## "Johnny" Bethune Goes to New Orleans

The many friends of Mr. Johnny Bethune, will be interested to learn that he has gone to New Orleans to accept a place in one of the large drug stores of that city. Mr. Bethune has been with the Tryon Drug store for some time. He is a fresco artist whose work in the store has attracted so much attention. His talent is being so much appreciated. He has a fortune in his brush.

## Major Handy of Washington, Dead

Mrs. W. C. Scott, mother of Miss Suddie Scott, received a telegram this morning announcing the death of her brother-in-law, Major F. A. G. Handy, which occurred at an early hour this morning. Mrs. Scott will leave in the morning for Washington to attend the funeral.

Major Handy was prominently known in the capital.

## Work Resumed on Terminal Station

Work on the Terminal station and Commercial National Bank buildings has been resumed in full force and the workmen are pushing it with a vigor that bespeaks of a determination to make up for time lost on account of the inclement weather.

The marble work on the skyscraper has been started, when finished it will look a good deal like the Nick-erbocker Trust building in New York.

Two women were leaving the theatre after a performance of "The Doll's House."

"Oh, don't you love Ibsen?" asked one ecstatically. "Doesn't he just take all of the hope out of life?"

You can't say of the Magistrate that he is non-committal.

It requires a certain amount of pull to take time by the forelock.

## SOUTHERN RY. ACTIVE IN AGRICULTURAL WORK

Co-operates With State and Federal Authorities and Has its Own Horticultural, Live Stock and Dairy Agents.

Today the greatest attention is paid to the development of the agricultural resources. This development must be largely through the efforts of the people already on the farms and resident in the states of this section. The homeseekers from the North and from Europe will aid by their work and their practical experience, but it is through better farm education and better farming and the improvement of farm conditions that the best and widest development will result.

To the efforts of the United States and State department of Agriculture, the college of agriculture and the experiment stations, the Southern Railway is giving the best co-operation it can. Through President Finley and through the Land and Industrial Department it is helping to circulate the bulletins and other publications of the Agricultural Departments which are of special value to the Southern farmer. A few years ago when it was decided by the United States Department of Agriculture to operate model farms in different parts of the country the Southern secured the location of many of these farms in its territory and the farms so located have been of great value in improved farm methods in many communities.

To the United States farm demonstration work in the South the same co-operation has been given, and today the Southern's own agricultural agents are working in co-operation with the agents of the farm demonstration bureau. A few months before his death the Land and Industrial Department arranged with the late Dr. S. A. Knapp for a series of a dozen addresses in the South in which he discussed, in the most comprehensive manner ever undertaken, the special needs and opportunities of the Southeastern farmer. These addresses brought about greatly increased interest in farm improvements and more profitable farming throughout the territory.

The company is in constant co-operation with the various state departments of agriculture, enlisting their help for the farmers of particular districts, making use of their investigations and securing their suggestions in the introduction of new crops or the development of special lines of agriculture in various communities; and, wherever possible, aiding these departments to make their work more efficient.

Special agricultural and horticultural agents are maintained by the Southern Railway to study the agricultural possibilities, to do direct work with farmers in giving instructions, where desired, regarding improved methods of farming and crop diversification and working for new lines of farm development. Co-operation is given fruit growers in the packing of fruit for shipment and in marketing it.

The development of the live stock industry is given special attention. President Finley has personally given much time to the circulation of literature calling attention to the loss to the Southeast from the cattle tick in the infested districts and to the practical work of eliminating the tick. A dairy agent, under the Land and Industrial Department, is at work to develop the dairy interests, and his work is doing much for this industry. A live stock agent, under the Freight Traffic Department, assists the farmer in his shipments, in developing markets for his stock and in other ways of advancing this industry.

The Southern Railway System is co-operating with the state agricultural authorities in running institutes and other special trains. A dozen trains have been run in a single year. The work of these trains is carefully followed up.

From time to time pamphlets, leaflets and circular letters are printed for the benefit of the Southeastern farmer.

