S.S. DRIVES OUT

Rheumatism is in reality an internal inflammation—a diseased condition of

the blood cells which supply the nourishment and strength necessary to sustain our bodies. Uric acid, an irritating, inflammatory accumulation, gets

into the circulation because of physical irregularities, and then instead of

nourishing and invigorating the body, the blood irritates and inflames the different nerves, tissues, muscles and joints, because of its impure, acrid

condition. The pains and aches and other disagreeable and dangerous symp-

toms of Rheumatism can never be permanently cured until every particle of

the cause is driven from the blood. S. S. S. does this because it is a perfect

blood purifier. It goes down to the very bottom of the trouble, purifies and

cleanses the circulation, invigorates the blood, and completely drives Rheu-

matism from the system. Plasters, liniments, soothing lotions, etc., may

be used for the temporary relief and comfort they bring, but a cure cannot

be effected until S. S. S. has removed the cause. It frees the blood of every

impurity and makes it a rich, health sustaining fluid, to bring permanent
