SIMMONS WANTS FREE LIST BILL TACKLED ON

By Associated Press. Asheville, June 10.—In an interview given to the Washington correspondent of The Citizen, Senator Simmons of North Carolina, declared that he would vote for the Canadian reciprocity pact if the Farmers' Free list was added thereto. He denied the printed statement in a New York paper, which poled the senate on reciprocity question, that he would vote for the treaty as it passed the house. He said: "The New York paper is misinformed. 'What I said, and what I still say, is that I would still vote for the reciprocity agreement if the Farmers' Free list is added to it as an amendment. 'There is a systematic effort to create the impression that the only sincere and genuine opposition to reciprocity comes from the manufacturers of lumber and of paper. That this is a pretense, is conclusively shown by the fact that the democrats of the house, admitting that the treaty would be hurtful to the farmers, passed a Farmers' Free list to compensate him for this injury. Notwithstanding slanderous statements to the contrary, I am against reciprocity because of its manifest injustice and wrong to the farmer. If that wrong is measurably remedied by putting the things he buys, as well as the things he sells, upon the free list, as provided for in the free list bill which has passed the house, I will vote for it. Otherwise I cannot. This is what I have said all the time.'"

"Families And Lawbreakers" Considered

By Associated Press. Boston, Mass., June 10.—"Families and Lawbreakers" was the subject of the morning meeting of the Conference of Charities and Corrections in Ford Hall today. Addresses on family desertion and non-support and the present laws regulating the evil were delivered by Joseph C. Logan, of Augusta, Ga., and by William H. Baldwin, of Washington. The meeting closed with a discussion by J. Prentiss Murphy of Philadelphia, and Miss Minnie F. Lowe, of Chicago. Three other section meetings were held during the forenoon. The standards of living and labor were considered by A. J. McKelway, secretary of the Southern states child labor committee, and by Miss Frances A. Keller, of New York, in Kingsley hall. A continued meeting on the training of social workers, in Pilgrim hall, considered the professional school for social workers, papers being read by Mrs. John M. Glen, of New York, and Miss Zeilpha D. Smith, of Boston. Miss Alice L. Higgins, of Boston, gave a short address on "An Educational Campaign for the Prevention of Drunkenness" in Twentieth Century hall, which was followed by a discussion by the delegates. Moving pictures were used to demonstrate the society's views on housing, health and recreation, the films illustrating the spread of the disease by the house fly, the fight for pure milk, the work against tuberculosis and attempts to secure a safe and sane Fourth of July.

Garment Makers Strike Results In Fatal Quirel

Mystery Darker Around Murder

Special to The News. High Point, June 10.—The funeral of the late Mrs. Joel Hill, who met death so mysteriously at the home of her mother, Mrs. J. S. Ragsdale at Jamestown, was held at Lexington yesterday afternoon. A large number of friends from Jamestown and Greensboro attended the service. There seems to be no clues to the search for the supposed burglar has ceased. The family have offered a reward of \$500.00 for the capture of the parties and have issued circulars describing the tragedy. The watch and pocket book which in the excitement were missing were found under the pillow of the deceased's bed. That nothing whatever was taken from the house, not even the diamond ring from her finger that the childrens door was closed and none of the nine other people sleeping in the house were harmed or even aroused strongly advances the theory of suicide. The mask very much resembled those shown in a local entertainment some time ago and it is most probable one could have been in the room. The family refuse to believe other than cold blooded murder, by a burglar and are doing every thing possible to clear up the mystery.

Garment Makers Making Every Effort to Swell Ranks of Strikers--Many Recruits are Expected During the Next Few Hours.

By Associated Press. Philadelphia, June 10.—The Baldwin Locomotive Works, where boiler-makers this week inaugurated a strike which spread to all departments, were practically shut down today, the men who had remained at work being told not to report again until Monday. The real test of strength between the organized men and the company will come on Monday, when all departments will be thrown open. More than ten thousand men are affected by the virtual shutting down of the plant.

HOW UPRISING WAS FRUSTRATED.

By Associated Press. Victoria, B. C., June 10.—The steamer Titan brought the news from Canton today that Admiral Li, who is in charge of the naval forces in south China, frustrated the recent uprising. He sent one of his lieutenants to profess himself a revolutionist. The officer obtained the papers of the rebels, having been elected an officer in the revolutionary forces and photographs made which were sent to Admiral Li. The documents show that it was the intention to establish a military government in south China. All arrangements were made for a provisional government and the edicts had been prepared ordering that no foreign interest be interfered with. No revenge on the Manchurs was contemplated as intended by the earlier revolutionists. Plans were made for enforcing loans from rich Chinese for payment of the army.

Boiler Works Shut Down.

Philadelphia, June 10.—The Baldwin Locomotive Works, where boiler-makers this week inaugurated a strike which spread to all departments, were practically shut down today, the men who had remained at work being told not to report again until Monday. More than ten thousand men are affected by the virtual shutting down of the plant.

ELECTROCUTION TO REPLACE HANGING.

By Associated Press. Washington, June 10.—Electrocution may be submitted for hanging for capital offenses in the district of Columbia if a bill introduced yesterday by Representative Caleb Powers, of Kentucky, becomes law. It further contemplates commutation of the death sentence to life imprisonment in case of female offenders. The bill was inspired by the case of Mattie Lomax, a negro woman now under sentence to be hanged for the murder of her husband.

Piece Of Glass In Face 3 Years

Mr. J. J. Hutchison Carries a Piece of Glass Imbedded in his Cheek for Three Years--Removed To-day by Dr. Gibbon.

A piece of glass an inch long and about 3-4 of an inch wide was cut out of the inside of Mr. J. J. Hutchison's right cheek this morning by Dr. R. L. Gibbon. The glass had been imbedded in the fleshy part of the cheek for three years. Recently Mr. Hutchison felt a hard lump in the inside of his cheek, but thought nothing of it until it commenced to get sore. He went to Dr. Gibbon, and this morning Dr. Gibbon cut into the cheek and discovered the glass which he cut out. News' readers will remember that three years ago Mr. Hutchison and his wife were out driving (and it was Friday) as the street car approached the horse became frightened and ran, colliding with the car. Mr. Hutchison was thrown against the car window and was painfully cut by the flying glass. Some time afterward his face pained him and Dr. Gibbon cut in to see what was the trouble and found Dr. large piece of glass. The glass had entered the lower jaw and was cut out near the temple. It was thought that this was the last of the painful reminder of the disastrous drive. The find of today was a surprise to the doctor as well as to the patient. For three years this thick piece of glass has been imbedded in the flesh, causing no trouble until about a week ago. Mr. Hutchison's experience has been a remarkable one.
