

Special Message

(Continued from page 1)

...that only incorporated institutions shall be allowed to engage in this responsible work...

...I deem such legislation as is herein recommended not only important for the welfare of the children immediately concerned...

THEODORE ROOSEVELT. The White House, Feb. 15, 1909.

APPENDIX A.

Letter to the President of the United States, embodying the conclusions of the Conference on the Care of Dependent Children...

Syllabi of Conference Resolutions.

1. Home Care.—Children of worthy parents or deserving mothers should, as a rule, be kept with their parents at home.

2. Preventive Work.—Society should endeavor to eradicate causes of dependency like disease and to substitute compensation and insurance for relief.

3. Home Finding.—Homeless and neglected children, if normal, should be cared for in families, when practicable.

4. Cottage System.—Institutions should be on the cottage plan with small units as far as possible.

5. Incorporation.—Agencies caring for dependent children should be incorporated, on approval of a suitable state board.

6. State Inspection.—The state should inspect the work of all agencies which care for dependent children.

7. Inspection of Educational Work.—Educational work of institutions and agencies caring for dependent children should be supervised by state educational authorities.

8. Facts and Records.—Complete histories of dependent children and their parents should be recorded for guidance of child-caring agencies.

9. Physical Care.—Every needy child should receive the best medical and surgical attention, and be instructed in health and hygiene.

10. Co-operation.—Local child-caring agencies should co-operate and establish joint bureaus of information.

11. Undesirable Legislation.—Prohibitive legislation against transfer of dependent children between states should be repealed.

12. Permanent Organization.—A permanent organization for work along the lines of these resolutions is desirable.

13. Federal Children's Bureau.—Establishment of a Federal Children's Bureau is desirable, and enactment of pending bill is earnestly recommended.

14. Suggest special message to Congress regarding Federal Children's Bureau and other legislation applying above principles to District of Columbia and other Federal territory.

Honorable Theodore Roosevelt, President of the United States.

Sir: Having been invited by you to participate in a conference on the Care of Dependent Children...

Home Care. Home life is the highest and finest product of civilization...

RID YOURSELF OF ALL MISERY FROM STOMACH

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest or you belch Gas and Eructate sour, undigested food or have a feeling of Dizziness, Heartburn, Fullness, Nausea, Bad taste in mouth and Stomach headache—this is Indigestion.

A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure the worst case of Dyspepsia, and leave sufficient about the house in case some one else in the family may suffer from Stomach trouble or Indigestion.

Ask your pharmacist to show you the formula plainly printed on each 50-cent case, then you will understand why Dyspeptic trouble of all kinds must go, and why they usually relieve a sour stomach or Indigestion in five minutes.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach prescription, too.
