MEANING OF EDUCATION.

(Ohio State Journal.)

At a meeting of high school principals in Syracuse, N. Y., it was declared that there is confusion in educational thought in this country and that it is due to the fact that educaion has not received a standard definition. That is a very sensible conas the school habit is concerned, is quite lost in the jungle of vagaries. It is largely a matter of standpoint and anything is educational if it agrees with a man's own idea or purposes in life.

All this trouble comes from the idea of education as expressed in the somehow that a "bodice" is required the primary meaning. It comes from and really "fills an important role in two Latin words e., out and duco, lead In our opinion, one of the smartest statesmen in President Wilson's cabtrimming.' There was a lot more like work well, never exterminate selfishthat, lovely language to the eye but ness, greed, impurity, vice, until we foggy as the Banks of Newfoundland go back to the primitive idea and and make Rome howl.
