977 IS THE RIGHT number if you want your suit cleaned and pressed and returned same day. Central Pressing Club. 9-2t

REPAIRS TO SCHOOL BUILDING PROGRESSING

The Board Hears Report of Building Committee—A School for the Fourth Ward is Suggested and Aldermen Will Be Asked to Make the Appropriation.

At a meeting last night of the school board, Chairman J. L. Sexton of the committee on buildings, reported the progress of the work on the buildings, which was recommended by Fire Chief W. B. Orr.

The doors of the buildings are being changed to go to swing both ways, so that it will be impossible in case of fire for the children to become blocked in their escape by an unopened door. This work will cost somewhere in the neighborhood of \$225.

Chairman Sexton also called the board's attention to the heating arrangements in the Dilworth buildings, which is very unsatisfactory. The heating plant in this building, reported Mr. Sexton was such in order to secure any degree of warmth, the furnaces had to be made almost red hot, and from which there was danger.

The Belmont building was also reported dangerous, and new stairways were recommended. This will cost from \$200 to \$275, the cost depending on whether wood or iron is used.

All of these matters were referred to the buildings and grounds committee for action. The question of payment of teachers when absent came up, and Commissioner K. Blair asked that some changes in the laws be made. These changes provide that when a teacher is absent on account of sickness, she shall receive one-half salary, and the substitute \$2 per day. In case of death in a teacher's family two days with full pay are allowed.

All teachers absent for other purposes than the above reasons shall not receive any pay, and substitutes shall be paid by the board. The night school committee reported that three of these schools were being taught, and that only \$12 of the \$500 promised had been used.

Superintendent Graham reported an increase of 17 in enrollment during the last month. The attendance was reported good, and the schools not troubled with epidemics of any kind.

Chairman Sexton suggested that the city property in the Fourth Ward be fixed up for a school building, and a school operated there next year. This matter was referred to the committee on buildings and grounds, and later on the board of aldermen will be asked to make an appropriation for this purpose.

It was decided to have the schools open at 8:30 during the next month so that the schools could be let out earlier in the afternoon. This met with the approbation of the entire board, as it was shown that it did not work a hardship on any teacher as they were already there by that hour.

The board was presided over by Mr. D. B. Smith, in the absence of Mayor T. S. Franklin.

C. C. Moore at Forest City

Special to The News.

Forest City, N. C., April 7.—Saturday afternoon Mr. C. C. Moore addressed a large crowd of farmers and business men at this place. Mr. Moore had not before met the farmers of Rutherford county, although he was not a stranger to them.

There was little news of consequence. The English spinners turned down the proposition to close Easter week, which was taken to indicate a fair supply of orders.

Spots in the south were reported as holding their own and not following the decline in futures, 40 points above New York May being paid.

The map looked as though another cold wave might get into Texas tomorrow, but it is rather early to do any damage.

Future prices here depend largely upon the volume of May liquidation yet to come, and while the remnants of the pool longs in that month hang over the market rallies may only be temporary.

Carpenter, Baggott & Co. New York, April 8.—Influenced by lower cables our market opened at the lowest point of the day. There was further liquidation in the near months, but this was offset by heavy buying from the ring crowd and covering by the larger short interests.

New Orleans, La., April 8.—Liverpool offered no resistance, but on the contrary declined two points more than called for. Spots were marked 10 lower. A cable from there says: "A proposition to close mills during Easter week was turned down."

Our markets opened lower but reacted on buying to cover. Shorts are so numerous that they appear afraid of each other and fear that by selling more they only feed each other.

As nobody offered any larger quantity of contracts after the opening smaller shorts, who only follow the action of larger traders, turned to cover.

A feature this morning was that a leading export house absorbed all new crop offers under 9.30. Weather conditions during the past 24 hours were favorable, only scattered showers are recorded in the northwestern belt. However, official forecasts say showers today and tomorrow, entire belt cooler, temperature freezing in Oklahoma.

To-day's Markets

Special to The News.

Hayward and Clark's Cotton Letter. Liquidation of May has been less pronounced today and after an initial decline of 5 to 7 points on lower cables, Cotton rallied to last night's prices and has held steady with a light trade, Philadelphia interests being the best buyers of July.

Gov. Glenn at Lincolnton

By Bell Telephone.

Lincolnton, N. C., April 8.—Governor Glenn delivered one of the strongest speeches ever delivered in the state for the cause of prohibition in the court house here today to a large audience, the building being taxed to its fullest capacity.

The address was one of strong logical appeal to the voters, showing the advantages of prohibition. The governor was introduced by A. L. Quicke. His speech was the most overwhelming appeal for prohibition ever heard in the state.

The audience applauded wildly. In closing the governor took a hand primary of all who would vote for prohibition and all hands went up, amongst a scene of intense enthusiasm.

The speech is regarded as a great vote-winner. Court is in session which brought many to town. The governor will speak in Dallas tonight.

Nell—"They say Chollie Sapheide was terribly downcast when Maude refused him." Bell—"I should say he was. Why, he didn't call on another girl for nearly two weeks."

Rev. Frank Siler preached to a large congregation at Tryon Street church last night on "The angel that blocks the Sinner's way."

Today he continued the topic of yesterday on Ambassadors of Christ. The service was a deeply spiritual one, and the attendance was quite large.

Friday afternoon at 7 o'clock he will preach especially to women.

God's Best Gift to Man

Goldboro, N. C., Dec. 16, '08.

Mrs. Joe Person, Charlotte, N. C.: My Dear Mrs. Person: I am endeavoring to keep your ads. changed as often as you desire, and am still pushing your wonderful Remedy—truly it is one of God's best gifts to man, and I only wish that every one knew its merits as I have seen it demonstrated a thousand times.

The up-to-date women avoid cosmetics, dyes and powders. They are extremely harmful to the skin, while Hot Water's Rocky Mountain Tea makes it clear and beautiful. 35 cents, Tea or Tablets. R. H. Jordan & Co.