### MANICURING PARLORS

Try Leitha Jones' Manicuring Parlor, Shampooing, Facial and Scalp Massage. Chirpody a specialty. Hair Goods made to order. A real beauty shop. No. 12 N. Tryon St.

## NO CONDEMNATION HEARING TO-DAY

Mr. C. C. More, clerk of the court, before whom the condemnation proceedings brought by the city water board against certain land holders to obtain a right-of-way to the river for the new water system, this morning appointed the following arbitrators in the case of the water board against Mr. W. S. Alexander and the Industrial Development Co.:

Messrs. J. A. Durham, McD. Watkins, H. G. Ashcraft, George P. Wadsworth and E. L. Keesler.

The case of the water board against Messrs. Henry and L. L. Grass was heard by the clerk of the court this morning at 11 o'clock.

Mess. D. P. Hutchison, chairman of the board of water commissioners, and Engineer Gilbert White, were present. It was announced that the matter had been adjudicated out of court. That leaves only the cases of the water board against R. L. Todd, which is set for the 16th.

## A Wise Investment To Make

Did you receive a call yesterday from a lady with a genial manner, and a sparkle in her eye?

If you were thus favored, we venture a prophecy that you could not resist buying a "concert-lecture," to be given here, in the near future by Mile. Sofia Stephal, under the auspices of the Charlotte Humane Association, at the Y. M. C. A.

If you did, your investment was a wise one for your purpose accomplished a two-fold object. Charitable organizations in which you are interested are securing financial aid (and you are gaining the privilege of hearing one of the greatest artists of today, whose programs appeals equally to the men as to the women, to the non-musical as to the musical.

Did you subscribe? If not, you had better attend to the matter at once, for thereby three persons will be profited, you for your money's worth is assured, the National Society, for its expenses are thus provided for, and the local auspices which receive financial benefit from the sale.

## Operation May be Necessary

The many friends of Mr. Tom Genry will regret to learn that he has been confined to his bed since last Wednesday with an attack of appendicitis.

It is feared an operation will be necessary.

With some people life is just one indignation meeting after another.

All things come to those who wait, provided they wait on themselves.

## CONDITIONS ENCOURAGING

### Management of Southern Railway is Making it Helpful Factor in Southern Development.

Washington.—A most encouraging view of conditions in the Southeast is presented in the annual report of the Southern Railway company, which states that one of the most important factors in the strength of the company's position is the industrial and agricultural development of the territory traversed by its lines. The marked agricultural progress due to the general adoption of approved methods by the farmers of the Southeast, particularly the increase of diversified farming, and the diversification of industries are noted.

The management of the company, with a broad conception of its relations to the public, is making the way not merely a carrier of the people and products of the South, but also a helpful factor in Southern development. The report sets out the efforts being put forward to increase the prosperity of the people already in the Southeast, and, to attract investors and desirable settlers to the territory served by the lines of the Southern Railway. A review is given of the work being done by the cotton culture department, which is teaching farmers, in localities where it is possible the boll weevil may spread, to successfully combat the insect should it ever appear in their fields, and thus maintain their production instead of having to learn how to deal with it after it appears.

The work of this department will be extended to cover all territory along the company's lines to which there is even a remote danger that the weevil may spread. The importance to the South of maintaining its monopoly of cotton production is pointed out in connection with the vigorous efforts being made to raise cotton in other parts of the world. The report shows that the company is also encouraging live stock raising and dairying in its territory. Recognition is given the newspapers of the Southeast for their valuable assistance and also to commercial organizations, to banks and individuals who have aided the company in all its efforts to advance the agricultural prosperity of the Southeast.

The more important additions and betterments completed and undertaken during the year are shown, among them the double track lines through Lynchburg, Va., and into Chattanooga, Tenn., 38 miles of double track between Atlanta and Gainesville, Ga., modern lap-sidings on the line between Atlanta and Macon, Ga., Knoxville and Chattanooga, Tenn., and Morristown, Tenn., and Asheville, N. C., new freight station and office building at Atlanta, additional freight station and yard facilities at Macon, and additional wharf facilities at Mobile, Ala.

