Mix one pint of granulated sugar with 2 1/2 pints of warm water, and stir for 24 hours. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle; then add the sugar syrup. Take a teaspoonful every one, two or three hours.

GOVERNOR WILSON GAINING GROUND VERY RAPIDLY

Special to The News.

Washington, D. C., Feb. 22.—An overwhelming majority in Montana and a certain lead in the Northwest was accorded Gov. Woodrow Wilson by United States Senator Henry L. Myers, in a statement today strongly endorsing the New Jersey executive in his race for the presidential nomination.

"The tide has set strongly for reform and for a return to a government in which the people rule, in Montana," said Senator Myers, "and the people of the state look upon Governor Wilson as the man who more than any other put forward as a presidential possibility embodies in his life this issue. More than any other he is the people's candidate and especially Montana's candidate in the condition of political cleaning up that now prevails in that state."

"The people in my state realize that the fight before the country today is between those who wish the people to be given their rights and those who are included under the term 'big business.'" In selecting the man who has their attitude toward this spirit of monopoly at the expense of the people's rights, Montana has turned unhesitatingly to Woodrow Wilson.

both parties than any man in either party. He is democracy's most available man. "I was born in Missouri and have known Speaker Clark for a number of years and have been his friend, but when the time came for choosing a presidential candidate, I turned to the strongest man. This man was Governor Wilson. The party possesses this year an abundance of presidential timber including men from many sections, but no man who can poll as heavy vote in the November election as Governor Wilson.

"Personally, I admire Governor Wilson for his strength of character and for the clearness with which he sees public questions. He is the best equipped man in the party. "Today he is stronger than at any time since he entered the race. Day by day and week by week he has been gaining strength, always retaining his lead over the field. The numerous bombs that have been exploded at his feet by his opponents have not accelerated his onward march. The Joline letter and Carnegie Foundation story and the Harvey-Watterson incident have left him with a firmer grasp upon the admiration of the people and the people with a surer confidence in his integrity.

"The extraordinary strength which Governor Wilson developed in Oklahoma can not fail to encourage his friends. His achievement lies in having fought so strong a fight in the state in which his friends claimed nothing. "Governor Wilson's fight for the presidential nomination is really a movement for a return to a rule of the people and this movement is gaining strength every day. Every indication is that he can carry the Northwest. "Once nominated the way lies clear to the election of Governor Wilson for the republican party in its present condition can never stem the tide of popular sentiment toward popular government."

ANARCHY IN PARTS OF MEXICO.

Washington, Feb. 21.—Advices from Mexico to the state department today, indicating widespread anarchy south of the Rio Grande, caused much uneasiness in official circles. Several cities and towns are reported to be in the hands of rebels.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. STREETS TO BE PUT IN TRAFFIC CONDITION

As a result of a letter from Alderman J. F. Wilkes, the executive board last night directed City Engineer Firth to draw an ordinance to compel contractors on street work to put the streets in traffic condition following their work of laying sewers and the like.

Alderman Wilkes' letter to the board was given careful consideration by the three members who braved the elements to attend last night's meeting, Messrs. Jo Garibaldi, M. M. Murphy and T. J. Davis. It showed that on Morehead street, the condition of the thoroughfare has become terrible, resulting, it is said, from the failure of contractors to repair the street after tearing it up.

Graham street between Fourth and Third streets, also, is in poor condition according to Mr. Wilkes' letter and he thought something should be done to rectify this situation. City Engineer Firth reported to the Executive board that he had drawn an ordinance some time ago, covering this particular matter and that the board of aldermen had passed it, but that its enforcement was another matter. He said that on two occasions people were cited to appear before the recorder and that in each instance they were allowed to depart upon the payment of the costs in the case.

The city engineer will draw another ordinance on the matter, however, and will submit it to the board of aldermen at the next regular meeting.

Sewer For Clarkson Street. The board ordered the work of laying a sewer on Clarkson street to proceed. The city engineer reported to the board that this sewer would cost \$352.40 and it was upon this report that the board directed the laying of the sewer. This matter has been before the board for some time but did not come up for decisive action until last night.

Want Sewer Extension. The city engineer was directed to take up the matter of the extension of the Mint street sewer a distance of 600 feet from its present terminus to Palmer street and on Palmer street to Church street. This matter came before the board in a letter from Mr. C. E. Mason asking that the board direct the extension of this sewer.

Reports of poor condition of the horse fountains in various sections of the city were received by the board and it was ordered that all these be put in first class condition at once. The animal suffering caused from the lack of drinking facilities in the city is not so great at this time of the year as in the summer, but the fountains are used generally every day and it is the intention of the board to keep them in good condition.

New Fire Hydrant. The board ordered the location of a fire hydrant at Fifth and Sycamore streets on the showing that property in this section of the city is not under protection and that insurance rates will be materially lowered when this hydrant is put into operation. It was ordered, also, that the sewer on Davidson street from Fourteenth street to the railroad, a distance of 400 feet, be made immediately. This came before the board in a request from Edward Hyland.

City Health Report. According to the report of Dr. F. O. Hawley, superintendent of the city health department, 38 people died in Charlotte during the month of January of whom 29 were white people. Heart disease is responsible for six deaths while pellagra took two, pneumonia five, and grip two. The other deaths were from various causes, scarcely two being the same.

HOW COLD AFFECTS THE KIDNEYS. Avoid taking cold if your kidneys are sensitive. Cold congests the kidneys, throws too much work upon them, and weakens their action. Serious kidney trouble and even Bright's disease may result. Strengthen your kidneys, get rid of the pain and soreness, build them up by the timely use of Foley Kidney Pills. They will cure any case of kidney or bladder trouble not beyond the reach of medicine. No medicine can do more. Bowen's Drug Store.

mailed five, and grip two. The other deaths were from various causes, scarcely two being the same. The inspectors reported finding 242 places in an unsanitary condition and proper action to secure a cleaning up was taken. A total of 3,720 places was inspected during the month. A total of 400 pounds of meat was condemned by the health department, also it being found unfit for food. There is very little meat of this character being offered at this time, according to the department.

Local Company Has Out-of-town Contract

The American Machine Manufacturing Company has just completed the task of overhauling the municipal water plant at Morganton, a contract of considerable proportions, and has secured the contract for overhauling and repairing the waterplant at Columbia, S. C. The latter is a \$6,000 job. Besides this contract the company is at present engaged in overhauling and repairing the pump that was in use at the Seventh Street Pumping station in this city when that was the basis of the city's water supply. The old Seventh street pump will be taken to the new station at Catawba river when the overhauling is completed.

FLYING MEN FALL victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need of feeling like that as T. D. Peebles, Henry, Tenn., proves. "Six bottles of Electric Bitters" he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." "So they help everybody. Its folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at W. L. Hand & Co's.
