

A NOBLE RECORD

Of many hundreds of thousands of cures forms a well sustained basis for every claim put forth by the makers of DR. PIERCE'S GOLDEN MEDICAL DISCOVERY as a remedy for many of the troublesome affections which afflict mankind; yet it is not extolled as a "cure-all" by any means. No extravagant promises are flaunted before the public to arouse false hopes in the afflicted. Your neighbors probably know of some of its many cures; ask them.

Through strengthening and arousing the stomach, liver and bowels into vigorous action, digestion is promoted, whereby the blood is enriched and purified, disease-producing bacteria destroyed and expelled from the body, and thus a long list of skin, scrofulous and kindred affections are overcome and sound, vigorous health established.

The "Discovery" contains no alcohol and no habit-forming drugs, and has its every ingredient printed on its wrappers. This OPEN PUBLICITY places it in a class distinct from the ordinary secret nostrums with which it has no relationship. Physicians, therefore, do not hesitate to prescribe it in bad cases of indigestion, torpid liver or biliousness and in skin and blood affections. People of intelligence and keen discernment employ it. The "Discovery" is a pure glyceric extract of native medicinal roots of great curative potency, and can in no case do harm to either child or adult. The aged find it a great invigorator.

You can learn more about this time proven and popular "Discovery" from the People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a newly revised, up-to-date edition of which is now offered, in cloth covers, post-paid, for 31 cents in one-cent stamps, to cover cost of mailing only; or in paper covers 21 cents. PINEVILLE ITEMS

Special to The News.
Pineville, N. C., Feb. 2.—Mrs. Henry and children, formerly of Tampa, Fla., who have been on an extended visit to Mrs. Henry's parents, Rev. and Mrs. Kingsley, at the Presbyterian manse, left for Massey, Va., their new home, last Friday, where they joined Mr. Henry who preceded them several weeks ago.

Rev. Mr. Davis and family, the former of whom has accepted the pastorate of the Baptist church here, arrived last Saturday. Quite a number of the ladies of the congregation had the luncheon in "apple pie order," filling the pantry shelves with nice edibles, cooked and uncooked, rearing the dining room, in which was a spread on the pretty table, most tempting and appetizing. Afterwards they met the good preacher and family at the station and escorted them to their new home, which was warm and cozy with cheerful fires in the rooms and bright with light. Mr. Davis preached his first sermon as pastor at the Baptist church last Sunday and made a most favorable impression.

Miss Julia Wallis of Charlotte, who has been visiting her sister, Mrs. L. E. Devlin, on Polk street, returned yesterday.

Mrs. C. Raeford, of Rock Hill, S. C., who has been the guest of her sister, Mrs. J. H. Howard, on Gay street, returned last Monday.

Miss Mary Rome Jones, of Charlotte, is visiting her aunt, Mrs. Nannie Downs, on Fisher street.

Mr. W. A. White, who was called to the bedside of his mother at Cornelius last Saturday, returned yesterday.

Miss Minerva Garrison spent the week end with her parents, Mr. and Mrs. W. M. Garrison, and returned to the Presbyterian College yesterday, where she is a student.

Messrs. J. Will Younts and W. Guy Taylor, the former of Greensboro, and the latter of Columbia, spent the week-end with home folks in the village.

GROWS HAIR ON BALD HEADS

Bald-Headed People May Get a New Chance in Life.

In these days when youth is the moving factor in business, when a man makes his mark at thirty-five and is ready to retire at forty-five, when business houses pension the man we call "middle aged" rather than allow his lagging influence to intrude upon the commercial rush, a bald head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a known cause. Yet, it is not a coloring matter or dye.

This combination of curatives mixed with alcohol as a stimulant perfects a most effective remedy for hair and scalp troubles.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpin. It helps to make the scalp healthy, to nourish the hair, to stimulate the follicles. Where the hair is already bare, it enters the follicles, revitalizes the roots, supplies nourishment, and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic, on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except, of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. R. H. Jordan & Co.
