PRES. BALDWIN MAKES REPORT

The report of President J. A. Baldwin of the Southern Industrial Institute made this week to the board of directors of that institution, is a very interesting one as showing not only the present flourishing condition of the institute but also its bright prospects for the future. The directors were very much gratified at the condition of affairs in the institution and are exceedingly hopeful as to its future.

The report of President Baldwin's report, in part, follows:
"I am very glad to report that we are having the most satisfactory year in our history, ninety-seven boarding students have been enrolled since the opening in September; sixty-one boys and thirty-six girls. There have been 258 day pupils, making a total enrollment of 355. Thirty-two have worked a week and gone to school a week, thus paying all their expenses by work.

"The 'week about' plan has been very interesting. Some of the boys work on the farm, some by the kindly co-operation of the Hoskins Mill work in the mill, and the girls do the house and laundry work of the school. The students themselves are very much pleased with the system. I think, without a single exception. There are several things in its favor.

"1. The work of the students is remunerative in a way that is impossible when they work only two or three hours a day. It is therefore possible for a great many to come this way who otherwise could not.

"2. They learn by doing—the best way to learn.

"3. It keeps students tied to the only work they can do, unless and until they show special aptitude and desire for some other. The mistake is thus avoided of unfitting young people by education for the only thing they can do, and failure to train them for the only thing they can do and ought to do.

"4. It suits especially young people who have had but few educational advantages. Such students, whose minds are dulled by lack of training, are apt to become discouraged at their seemingly slow work ends they are sometimes discouraged at their seemingly slow progress in their books. The next week the manual work tones them up and they are anxious when the time comes to get back to their books.

"The report of the farm is unfortunately not so good. The severe drought of last summer very seriously affected our crops. But it could have hurt us much worse than it did but for the fact that we have been doing deep plowing and getting at the same time more vegetable matter in the land during the last few years.

"I am particularly glad that we have gotten the problems of the school so worked out, and the faculty so developed that I can be away a considerable part of the time without hurt to the school. This gives me an opportunity to see after the financial needs of the work as I have not been able to do before. It enables me also to do quite a good deal of extension work in the cotton mill communities of the Carolinas. During recent months Mr. Schlichter, Dr. Foster and myself have given a number of stereopticon lectures, and a much larger number will be given during this year. Special attention will be given to encouraging the making of pretty flower yards and vegetable gardens in mill communities.

"Mr. A. J. Draper, who has for some time held the place of chairman of the finance committee of the board of directors, was made vice-president of the board, but also remains on the finance committee. Mr. W. W. Watt succeeds Mr. Draper as chairman of the finance committee.

CHARLOTTE LADY'S LEAP YEAR BID TO CONCORD'S MAYOR

Special to The News.
Concord, N. C., Feb. 8.—If Concord doesn't soon have a "Mayoress" no one will be to blame but C. B. Wagoner. For in this good leap year Concord's handsome bachelor mayor has been granted the privilege of joining the Benedictines. The invitation was extended to him in a letter which he has just received and comes from a person who is in a position to safely conduct him into that realm, the person being none other than a Charlotte young lady.

The letter contained a proposal and also a description of the kind of silk dress she would desire should the mayor refuse to succumb to her charms. The following is the description of the dress as given in the letter:
"Sky blue preferred. Size 48. Length of skirt 42. Waist 40."
"She must be some hefty girl to have a 40-inch waist," was the only comment the mayor would offer on the epistle.

INDIAN KILLED ON TRACK.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it's that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me in a short time, of a terrible cough that was giving me a severe attack of Grip," writes J. R. Watts, Floydada, Tex. "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at W. L. Haug & Co.

K. of P. Will Gather At Rock Hill

Special to The News.
Rock Hill, S. C., Feb. 8.—The district convention of the Knights of Pythias will be held in Rock Hill on Thursday, February 15th, and the local Pythians are making preparations for the annual banquet which will be given in hostess style at 250 delegates who will attend the sessions of the convention. The business meetings will be given in held during the day in Masonic hall and at night in Friedheim's hall the banquet will take place. Following the banquet toasts will be responded to by grand officers of the lodge and several prominent Pythians of the district.
Among those who will be in attendance will be Grand Chancellor Myers, of Charleston, and Grand Keeper of Records and Seal Brown, of Abbeville. The district deputy is S. G. Moore of Rock Hill. Dr. W. G. Stevens is deputy grand chancellor.

Basket Ball Season Near Its Close

The basket ball season in Charlotte is fast drawing to a close. But two games remain to be played in the two Y. M. C. A. leagues, and two of these will be played Saturday night in the gymnasium. In the senior tournament the C's play the M's, and the M's will endeavor to win at least one game this season by taking the coming game. The other game will be between the Y. M. C. A. and C. H. S., and this game will decide as to whether the Y. M. C. A. boys have a chance for the championship.
The manager of the representative team will try to schedule one more game for the team. "Word was received from the University yesterday that it was impossible for them to come, so Davidson will be invited to play the third game with the local quintet. Davidson and Charlotte have each a hard fought victory to their credit, and if the third game comes off, it would be the hardest kind of a proposition to pick the winner.

