

SEMI-ANNUAL MEETING GREATER CHARLOTTE CLUB

In Spite of Small Attendance Meeting of The G. C. C. Last Night in Selwyn Hotel Was One of Inspiring Interest.

Freight Rates, Club in Politics, Coming Election, May 20 Celebration Discussed, With Proposed Plan for Exposition in 1914.

With a gathering of the progressive business men of Charlotte in the assembly hall of the Selwyn hotel last night and with expressions of broadminded political altruism for the development of the city and the correct re-orientation of the members of the Greater Charlotte Club in semi-annual session was one of genuine inspiration.

The meeting was not up to the standard for sessions of the club, but in the seriousness and earnestness evinced by the speakers it was one of striking interest. On account of the fewness of the merchants present, Mr. Clarence Kuester would not present his idea of trade extension. He will reserve this for another occasion.

President C. C. Hook of the club presided at the meeting. He called to order shortly after the time scheduled. This was on account of the enforced tardiness of several of the principal speakers.

Mr. W. S. Creighton, traffic manager of the Charlotte Shippers and Manufacturers' Association was the first speaker. He introduced Mr. J. Frank Wilkes.

Mr. J. Frank Wilkes spoke of the coming bond election. "What the city needs, Mr. Wilkes declared, is more religion, more education and less politics."

Hugh Lamb Fined In Georgia

Hugh Lamb, of Charlotte, an express messenger, running on the Southern Railway between Charlotte and Jacksonville, was fined \$90 by Judge Clark at Jessup, Ga., having been convicted on the charge of stealing vegetables, fruits, and other matter, entrusted to his care by the Southern Express Co.

Lamb is a young man of twenty-two years old, and has been running this route for several months. The action of the court was taken in compliance with the act of congress of the United States in February of this year, making such a deprecation a serious offense.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, That whoever shall unlawfully break the seal of any railroad car containing interstate or foreign shipments of freight or express, or shall enter any such car with intent, in either case, to commit larceny therein; or who shall steal or unlawfully take, carry away, or conceal, or by fraud or deception obtain from any railroad car, station house, platform, depot, steamboat, vessel, or wharf, with intent to convert to his own use any goods or chattels moving as, or which are a part of or which constitute, an interstate or foreign shipment of freight or express, or shall buy, or receive, or have in his possession any such goods or chattels, knowing the same to have been stolen; or who ever shall steal or shall unlawfully take, carry away, or by fraud or deception obtain, with intent to convert to his own use, any baggage which shall have come into the possession of any common carrier for transportation from one state or territory or the District of Columbia to another state or territory or the District of Columbia, or to a foreign country, or from a foreign country to any state or territory or the District of Columbia, or shall break into, steal, take, carry away, or conceal any of the contents of such baggage, or shall buy, receive, or have in his possession any such baggage or any article therefrom of whatsoever nature, knowledge the same to have been stolen, shall in each case be fined not more than five thousand dollars or imprisoned not more than ten years.

Dr. Caldwell was asked by President Hook to say a few words in regard to the bond issue for the South School. "Our public school system is defective," he said because it's trying to ride two horses at the same time. He explained that there are two systems of education, the vocational and the cultural theory which are in contradiction.

Dr. Caldwell was asked by President Hook to say a few words in regard to the bond issue for the South School. "Our public school system is defective," he said because it's trying to ride two horses at the same time.

Mr. J. L. Boies, of Chicago, who is a representative of the National Conservation Exposition to be held in Knoxville, in regard to it he said: "This is the first great exposition for the south in sixteen years and we feel that this is the time for a big affair."

Mr. C. O. Kuester was introduced to present a matter which President Hook declared he had been working on for a long time. Mr. Kuester said that the business men are too busy, otherwise they would have been piling over each other to hear what I have to say tonight.

Mr. W. S. Creighton objected to an extended effort for this year. He proposed instead a big exposition for 1914 that will touch whole country. He offered a resolution that a committee be appointed to investigate the propriety of holding an exposition of the piedmont section in 1914.

Not Salts And Pills. "Cascarets"

If Constipated, Bilious, Head-achy, Stomach Sour, get a 10 cent box of Cascarets—take one tonight.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important. Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipating waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

DISCOVERER OF FISH GLUE IS DEAD. Gloucester, Mass., April 26.—Benjamin Robinson, the discoverer of fish glue, died yesterday, aged 84. While eating fish chowder many years ago he noticed a gluey substance on his spoon and after experimenting for some time established an industry which has become one of the largest in the city. He was a fisherman and a sailor in early life.

WOMAN SUFFERED TEN YEARS From Nervousness Caused by Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound. Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving me Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."—Mrs. WILLIAM H. GILL, 15 Pleasant Street, Auburn, New York.

When the Bowels Are Uncomfortable and you miss that fine feeling of exhilaration which follows a copious morning operation, you should put a small quantity of Simmons Red Z Liver Regulator (The Powder Form) on the tongue and wash it down with a little water.

Its action in the system is purifying and strengthening. It drives out hard impactions and impurities and gives tone to the muscular structure of the bowels. It overcomes the tendency to chronic constipation, relieves a bloated feeling in the abdomen, sweetens the breath and promotes vigor of body, mental alertness and cheerful spirits.

Big Day Today AT GIBSON-WOOLLEY COMPANY FOR MEN WHO KNOW

BERGSON IN A NUTSHELL. A friend writes to the Star to ask for an explanation in language that a person could understand of the philosophy that the distinguished French philosopher, Henri Bergson, is now expounding in this country. Well, somebody was it Dr. J. W. Hudson, of the University of Missouri?—has said that Bergson's philosophy is summed up in the line of the song: "I don't know where I'm going, but I'm on my way."—Kansas City Star.
