those sites the members believed the Fox property was the most desirable. The option price on this was \$21,000, and that of the Stephens lot adjoining, \$8,000. The club house, it is estimated will cost between \$50,000 and \$60,000.

MISS KNOX'S SCHOOL.

Closing Exercises Greatly Enjoyed by All Present.

The closing exercises of Miss Hattie Knox's school at Alexander and Academy April 3 were very interesting. The pupils had speeches, dialogues and songs. After the school exercises were over they had speeches by Mr. E. A. McAuley whose subject was "Old Time School Houses and the Public Schools of This Day and Time." The speech by Mr. John Pope dealt "The Vegetable, Mineral and Animal Kingdoms."

After the exercises the table was set and filled with good things to eat. Every one had a plenty and there was an abundance left. Every one on the grounds seemed to enjoy himself and himself. Some who were engaged in agricultural pursuits were not present.

MR. HORACE BAKER HERE

Former Superintendent of Charlotte Division Passes Through City.

Mr. Horace Baker, manager of the Queen & Crescent Railroad, passed through Charlotte this morning in his private car en route to Washington, D. C., on railroad business. Mr. Baker was formerly general superintendent of the northern district of the Southern with headquarters in Greensboro, and was at one time superintendent of the Charlotte division with headquarters in this city. Several of his friends here who know of his coming home were at the depot this morning to shake hands with him.

Capt. O. H. Dockery With 25th Infantry.

Capt. Oliver H. Dockery, U. S. A., a cousin of Mrs. Frank Landis and Miss Nettie Dockery, of this city, lately been promoted from first lieutenant to captain and assigned to the Twenty-fifth Infantry, one of the two regular colored regiments in the army. Many of the leading generals of the army formerly served in this regiment, and the colored troops seem to prefer southern army men.

The news of the approaching marriage of this young couple will be read with interest by their friends in the city and county.

Ernest W. Berryhill Succeeds J. O. Walker and C. A. Williams Late R. H. Jordan—Fire Escape Ordinance Enforced.

Narrow strips of cloth lying on wires have so remedied the acoustic properties of the council chamber that it is now possible for every member who has something to say for the good of the city to be heard.

Although there was no matter of grave importance before the board, the meeting last night was not without interest, and several matters gave the members a splendid chance to try the acoustic of the hall.

The Casino picture show matter, which has been before the Board of Public Safety since last summer, and which like Banquo's ghost and the abattoir, "will not down," came up again last night, and the aldermen were asked to shoulder the responsibility of allowing the building to stand.

Messrs. E. R. Preston and F. M. Shannonhouse appeared for Mr. Tate Powell, the manager of the Casino. They presented petitions from the property owners on either side of the street asking that the show be allowed to continue, and testifying to the fact that there was no danger from fire.

It was finally decided that the matter be left with the mayor to allow the show to continue as long as there was no objection from the fire insurance companies, and the rates were not raised.

Another matter, which came late in the proceedings was the election of a member of the Public Safety Board to succeed Mr. J. O. Walker, who resigned.

Mr. Ernest W. Berryhill and Mr. Z. A. Hinson were placed in nomination. The first ballot resulted in 14 votes for Mr. Berryhill, and 3 for Mr. Hinson.

Alderman C. A. Williams, who is now on the Health Board, was elected to fill the vacancy on the water board caused by the death of Mr. R. H. Jordan, and Rev. George A. Page was elected to fill Mr. Walker's place on the fireman's relief fund committee.

Mr. S. Wittkowsky and Dr. E. Reid Russell appeared before the board and asked that some action be taken in regard to the electric wire poles on East Fifth street. Mr. Wittkowsky said that if the wires could not be placed under ground some ordinance as to the size of the poles should be passed, as it was unfair on this narrow sidewalk to have most of the room taken up with poles.

An ordinance requiring the poles to be removed within 60 days was passed.

Mr. Earl McCausland appeared before the board and asked that cement sidewalks be placed on Poplar street from Trade to Tenth avenue. It was stated that this would cost about \$2,000, and that the matter was left with the finance committee with power to act.

Alderman Bunn introduced a resolution repealing the ordinance which prohibits residents from keeping pigs within 200 feet of a residence. This applies to the new wards of the city, which are sparsely settled.

Mr. J. Calvin Grier, a fish merchant on West Trade street, appeared before the board, and stated that the moving picture shows had increased, and that he had been made to get out of his place on the West Trade street, and asked permission to erect a corrugated iron

building just in the rear of the Alexander drug store.

Many of the aldermen were just on the point of allowing this petition, when Alderman J. W. Wadsworth, who was in the chair, called attention to the fact that the board had no right to grant these privileges in the face of the ordinance, which was on the books of the city. The request was referred.

Col. Kirkpatrick wanted additional lights in his wards, and it was left with the light committee.

This called from the mayor another note of warning as to the city's finances. He stated that these things, while they were necessary, called for money, and that every order of this kind meant the spending of money.

The fire escape ordinance came up, and a committee was appointed to see that this was enforced.

Fire Chief W. S. Orr called attention to the dangerous condition of the rock quarry, at the foot of College street, and suggested that a fence be built around it.
