

# Prohibition Bringing New Life to Wadesboro And To Rockingham

The benefits of prohibition find additional confirmation in the statement of Mayor Brock, of Wadesboro. In an interview he said that the court records showed an average of 25 arrests per month during the reign there of saloons, of which there were nine. For the past two months of prohibition in Wadesboro there have been seven arrests, three in January and four in February.

There was only one prisoner at the morning session. It was about this time that the newspapers recorded another extraordinary event in the history of the city. For the first time in many years, the jail was for several days empty. Commenting on the situation as it is in Atlanta and Birmingham, the Birmingham News says: "For 10 years Birmingham has not enjoyed so orderly a period as it has since the first of January. The moral improvement in the city has been marked since prohibition went into effect. The newspapers are no longer giving space to reports of murders, shooting and cutting scrapes, personal altercations, and other disorders, as they formerly did, for the reason that the regard for law and order in this community is very much more pronounced since the removal of the liquor traffic."

### Union's Medical Depository.

The Wadesboro Ansonian of last Thursday had the following to say of conditions there since the Anson county medical depository has been in operation:

"The Anson county medical depository has been in operation just one month last Saturday and at the close of business then, 102 prescriptions had been filled. While for the sacramental purposes had been furnished to one church and the entire business has been very satisfactory to the keeper, Mr. J. A. McKee; there not being so much annoyance as some people predicted when this method of conducting the whiskey business in Anson was first proposed. Below are the names of the physicians who have written prescriptions and the number each has written:

Dr. E. S. Ashe, county physician, 25; Dr. Hathcock, of Stanley county, 1; Dr. Barrett, 2; Dr. Ross, 21; Dr. Bennett, 9; Dr. J. M. Covington, Sr., 4; Dr. Misenheimer, 1; Dr. Thompson, 18; Dr. Smith, 2; Dr. Dunlap, 4; Dr. Hart, 6; Dr. Boyett, 1; Dr. Wyatt, 4; Dr. Thomas, colored, 2.

So far no person is known to have gotten drunk on whiskey sold by the depository.

### Prohibition in Rockingham.

In Rockingham prosperity is increasing under prohibition. A large number of residences, several new stores and a new Baptist church are going up. Something like \$100,000 is now being invested in buildings. The town marshal said recently to a News correspondent that under saloons he used to make \$25 a month extra. Now he only makes \$5 extra. The extra money is a percentage of receipts for arrests and fines.

### WHAT'S IN THE WHISKEY BUSINESS FOR YOU.

The saloon-keepers all may be very nice men, but what is there in it for me? I blow in my money and wake in the pen. So what is there in it for me? Of course I'm as welcome as flowers in May. When I come to the JOINT to squander my pay, but I wake in the COOLER THE very next day. And that's all there is in it for me.

All over this country we're swimming in booze. But what is there in it for me? The saloon-keeper's kids are wearing new shoes. But what is there in it for me? The distiller's share is an automobile. A carriage, the retailer's share of the deal. But I'm wearing shoes that are down at the heel. And that's all there is in it for me.

The booze-maker's wife may be dressed like a queen. But what is there in it for me? My wife hasn't duds that are fit to be seen. So what is there in it for me? The beer brewer's son may be dressed like a duke. While I'm wearing garments exceedingly rude. But if we vote "wet" I'm afraid I'll go nude. And that's all there is in it for me.

My thirst costs me more than my clothes and my food. And that's all there is in it for me. The booze took my money, and did me no good. And that's all there is in it for me. The brewer is rich, he has gold by the peck. The bar-man gets paid, he's always on deck. But whatever I get, I get in the neck. And that's all there is in it for me.

Why should I vote that the curse may endure. For what is there in it for me? I'm bound to vote "dry" on election day, sure. For what is there in it for me? A new self-respect, and a chance for my life. New clothes for the kids, and a home for my wife. The beginning of peace, the end of all strife. And that's what there is in it for me.

### BIRMINGHAM AND ATLANTA.

Decrease in Crime and Increase in Prosperity Under Prohibition. (From the New York Outlook, March 14th.)

"Putting it roundly, according to the reports of the police magistrates, prohibition has reduced the amount of crime in Birmingham one-third, and in Atlanta one-half. In his report to the mayor at the end of the first month of prohibition, Judge N. B. Feagin, of Birmingham, makes the following statement:

"The decrease in arrests average about as follows in comparing January, 1907, with saloons: Aggregate arrests, decrease 33 1/3 per cent.; for assault with intent to murder, 22 per cent.; gambling, 17 per cent.; DRUNKENNESS, 59 PER CENT.; disorderly conduct, 35 per cent.; burglary and grand larceny, 33 per cent.; vagrancy, 40 per cent.; wife beating, 70 per cent."