From time to time pamphlets, leaflets and circular letters are printed for the benefit of the Southeastern farmer.

## NEW WORLD'S CHAMPIONSHIP SCHEME OFFERED

By Associated Press.

New York, Jan. 12.—A proposal for a new world's championship scheme to replace the Davis cup competition in lawn tennis will be discussed by representatives of Great Britain, Austria, Belgium, France, the United States and Australia at a conference to be held in Paris next July.

"The purposes of the conference," says the president of the Union Des Societes Francaises de Sports Athletique "is to decide whether it is desirable to institute a lawn tennis championship of the world and if the answer is in the affirmative to formulate rules to govern the competition and to select a time and place for holding the first meeting."

For a number of years there has been talk of a world's championship lawn tennis meeting. It is felt that the Davis cup competition, while in a measure serving the purpose, has never done so fully, owing to its being a contest between nations instead of between individuals.

## Mistah Johning Is Indignant

By Associated Press.

Chicago, Jan. 12.—"I guess that's discrimination for you," said Jack Johnson, world's heavyweight champion last night in discussing the statement of Commissioner O'Neil that Johnson would not be allowed to box in New York.

"As an American citizen," he continued, "I would like to know if I have not the same right to box in New York as any one else. Will you allow boxers to go in the ring there who are not even American citizens. They allow Langford to box there. Then why do they stop me?"

"I am not overanxious about boxing in New York and I would not unless I had a western referee. I will down them in a short time and will make it a special point to call on Mr. O'Neil and ask some reasons for his actions."

## TWO CHICAGO UNIVERSITIES HURDLERS

Chicago, Jan. 12.—Lawrence Whiting and George Kuh, leading hurdlers of the University of Chicago, have withdrawn from the track team for the season. Both men made this announcement to Coach Page, of the indoor team yesterday.

Whiting who was chosen football captain for 1922, has quit classes for the quarter owing to outside work, and Kuh is not in fit condition physically.

## TRAINING GROUNDS FOR CHICAGO AMERICAN LEAGUE CLUB.

Chicago, Jan. 12.—Harry Grabner, secretary of the Chicago American League Club, will leave tomorrow to look for suitable training grounds for the team.

He will visit Fort Worth, Corsicana and Galveston, and within a few days make a recommendation to President Gomiskey.

Grabner will be gone about two weeks and will also arrange several exhibition games for the spring trip. He will go to Dallas, Wichita, Topeka, Kansas City, St. Joseph and other places for the purpose of making dates for games.

## COLLEGE MEN ALLOW SUMMER BASEBALL.

Chicago, Jan. 12.—The college athletic conference, composed of minor colleges in the middle west, has decided to allow summer baseball, providing the players do not play while college is in session.

The college athletic conference will hold its annual meeting here tomorrow at the University Club.

## Mr. Geo. Norman Clerk at The Gem

Mr. George Norman accepted a position as clerk in the Gem Hotel this morning. For several years past Mr. Norman has been with Mr. C. E. Hooper, at the Buford. Last season he was head clerk at The Oceanic. Mr. Hooper's hotel at Wrightsville Beach.

Mr. Norman expects to return to the Oceanic next summer.

## WHAT WINTER DOES TO WOMAN'S BEAUTY

("Parisienne" in Woman's Journal.) "Wind and cold weather roughen, reddens and chaps the skin. The best protection is a home preparation made by dissolving a small original package of mayatone in half a pint of witch hazel. Apply to face, neck and arms. It will not rub off or show like powder, and it makes the skin, soft, smooth and satiny."

"If you now have chaps or cold sores, apply Mother's Salve before retiring. It is antiseptic and healing and is a splendid remedy for pimples, eczema, sores and all skin afflictions."

