

BETTER SERVICE FOR PIEDMONT BEING PLANNED

The Charlotte Electric Railway Company is planning better service on the Piedmont division...

Some time ago a petition was circulated among the residents of Piedmont, asking the street railway company to put on a 10 minute schedule...

This petition never came to the offices of the company, so far as can be learned, but Mr. Taylor has been gathering data relative to the operation of the Piedmont line...

To this end the reports of conductors on this division are being tabulated to ascertain the exact number of passengers being handled by the company at stated hours...

It is claimed that the early morning cars are badly crowded and that the best service is not possible to the people nor to the railway company under these conditions...

Between six o'clock and 7:30, the cars are said to be badly crowded. In other cities it has become customary to operate what is known as "trippers" through the heavy traffic hours...

Talk About Revolution

Charlotte has progressed not by virtue of up-to-date government, but notwithstanding a system as out of date as the ox-cart, the pine torch, or the tallow-dip. Modified commission form is imperative if we expect economy, progress and a just distribution of burden and benefit. They are impossible under existing form, and are not now our possession. Simple honesty we have, and to spare, but with antiquated systems, it is as unfruitful of results as a flint-and-steel rifle in modern warfare.

LET'S TRY REVOLUTION. Import a few Mexicans and we'll soon start a fight. Stagnation is death. Agitation is purifying.

WHAT IS IT, MY HONEY BOY that makes the Mutual B. & L. a winner in every contest? It is primarily its magnificent system—1st, safety, then for just and uniform treatment, and 3rd, for remuneration. No other financial institution touches this in either particular. Of course we don't sleep on our post. The fellow that enters our camp must do so by the front door, and give the pass word.

NOW, TAKE NOTICE, ALL OF YOU. New series is still open, and tomorrow we expect to add a number to our roll. If you are not in, get there. Get there now, your fortune depends upon it.
