A GOLDEN OPPORTUNITY TO HAVE YOUR HOUSE EQUIPPED FOR ELECTRICITY

We Pay the Contractor Cash for the
Wiring and Fixtures

You Pay Us in Twenty-Four Monthly Installments
Without Interest

About fifteen months ago we made a similar offer which met with the hearty approval of many as was evidenced by the great number of people who took advantage of the offer. However, there were quite a number who failed to avail themselves of the opportunity, and as we have had many inquiries from time to time, we have decided that on February 15th, we will put this proposition on for a short period again.

No application however, will be accepted until February 15th, but we will be pleased to explain this proposition in detail at any time.

This offer applies to parties within reach of our lines, owning their homes, paying for them through Building and Loan Associations, or where satisfactory arrangements can be made between property owners and renters.