Camera Club Tomorrow Night

There will be an important meeting of the Camera Club of the Boy's Department of the Y. M. C. A. on Friday night at 8:30 o'clock at which the contest winners in the January contest will be announced.
As Mr. Franklin is out of the city Mrs. Franklin has judged the pictures and will act as critic at the meeting on Friday night.
Every member of the club should be present as the criticisms will be of inestimable value to those who wish to make "pictures" and not remain the ordinary "snap-shot fiend."

WENT AFTER CHRISTIAN CHINAMAN WITH KNIFE

Atlanta, Feb. 8.—Because a Christian Chinaman named Jum Leed refused to do his laundry on Sunday, Lewis Mitchell, a negro went after the chink with a carving knife. A running fight ensued, the Chinaman escaping. The negro was bound over.

TO THE PUBLIC.

An item which appeared in a Charlotte newspaper today has been construed by many to indicate that I was going out of business, on account of embarrassments arising from a contract which I had for hauling the pipe to be used in extending the city water mains to Catawba river. This impression is erroneous, as my abandoning this work was due to differences between myself and the contractor. In charge of the work and not because of my being involved in financial difficulties of any kind. The horses that I will sell next Saturday are animals which have been used on my river contract work and not a part of the equipment of my storage and transfer business, which I am conducting at 25 East Sixth street and to which I shall give additional time and attention in the future.
E. P. GRIFFITH.
7 St.

Missionary Rally At St. Mark's

Tomorrow evening, the 9th inst., at 8 o'clock, the combined missionary organizations connected with St. Mark's Lutheran church, Rev. R. L. Patterson, D. D., pastor, will hold what promises to be a very interesting open meeting, as a finale to the series of daily services held in observance of the Week of Prayer by the Woman's Home and Foreign Missionary Society.

Mrs. R. L. Patterson is in charge of this service, in which members from the Junior Missionary Band, Young People's Guild and the Woman's Society will take part.
Special features of the program, given below are the music and pantomines.
The public is cordially invited to attend this service which is designed to arouse more zeal for the "Great Cause" that is so largely occupying the attention of Christianized mankind.

Program:
Opening Hymn,
Responsive Service,
Prayer,
Selection by Choir,
Short Talk: "A Finished Redemption," by Mr. V. S. Woodward.

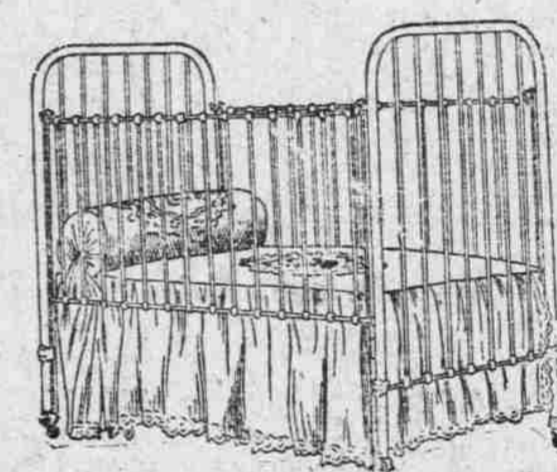

Hymn,
Short Talk: "An Unfinished Task," by Miss Agnes Phifer.
Pantomime: "My Faith Looks Up to Thee," by members of the Junior Missionary Band.

Offering,
Boy's Quartette,
Pantomime: "Lead Kindly Light," by members of the Young People's Guild.
Benediction.

An ounce of tomorrow is worth a pound of yesterday.

Only One "Bromo Seltzer" that is Laxative Bromo Quinine. Cures a Cold in One Day. Grip in 2 Days.

Foster's Ideal Safety Crib

You need not be afraid for your Child's Safety if you use one of our Cribs. Nice, smooth, comfortable spring, just as easy as can be. End and side fillers so close and strong that it makes it impossible for the child to get its head through. None better. Costs no more than the inferior kind.

See us for anything in Furniture, Rugs, Stoves or Ranges. Call on us. We can deliver the goods.

Lubin Furniture Co.

Only the Dead Are Immune From Accident, Illness or Disease.

THE ACCIDENT FACT THAT YOU are alive renders you vulnerable to the attacks of any one of these foes.
Once you are brought low by a broken leg or diphtheria, it is quite possible that your income may stop with alarming suddenness. In this event an income from another source would be most acceptable.
Ocean Accident and Health Policy will provide you with an income when you are sick or hurt; and should you lose a limb or your life through your injuries, generous cash indemnities will be forthcoming.
This defense you can place about your family for a moderate annual sum.