"Several times during the past eight weeks there has not been a single prisoner before the recorder's court at Atlanta charged with drunkenness. Wednesday, January 29th, at the session of what was called by the local papers 'the smallest court ever held,'

### Cigarette Co. vs. Wright.

Argument was resumed yesterday before Standing Master W. A. Montgomery in the case of United Cigarette Co. vs. R. H. Wright, of Durham, involving \$75,000 claimed by the Cigarette Machine Co. to be due by Wright in connection with his foreign agency some years ago for the Benson Cigarette Machines. Judge Strudwick, of Greensboro, concluded his argument for the defence during the forenoon and was followed by United States Senator Daniel, of Virginia, for the plaintiff. He spoke until far into the afternoon. F. H. Busbee will follow him for the defence. Mr. Long, of Lenoir, will close for the defendants and then James H. Poir will close for the plaintiff. The case has been in the courts eight years or longer.

### Politics And Politicians

Republicans of Georgia have decided to meet in Macon May 14, to name their delegates to the national convention.

Republican state conventions to name delegates to the Chicago convention will be held this month in South Dakota, Colorado, West Virginia, Pennsylvania, Vermont and Maine.

The contest for the democratic nomination for governor of Tennessee will soon be on in earnest. Ex-Senator Carmack and Governor Patton are the rival candidates for the honor, are soon to meet in a series of joint debates.

Judge S. F. Prouty of Des Moines, who has announced his candidacy for Congressman in the Seventh Iowa district against Captain J. A. T. Hull, is one of the chief political lieutenants of Governor Cummins and will secure the Cummins support in his contest.

Since the Sixtieth Congress assembled on March 4, 1907, the three oldest members of the Senate have passed away. They were John T. Morgan and Edmund W. Pettus of Alabama and William P. Whyte, of Maryland, who died last month.

### THE JUMPING OFF PLACE.

"Consumption had me in its grasp, and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery, and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme, 50c and \$1.00 at Woodall & Sheppard's, druggists. Trial bottle free.

## N. C. Booklet Is Interesting

Raleigh, N. C., April 7.—The April number of the North Carolina Booklet, published by The North Carolina Society of Daughters of the Revolution, is just out and is one of the most interesting of the whole series yet issued. Among the most notable features are:

"The Fayetteville Light Infantry," by James C. McRae, dean of law, University of North Carolina.

"The Expedition Against the Row Galley," General Arnold-Side Lights on Colonial Edenton, by Rev. Robert Brent Brant, D. D.

"An Early Peace Society in North Carolina," by Marshall DeLaney Haywood.

The Booklet is edited by Mrs. E. E. Moffitt and Miss Mary Hilliard Hinton and all the proceeds go to the work of the society. They are just now preparing a beautiful memorial tablet of especially interesting design to the "Edenton Tea Party," and will within the next few months place it in the rotunda of the capital with due ceremony.

The ladies are anxious to have the Booklet taken in every patriotic home in North Carolina and are making special effort just now to increase its circulation. It is issued quarterly at \$1 for the year.

# OBSTINATE ULCERS MAY LEAD TO CANCER

There is no difference, at first, in the appearance of a cancerous and a common ulcer, and for this reason every sore that is obstinate or slow in healing should excite suspicion, for the sore is nothing more than the external evidence of a polluted blood, and if allowed to remain may degenerate into cancer. Efforts to heal the ulcer by means of salves, plasters and other external remedies always result in failure, because such treatment can have no possible effect on the blood, where the deadly germs and morbid matter form, and are carried through the circulation to the place. No sore or ulcer can exist without a predisposing internal cause, and the open, discharging ulcer or festering old sore will continue to eat deeper into the surrounding flesh as long as a polluted, germ-infected circulation discharges its impurities into it. S. S. S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood goes to the diseased place the healing begins, all discharge ceases, the inflammation gradually leaves, new tissue and healthy flesh are formed, and soon the sore is permanently cured. S. S. S. is made entirely of roots and herbs of a healing, cleansing nature, and unlike mineral medicines, does not do great damage to the delicate parts of the system, S. S. S. tones up every part of the body. Book on Sores and Ulcers and any medical advice desired free. THE SWIFT SPECIFIC CO., ATLANTA, GA.
