SMALLPOX TO BE COMBATTED WITH EVERY FACILITY New Pest House Ordered at Special Meeting of Executive Board While a Compulsory Vaccination Campaign Will Be Started Soon. Col. Phifer Says House-to-house Canvass Will Probably Be Ordered Following Action of Executive Board—May be 28 Cases Here. With a rough estimate of 28 cases of smallpox in the city among the colored population and a compulsory vaccination campaign being arranged today, the health department of the city of Charlotte is fully alive to the situation and is determined to leave nothing undone that can be done to check the further spread of the disease in this city. A pest house to be erected immediately was ordered at a special meeting of the executive board last night, attended by Dr. R. F. Leinbach, assistant superintendent of health for the city, Dr. C. S. McLaughlin, county physician; Dr. J. E. S. Davidson and others interested in working out plans to prevent a further scattering of the disease in Charlotte. Vaccination the Password. The outcome of the whole discussion of the situation last night was that vaccination was the remedy at hand and it will be the purpose of the city health authorities, backed by the executive board and the mayor, to see that the compulsory vaccination plan is fully carried out and that every man, woman and child in the city who cannot show the necessary scar from former vaccination, shall be required to be vaccinated again and without delay. House to House Canvass. "The only way that I see whereby we can carry out the compulsory vaccination program that was agreed upon Thursday night, as announced in The News of yesterday, is to get a doctor and a policeman and start them on the rounds," remarked Col. W. W. Phifer, of the executive board this morning in talking over the situation. Col. Phifer is in favor of applying the remedy quickly and in earnest and he believes that vaccination is the remedy which will check the further spread of the disease in this city. The prospects of a house-to-house canvass and compulsory vaccination may not appeal to all citizens, but the executive board has passed the mandate that compulsory vaccination shall be resorted to and it is expected that they will have the fullest support of every department of official Charlotte in their efforts to eradicate the disease. As to Pest House. The board last night held a round table debate on the pest house question, and then upon motion of Mr. E. S. Smith, seconded by Dr. J. A. Austin, it was voted that a pest house be erected immediately and it was further decided that work on the building should be carried on through Sundays if necessary in order to get the same completed for the emergency which has arisen. The committee to be in charge of the erection of the pest house consists of Dr. Austin, Dr. Leinbach and Mr. Smith. The building is to have at least ten rooms and will be divided into two compartments for men and women patients. Statements on Situation. Dr. Leinbach made a detailed statement of the extent to which the disease has gained foothold here, saying that there were three cases in Dulstown, one of these having recovered, and in Luther street, and other points in Ward 7, east of the old city proper, there were possibly

FRATERNAL ORDERS WILL PLAY BIG PART IN COMING CELEBRATION The chairman of the various committees that were appointed by the board of directors of the new Mecklenburg Declaration Society to arrange for the celebration of the coming spring have gone to work with an energy and a concentration of purpose that betokens success for the celebration on a very large scale. A feature that is expected to add a great deal to the celebration and that is expected to aid greatly in getting all professions and vocations interested in the plans is that of having the various fraternal orders of the city take an active part in the event, it being realized that in this way a maximum number of citizens can be brought into the plans actively. It was agreed at the meeting of the board of directors yesterday morning that each fraternal organization in the city appoint one of its number to serve on a committee that will be known as the committee on fraternal organizations, this committee to select its own chairman and members and chairman of the committee to be approved by the board of directors of the Mecklenburg Declaration Society. Early Work Necessary. It is desired by the board of directors that fraternal organizations appoint their representative as soon as possible in order that this feature of the preparations may be started at once. Besides the fact that the proper and concerted effort of the fraternal organizations could do a great deal toward making the parade features a success, it is the fact that a roster of members of the various fraternal organizations would be a roster of practically all the aggressive spirits of the city whose united efforts would go a long way toward making the celebration a success. Among the list of fraternal orders in the city are the Elks, Knights of Pythias, Knights of Columbus, Eagles, Red Men, Odd Fellows, Haymakers, "Dokies" and perhaps several others. Besides the fraternal orders there are the military companies and other organizations that could, it is suggested, be used finely in a parade.

IMMENSE CROWDS HAVE ATTENDED THE BELK BROS. SALE The fire sale at the department store of Belk Brothers on East Trade street this week has thus far been one of the most unique affairs of its kind that the city perhaps ever witnessed. With hundreds of people crowded together on the sidewalk and waiting for hours to gain admission, and with a policeman at each of the main entrances to permit only a limited number to enter at a time, the conduct of the sale has developed into a rather notable event for Charlotte. All day Friday the throngs continued in the store and every floor was crowded to its capacity, and hundreds had to wait for long periods outside until room had been made on the inside by the departure of some of those within, so that others might gain admission to the store. The affair is being attended by a very large number of people from out of the city, many coming 50 and 75 miles to spend the day here to attend the sale, while Charlotte people have very largely made it a point to visit the store, those who could not gain admission yesterday returning this morning to make another attempt. The crush at the store has been something that is not often witnessed in a city of the size of Charlotte. Men, women and even children, have filled the aisles of the store on every floor since the doors were opened at 9 o'clock Friday morning, and the demand for attention on the part of customers has been so great that the clerks in the store have had all that they could possibly do to attend to the wants of the callers at the store. As a result of the rush to the store many humorous situations have developed, and in their effort to reach bargains before somebody else did so, many people have become participants in serio-comic situations, but the whole affair has been one of good nature and good humor and the prospects are that the crowds will continue to jam the building for some days yet.

C. C. McALISTER BROTHER MRS. CARSON HURT IN AUTO ACCIDENT Mrs. J. E. Carson received a telegram last evening from Fayetteville stating that her brother, Mr. C. C. McAlister, had been knocked down by an automobile and was painfully but not seriously hurt. The following from today's Greensboro News contains the details of the accident: "C. C. McAlister, treasurer and general manager of the Southern Timber and Lumber Company, and one of the most prominent lumber men in North Carolina, was run down and severely injured on Hay street this morning when attempting to avoid a bicycle. He stepped before the motor car of Malcolm McNeill of Raeford, and was knocked down. Mr. McNeill lost control of his machine and the car, lunging to one side, passed over Mr. McAlister and crushed him with its four passengers into the show window of W. R. Kindley's store. Mr. McAlister was taken up unconscious with scalp wounds, and carried to the Highsmith hospital, where he later recovered consciousness. "Tonight his condition was said to be favorable by the physicians at the hospital. The accident was said to have been caused by poor regulation of traffic. Mr. McNeill, who came from Hoke county, had no license number, it is said. "C. C. McAlister is a brother of A. W. McAlister of Greensboro. A telephone message to Mr. McAlister last night informed him that his brother's injuries, while painful, are not dangerous, and last night he was resting well." —Born to Mr. and Mrs. Charles Wister at their home, 708 East Fourth street, a son.

IOWA WOMAN TELLS OTHERS How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life. Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKERS, 364 8th Avenue, West, Cedar Rapids, Iowa.
