A Family Incident. Johnny had a splinter in his foot, but refused to let anyone touch it. His mother finally appeared with a willow switch in her hand, and under cruel threat, Johnny was ordered to lie still while grandma applied a poultice. "Ma," began Johnny. "Silence!" commanded his mother. The poultice was finally applied and the bandage carefully sewed. Just as grandma and mother were leaving the room, Johnny called. "Say, ma, you've got the poultice on the wrong foot."

Today's Markets

J. S. Bache & Co.'s Cotton Letter. New York, Aug. 20.—On easier cables, and reported cooler temperatures in the Southwest, cotton opened 7 to 8 points lower, and stood the same on the early afternoon prices keeping within a six-point range. There was no feature to the trading, and the leading professional traders committed to the bear side was not down. The news was more bullish than yesterday. In addition to the lower cables and cooler weather reported from Texas, a St. Louis house said the crop in southeast Missouri, Arkansas, northeast Texas and northern Oklahoma had come trying weather condition in good shape. Rain, however, is needed. Paris, Texas reported crops on gray lands practically ruined, but on black lands it was not hurt so much. The Houston and New Orleans dispatches reminded the trade that the boll weevil had been practically exterminated by the extreme heat, and London said the Egyptian crop promised to be a bumper one. Maximum temperatures in Texas yesterday ranged from 6 to 110 minimum 68 to 80 temperatures over 100 degrees were reported from Mississippi and the Southwest generally, but yesterday's weather news was without effect on the markets, except perhaps, to keep it from breaking more than it did. Buying power is limited because of the approach of the new crop movement. Rain was reported today from some points in North Texas.

Day's Dealings In Stocks

By Associated Press.

New York, Aug. 20.—The stock market opened irregular but with stocks which showed the greatest weakness yesterday scoring good gains today. Union Pacific opened at 206 3/4, but met some large sales and went off to 206. Later it got back to its opening figure.

Violent Break in Market.
 There was a violent break in the stock market soon after the opening under influence of bear raid, misgiving as to health of Harrison and manifest lack of support to the recent speculative favorites.

Union Pacific dropped to 204; United States Steel, to 73 1/4 and Southern Pacific to 130 3/8.

The market showed some feverishness, Reading and Union Pacific fluctuating in the neighborhood of a point.

Considerable stock changed hands in an early break, sales for the first hour running above half a million shares.

Local stocks were marked up vigorously. Bonds were heavy.

The market continued to be kept in a rather nervous state by the frequent wide fluctuations in Union Pacific. Indications of support and some demand from the short interest caused a brisk rally afterwards which carried many stocks up from 2 to 2 1/2 above their low prices of the day.

BRIFES

—The Stone-wall Hotel bell boys and lobby servants have been fitted out with blue uniforms.

—A decided improvement is being made at the New York Lunch Room on West Trade street by the placing of a plate glass window in the front, which greatly adds to the appearance of the building.

—Material is being placed on the ground for the erection of the handsome new building for the Belk Department Stores. Work will be pushed very rapidly and the building completed as early as possible.

—The artesian well now being bored to supply water at the Selwyn Hotel has reached a depth of 170 feet. Eighty feet of this distance is through soil, while 90 feet is through a solid bed of rock. The well will furnish one half of the amount necessary to supply the hotel and it is thought that in a few days the well will go deep enough to furnish enough water for the hotel.

Mission Society to Entertain

The Home Mission Society of the Trinity Methodist church will entertain at the home of Mr. J. A. Jones, No. 1011 North Tryon street to-night from 8:30 to 11 o'clock. Refreshments will be served and a musical program will be rendered. A silver offering will be taken. The people of the church, both young and old, are cordially invited to attend and bring any friends.

True Bill in Hurley Case

The grand jury this morning returned a true bill against Mr. D. A. Hurley under the new bill of indictment sent in to it yesterday by Solicitor Clarkson charging the defendant with injury to and mutilation of a building as a result of the shots alleged to have been fired by him at his wife at the Buford hotel some time ago, the original bill of indictment charging assault on Mrs. Hurley, having been changed as a result of the failure of the prosecuting witness to appear here for the prosecution of the case. The bill under which the defendant now stands indicted comes under a statute which makes it an offense for a person to injure or mutilate buildings by firing of pistols or otherwise. The case will probably not come up for trial before next week as Judge F. I. Osborne, the defendant's attorney, is at present out of the city and the case will not be called until his return.

Van Gaffney, colored, who was bound over to superior court yesterday morning from the Recorder's court charged with the embezzlement of \$5 given him by a white man for the purpose of securing a pint of whiskey, was this morning tried and found guilty. He was sentenced to six months in the county jail subject to the orders of the county commissioners.

The case against R. A. Purser in which the defendant was charged with the seduction under promise of marriage of Miss Eva Hughes was not pressed, the defendant having married the young lady and complied with the requirements governing such statutes. Requisition papers had been issued for the defendant, who at the time was in South Carolina and the papers had been received by the clerk here, but the defendant

returned to Charlotte Wednesday night and the marriage was performed. Rufe Walker, charged with retailing was this morning tried and, being convicted, was sentenced to six months in jail. Mr. W. L. McCall plead guilty in a case charging him with retailing and was fined \$50 and costs and required to give a bond of \$100 for his appearance at succeeding terms of court for eighteen months to show good behavior and that he has not been dealing in whiskey. Judgment was suspended in two other cases.

The case against Charley Bostic, colored, charged with assault was begun shortly before noon and is being heard this afternoon. Col. T. L. Kirkpatrick is appearing for the defendant, Charley is charged with having attempted to use a rock on one of his colored neighbors, though he firmly contends that he only picked it up to protect himself against an attempted assault by the latter. Charley said that the prosecuting witness' wife borrowed a pound of sugar from his wife and that when it was returned it contained bits of glass which he contends had been placed in it by the witness in an attempt to injure him. Charley said he was eating a piece of pie, in the making of which the returned sugar had been used, when he discovered that it contained glass. He then examined the sugar and found it full of ground glass. Shortly afterwards he met the witness and asked him why he put the glass in the sugar, and he declares that the latter cursed him and said, "I put it in there to kill you," and started towards him and he simply picked up the rock to protect himself, but did not use it.

The following true bills were returned this morning: Charley Crow, retailing; Elliott Glenn, fraud; Jim Wright, false pretense; Ed. Jones, Car breaking, and D. A. Hurley, injuring building.

Why is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50c.

Ladies Tailoring

I beg to announce to the ladies of Charlotte and vicinity that I will on Sept. 1st open a high-class

LADIES' TAILORING ESTABLISHMENT

at 14 North Church street next to the Y. W. C. A. building. I shall carry a line of fine imported goods and use the latest French models. All garments will be made on the premises and the fit and workmanship guaranteed.
