"GO SOUTH, YOUNG MAN."
Greely's famous injunction "Go West, Young Man," has been revised and the advice to the present generation is "Go South."

Pneumonia to be feared more than death from gun shot.
The frequent changes of temperature in the fall and winter months are the source of much discomfort and destruction of human life.

SATURDAY, MARCH 18, 1911.

SPRING IS COMING.
The winter must leave us, it's now on the wing, so let's shoot the poet who warbles of spring!
For birds cannot write of the leaves and the trees, without ringing in both the bees and the breeze; they are always referring to sweet woodland nooks in order to work in some rot about brooks, they mangle their metre with sickening thuds, to give us some dope about blossoms and buds, they bring in the robin and bluebird and finch, the gaudy woodpecker—that's always a cinch. Let's shoot up the poets as soon as they sing, and thus do away with the horrors of spring! Too long have they bored us with murmuring streams, with stars and with moons and their second rate beams; too long have they chanted of roses and Junos to people who struggle for bacon and prunes; too long have they warbled of bees and of ants for men who have patches all over their pants. If poets must sing let them cut out the brooks, the meadows, the zephyrs, the picturesque nooks, and sing a few lines about onions and peas, and cabbage and turnips and do-dads like these; then broken backed toilers in garden and yard will list and not throw any bricks at the bard.

The editors of South Carolina are planning a great meeting soon. Although not informed on the subject, we take it Governor Coal Blaise will be the principal orator of the occasion.

Read J. Armstrong Drexel's account of his experience in the air. The story will appear in tomorrow's News, and it is a good one, as those who have read foregoing installments can testify.

HUMILIATED BY CUSTOMS INSPECTORS

New York, March 18.—The wife and a daughter of Joseph Hull, of Savannah, Ga., one of the wealthiest and most influential men in the south, were required to disrobe in their state-room aboard the steamship Lusitania yesterday while a custom inspectress, acting on a mysterious tip, subsequently found to be false, made a vain search for a diamond necklace thought to have been purchased abroad, the search proving futile. Mrs. Hull and the daughter, Eliza Lamar Hull, were allowed to proceed to their hotel, where another daughter, Nina W., accompanied from an attack of typhoid fever had preceded them without having been subjected to search. The necklace rumor dismissed, Customs inspectors scrutinized the family baggage, and charging undervaluations in the case of Mrs. Hull and the daughter, Eliza L., seized the articles in question. Mother and daughter maintained they had acted in good faith, but their explanations were not considered satisfactory to Collector Loeb and the articles were seized. They consist entirely of wearing apparel and will be held until "the home value" that is the foreign cost plus duty, is paid. Joseph Hull, the husband and father, was on the pier to greet his wife and daughter, as was son, Daniel, a cotton broker in this city. All were indignant at the proceedings and threaten to carry the matter to the courts if necessary. "We were made to take off even our stockings," said Mrs. Hull. "Every stitch of our clothing was searched and even our hair did not escape. I consider this treatment an outrage and I had no idea such a thing could happen on American soil." It was explained for the family that the report concerning the necklace had probably come from Savannah where "there was jealousy" over the fact that the Hulls were fortunate enough to enjoy foreign luxuries and finery. As to the undervaluation charge, Daniel Hull said: "My sister, Eliza, was the only one of the three who had previously been abroad, so yesterday my father sent a wireless warning mother and the girls to be very cautious and particular in making their declarations. As to the alleged undervaluation, the total can be no more than \$150 and that was due to the ignorance of my mother and sisters and was done with no malicious intent. "My sister, Eliza, has a diamond necklace which she purchased five years ago in Savannah. A customs inspector there heard of this and got the mistaken impression that she bought the trinket in Paris and was bringing it with her on this trip. Of course, she had no such jewels." It was pointed out at the law department of the customs house that federal laws give the authorities full power to search passengers suspected of having dutiable articles concealed about them, and it was added that there has never been a suit as the result of such a search. Joseph Hull came on here from Savannah especially to meet his returning wife and daughters. He is one of the wealthiest men in Savannah, president of the Merchants' National Bank of that city, chairman of the board of directors of the Savannah Trust Co., a director of the Central of Georgia and president of the Prairie Pebble Phosphate Co. He is credited with having made millions out of phosphate properties.

ASIATICS MUST NOT ACQUIRE LANDS.

