HIRAM CARPENTER'S WONDERFUL CURE OF PSORIASIS

"I have been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s. psoriasis, and others teprosy, commencing on my scale; and in spite of all I could do, with the help of the most skifful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and skiffering intensely all the time. Every morning there would be nearly a dust-pantial of scales taken from the sheet on my bed, some of them half ass large as the envelope containing this letter. In the latter part of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached betrolt and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sleter living. One Dr. — treated me about two weeks, but did me no good. All thought I had but a short time to live. I carnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs: feet badly swollen; toe-nails came off: finger-nails dead end hard as a bone; har dead, dry and lifeless as old straw. O my Godt how I did suffer.

"My sister wouldn't give up; said. We will try Cuticura." Some was applied on one hand and arm. Eurekal there was relief; stopped the terrible burning sensation from the word go. They immediately got Cuticura Resolvent, Ontment and Soap. I commenced by taking Cuticura. Resolvent three times a day after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura Cintment morning and evening. Result: returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper. Hiram E. Carpenter, Henderson, N. Y."

SENATOR BORAH

Senator Borah of Idaho, who in a recent speech in opposition to the Southerland amendment for the election of senators by popular vote, boldly and bluntly declared that prejudice against the negro is just as intense in the North as in the South and that the North plays the hypocrite by contention to the contrary. The Idaho pronouncement on the race question was made in response to the recent assertion of Senator Root, of New York, that without the Southerland provision the resolution would deprive the Southern negroes of Federal protection in the exercise of the framchise. Senator Borah asserted that the race question had been brought into the controversy as a means of imperilling the resolution.

By Associated Press. Nashville, Tenn., Feb. 28.-A decis on to consolidate the medical department of the University of Nashville with the medical department of the University of Tennessee was reached yesterday at a meeting of the

trustees of the former institution, A bill is to be introduced into the legislature authorizing the consolidation. As both institutions are, in a word, the property of the state, their consolidation is a matter of legislaive action as well as of economy. Except for Montgomery Bell Acade my, this arrangement will sweep away the last tangible element of the University of Nashville.
