Carolina Ass'n Didn't Hit the Bull

Interesting Facts in Connection With the Bull Sign on All Ball Fields—Has Been Hit 238 Times This Year in all Parts of the United States.

That the baseball players throughout the country have something other than honor and glory, together with their weekly stipend, to look forward to, is strongly emphasized in the annual report which has just been issued relative to the Bull Durham signs, which are located in the majority of the baseball parks in the United States. In connection with these signs there

is an offer of \$50.00 in cash to any player hitting the Bull with a fairly batted fly ball, and a carton of Bull Durham for every home run made in one of these parks. The Bull signs have been hit 238 times this past season, which hits have enriched the fortunate players by \$11,900.00. In the parks where the Bulls are located, there have been 4,322 home runs, and as a result, the heavy hitters have received free tobacco to the extent of 19,448 pounds, or 311,184 five-cent packages.

A special report of the work in the Carolina Association parks is given herewith.

Annual Flower Exhibit Enjoyed

Interesting Exercises at The Annual Chadwick-Hoskins Flower Show—Mr. Cameron Morrison.

One of the most interesting events of the year at Chadwick-Hoskins is the annual flower exhibit. The exhibit for this year was held Saturday night in the Methodist church. A stranger looking in on the scene of beauty would never have thought that this was accomplished in spite of one of the worst droughts in our experience. The house was crowded with interested spectators and auditors, for the speaker of the evening was the Hon. Cameron Morrison. There are a great many people in the Chadwick-Hoskins community who are from Richmond county which is also the native home of Mr. Morrison. They know what to expect from him in the way of a speech, and were not disappointed. Mr. H. H. Boyd presided, and made some appropriate remarks. The work has been done during the year under the supervision of committees composed of Messrs. L. A. Hall, I. S. Wallace and R. H. Ingle, the first named of whom has given a great deal of time and effort to this work. The judges of the yards during the year were Messrs. M. R. Turnbull and John Williamson. Rev. J. A. Baldwin announced the decisions of the committee and awarded the following cash prizes:

First prize of \$7.50 to Mrs. W. A. Green; second prize of \$5.00 to John Warner.

Prize for greatest improvement \$5.00 to Mrs. J. W. Day. For best overseer's prize: J. R. Beard.

The following received \$2.50 prizes: C. C. Ingle, Ed. Hooper, W. M. Martin, Mrs. Clarke, H. C. Redding, R. H. Siles, Jeff Spurrier, Mrs. Hamby, Mrs. Gussie Wilkinson, E. C. Dellinger, Mrs. Florence Lassiter, A. L. Mills. One dollar prizes were awarded the following:

Mrs. Withers, Will Morton, A. B. Hathcock, Baxter Wilson, Thad Farmer, C. H. Bogan, Jake Simpson, John Richards, A. C. Medlin, Burlin Caude, V. F. Helms.

Rodgers' Record Flight Ended

Pasadena, Cal. Nov. 6.—C. P. Rodgers, completed his trans-continental flight yesterday, landing here at 4:04 p. m. He left New York September 17. Official figures of Rodgers' flight given by his manager show: Total distance 4,231 miles; flying time 4,324 minutes. Rodgers landed at 4:10 o'clock. Today he expects to fly out over the Pacific and thus make the epoch-making feature of aviation. Rodgers appeared in the sky shortly after 3 o'clock. He was sighted by telescopes from the solar observatory on Mount Wilson and word flashed down the mountain by telephone brought 2,000 persons to Tournament park. Flying at a height of about 5,000 feet, Rodgers hovered over the city for a few minutes, then circled in a wide spiral and volplaned down. His landing was a signal for a rush and Rodgers literally was mobbed. Rodgers started on the last dash of his flight from Banning, Cal., a little town out in the desert where his arrival had interrupted the only diversion of the year—the funeral dance of the Mojave Indians. Taking the air at noon, Rodgers ascended gracefully in the face of a 20-mile wind until he had reached an altitude of 400 feet. Then he set his course directly west and sparked his motor up to a thirty-mile gait. The flier arrived over Colton at 1:37 p. m., with his altitude increased to 1,000 feet and he kept this height until he neared Pomona, 21 miles from Pasadena. He remained there until after 3 o'clock renewing his supply of gasoline and refilling the tank of the leaking radiator that brought him near disaster yesterday.

County Commissioners Meet

At the regular meeting of the board of county commissioners this morning the G. W. Requarth Co., who is building the bridge across the river at Sloan's Ferry submitted their report and asked for \$18,391.50 due them now for work already done on the bridge. This money is due now according to the contract. The company submitted a report of the work already done and stated that they expect to have the stone and masonry work done by the middle of March and that the steel work will be finished in 60 days after that date. The work now is several days ahead of what the contract calls for. The other business of the meeting was the regular routine work, receiving bills, reports, and complaints as is the case when ever this board convenes.

The World And Its Troubles

The grafters go on grafting and the bribers bribe away; The bosses still grow fatter and the people have to pay; Men with schemes that are unfair, Keep on thriving everywhere, But the world goes on contriving to get better day by day.

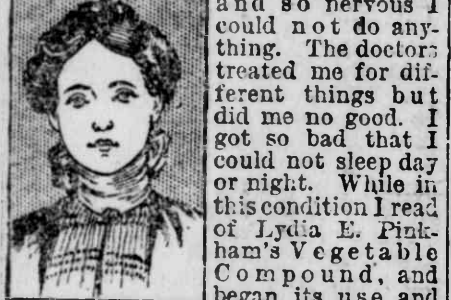

The thugs are busy shooting, and the gangster's arm is strong; The men we choose for office are inclined to wink at wrong; Though we do our best to drive out the crooks and thieves, they thrive. But the world keeps bravely getting somewhat better right along.

The rich lawbreakers calmly keep pursuing the old game; They are ever busy claiming what they have no right to claim; And the public has to pay, But the world, with all its troubles, keeps improving just the same.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."

—Mrs. SALLIE STEVENS, B. F. D., No. 3, Box 91, Waurika, Okla.

Another Grateful Woman.
Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help. I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life."

"My doctor knows what helped me and does not say one word against it."
—Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

County Education Board Meets

The county board of education met this morning in regular monthly session in the office of Professor Cochran at the court house. Several matters of interest were discussed and a great deal of routine business was transacted.

Two school districts of the county petitioned the school board to call an election in order that the people of the district might vote special school tax. The two districts were district No. 3 (Cochran Academy), Morning Star township and the McAuley school in Huntersville township. The election was set for December 12th, in each case.

Punishment is Death.
By Associated Press.
Washington, Nov. 6.—A life term in prison who assaults another person with a deadly weapon is punishable with death under a decision announced by the supreme court of the United States today upholding the constitutionality of a California statute. In so holding the court declined to interfere with the death sentence imposed on James W. Finley, at Sacramento.

Miss Prim—I am firmly convinced that marriage without love is a crime. Miss Caustique—Yes, it is almost as criminal as divorce without alimony.