"Dry shampooing is preferred to washing the head, because all wet shampoos make the hair dry, brittle and colorless. To make a dry shampoo put a cupful of corn meal in a fruit jar, add the contents of an original package of therox and shake together well. Sprinkle a spoonful on the head and brush through the hair, and the scalp and hair will be clean and sweet. It leaves the hair light, fluffy and beautifully lustrous."

## CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Peck*

## Take Too Big Chances

Why is it that men and women will never learn that overwork and nervous strain will certainly ruin health. Every day the papers tell of the dreadful results of overtaxing one's strength, yet the others keep right on without profiting by the lesson.

Henry Jacobs of Ninth avenue, N. Y., went through this experience and now writes in a letter: "I was in bad health for two years, very nervous and weak, no appetite, could not sleep well and had no ambition or energy. I was getting worse all the time."

"But since I began taking Vinol there is a wonderful difference. I have gained 14 pounds in less than two months, have a splendid appetite and can enjoy my meals. My nerves are strong and I sleep soundly. I simply feel fine now, which shows what Vinol did for me."

"Our delicious cod liver and iron remedy, Vinol, will do as much for all other run-down, worn-out people, if they will only give it a chance. There is no risk for we give back the money if Vinol fails to satisfy. R. H. Jordan & Co., Druggists, Charlotte."

## Camera Club Will Meet To-night

There will be an important meeting of the Camera Club of the boys' department of the Young Men's Christian Association tonight at 8:30 o'clock.

As special business is to come before the club including the election of a president to succeed the present incumbent who has tendered his resignation, ever member is urged to be present.

The meeting is called at 7:30 as it is necessary to close by 8 o'clock on account of Bible classes and the entertainment.

## Mr. Harding to Address Boys

W. F. Harding, Esq., will address the meeting for boys at the Young Men's Christian Association next Sunday afternoon at 5 o'clock.

As Mr. Harding has addressed the boys on several previous occasions, the simple announcement that he will address them again on Sunday will assure a large attendance.

A cordial invitation is extended to all boys of the city to attend the meeting.

It's a good plan to attend strictly to business, if it's your own business.

It isn't very exciting for a girl to marry a man none of the other girls want.

### FOUND—We occupy the same number on South College St. (24) as we formerly occupied on N. College St. Lawing-Robbins Furn. Co. 30-1t

### The Limit.

Jack Bradley, an Atchison traveling man, is a clever ventriloquist. The other day, at Denton, Bradley had Forrest Warren, an Atchison Globe representative, chasing up and down the street and through alleys looking for a supposed farmer who kept up continual calls for the Globe man. When the "farmer" said "I want to pay him five years subscription," Warren broke down the door in William Gillan's store in his search for the mythical voice.—Kansas City Journal.

### The Appropriate Hymn.

(From the Macon Telegraph.) At a Baptist convention in La Grange some years ago the preacher who delivered the convention sermon read from manuscript. He used small sheets of paper, and as he read one he laid it aside on the pulpit. As the sermon was long (and many leaves) the minister in concluding, said: "We will close the service by the choir selecting some appropriate hymn." And the choir, by association of ideas perhaps, unconsciously sang, "Leaves, Nothing but Leaves."

### Firemen Want Increased Pay.

By Associated Press. Savannah, Ga., Jan. 12.—A delegation representing the firemen of the Central Georgia Railway, came to Savannah this morning for the purpose of conferring with the officials of the system relative to an increase in pay. At 11 o'clock this morning they went into conference with General Superintendent Johnson and General Manager Moise.

### If the pot called the kettle black, what would it think of the fireless cooker?

### WOOD YARD

WOOD, WOOD. PHONE 3222. Good dry oak and pine wood cut any length and delivered promptly, from our big shed, 222 East Eighth St. (Dowd's Wood Yard). Get our prices. C. M. SING. Phone 3222, 222 East 8th St. (Dowd Wood Yard).

### FOR RENT

FOR RENT—One furnished room, steam heat, 302 No. Tryon. 12-2t

### FOR RENT—Furnished room for gentlemen, 14 S. Brevard St. 12-1t