By Associated Press.
Sacramento, Cal., March 18.—The judiciary committee of the senate recommended the passage of a bill designed to prevent Asiatics from acquiring land in California. The committee took four bills of this character proposed by members and grouped them into one. The measure recommended provides that no alien who is not eligible to citizenship and no corporation in which such aliens own a majority of the stock shall hereafter acquire land in the state. Land now owned by Asiatics will not be affected so long as it remains in possession of the present owners.

COTTON MILLS SECURE RESTRAINING ORDER.

By Associated Press.
Columbia, S. C., March 18.—Attorneys representing 124 cotton mills of the state have secured an order from Judge Gary of chambers to restrain the members of the South Carolina railroad commission from rehearing the cotton piece goods rate case, which involves a reduction of 20 per cent to all points in this state. The commission reduced the rates and with a change in membership decided upon petition of the railroads to give a rehearing. The hearing will be on April 3rd.

CANADA WILL NEVER CONCENT

By Associated Press.
Berkeley, Cal., March 18.—"Canada will never consent to join the United States," declared Dr. James A. MacDonald, editor of the Toronto Globe in an address to the students of the University of California yesterday. "Much as we admire your republic and much as we honor England, we love our own independence more. But we English speaking nations have a great future before us as the pacificators of the world. We must join hands and demand that war shall cease."

Retail Lumbermen Close Meet.

By Associated Press.
Memphis, Tenn., March 18.—The Southern Retail Lumber Dealers' Association concluded their annual convention yesterday with the election of W. K. Hall, of Fulton, Ky., president; H. E. Ray, Corinth, Miss., vice-president and V. R. Smith, Memphis, secretary. The next meeting place will be decided upon by the board of directors. H. P. Bransford, the retiring secretary, was the principal speaker. He urged the necessity of replanting the forests, contending that the American unit of timber now standing would not supply the demand for more than fifty years.

Commends Dowd's Record.

Speaker W. C. Dowd has received many compliments as presiding officer of the house of representatives. We were satisfied from the first that the members of the house would not make a mistake in electing him as their presiding officer. Dowd, of Mecklenburg, is mighty good gubernatorial timber that ought to be used.—Scotland Neck Commonwealth.

Gunboat Storm Bound.

By Associated Press.
Amoy, China, March 18.—The Chinese gunboat El Cano, en route from Manila for the Yang Tz Kiang is storm bound here.

A COLD, LAGRIPPE, THEN PNEUMONIA.

Is too often the fatal sequence. Foley's Honey and Tar expels the cold, checks the lagrippe, and prevents pneumonia. It is a prompt and reliable cough medicine that contains no narcotics. "Foley's Honey and Tar is the best cough remedy I ever used as it quickly stopped a severe cough that had long troubled me," says J. W. Kuhn, Princeton, Nebr. Just so quickly and surely it acts in all cases of coughs, colds, lagrippe and lung trouble. It is as safe for your children as yours and should be used in all cases of croup, whooping cough and measles cough. Refuse substitutes.—Boven Drug Store on North Square.

BELK BROTHERS

Important Notice.

To the Friends of Temperance:
The Anti-Saloon League legislative campaign that has just closed demanded increased expenditures from our headquarters, therefore we find ourselves today with a larger indebtedness than at any time since the close of our state-wide prohibition campaign. If our organization is to continue to enjoy the credit and confidence of the commercial world, she must meet this indebtedness promptly. The purpose of this notice is to solicit your contribution. Make check of money order payable to the North Carolina Anti-Saloon League and send it to us at Wilson, N. C. If you are a minister, will you kindly present this matter to your congregation or congregations and ask them to contribute. A good friend of the cause very kindly loaned us \$500 when we needed it most in this legislative campaign, which largely aided us in securing our legislation. This must be returned promptly. If you wish to invest money in what has just been accomplished for temperance reform, send us your check. Please respond to this urgent appeal. R. L. DAVIS, Superintendent North Carolina Anti-Saloon League, Wilson, March 16, 1911.

What We Need.

"What this country needs," the Greensboro News declares, "is the silk worm, instead of the hookworm." Correct, and also more sheep and more wool, instead of dogs and hydrophobia.—Salisbury Post.

PILES CURED IN 6 TO 14 DAYS
Your druggist will refund money if PZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. 50c.

No Cause For Regret

TONE

The essence of piano quality is tone. The goal of all piano makers should be tone. That property without which the most elaborately constructed piano is valueless is tone. Without tone durability is a mockery. Without tone a piano is a "thumb box." Tone in a broad sense means character. Synonym for tone is STIEFF
