New York, Jan. 13 .- Cotton, spot closed quiet; middling uplands 965; dog ulf 990; no sales.

## New Orieans Coiton

New Orleans, Jan. 13 .- Cotton futures opened quiet and steady, unchanged to 4 points off compared with the close of yesterday. Cables were not as high as due but their effect on prices here was slight. Buying was heavy immediately after the call and rices responded quickly. Shorts who wanted to cover-over the week-end appeared to be the best buyers. The low temperatures and considerable snow were reported in the cotton belt. They helped the market some. At the end of the first half hour of business prices were 5 to 8 points over yesterday's final quotations.

Spot cotton steady, unchanged; middling 9 5.8; sales on the spot 850; to Low middling 8 7-8; strict low mid-

days of January an increase dling 9 7-8; good middling 10 1-8; strict dling 9 1-4; middling 9 5-8; strict midgood middling 10 15-16.

Around the midle of the morning satisfied longs who wanter to realize profits over the week-end heavy selldays of last year 1,379,000 and than the demand. eBars wer quick to tak advantage of the situation and they sold enough to exert considerable pressure on the market with the result that prices took a sudden slump of about ten points. On the decline buying started afresh, being about equally divided/ to all apearances, between bulls who were determined to support the market and shorts who wanted to even up. In the last hour of trading the market was steady and bulls succeeded in putting the most active months 2 to 4 points over yesterday's last quotations.

The market closed very steady at a net advance of 1 to 3 points.

LOCAL REPRESENTATIVE wanted. No canvassing or soliciting required. Good income assured. Address National Co-Operative Realty Co., V 1118 Marden Building, Washington,

No remedy that does not entirely remove the cause of Catarrh from the blood will ever make a permanent cure of the trouble. Just as long as the circulation remains contaminated with the impurities and catarrhal matters which produce the trouble, the mucous membranes or inner linings of the body will be kept in a state of irritation and disease. Sprays, lotions and other local applications will sometimes temporarily relieve the tight, full feeling in the head, buzzing noises in the ears, uncomfortable, stuffy feeling of the nostrils, and help to loosen the mucus in the throat; but Catarrh is a constitutional blood disorder and until it has been entirely driven from the system there can be no permanent cure. S. S. S. cures Catarrh by removing the cause from the blood. It attacks the disease at its head and by thory oughly purifying and cleansing the circulation, and ridding it of every particle of impurity, and at the same time enriching the blood, allows the inflamed and irritated membranes to heal, improves the general health, and stops every disagreeable symptom. S. S. S. reaches down to the very bottom and leaves no trace of the disease in the system. Book on Catarria and any medical advice free to all who write.
