D. O. K. K. SPRING CEREMONIAL IN SALISBURY ON MARCH THE 26TH

At a meeting of the local D. O. K. K. order last night at Rathbone hall it was decided to put on the annual spring ceremonial of the order at Salisbury on March 26th. About 40 men were present at the meeting last night and great interest was manifested in the coming ceremonial in the spring.

The "stunts" committee of the lodge reported a great line of new conceptions in the way of tortures and devices for harrowing the souls of the tyroes that will next come into the order. The most noteworthy devices of cruelty popular with the Spanish inquisition in ages now gone by would seem modes of pleasure as compared to some of the devilish conceptions that the "stunts" committee are working out for application on the next bunch of tyroes.

Girls! Girls! Try It, Beautify Your Hair

Make It Thick, Glossy, Wavy, Luxuriant and Remove All Dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderrine hair cleanse." Just try this--moisten a cloth with a little Danderrine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Danderrine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair--fine and downy at first--yes--but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderrine from any druggist or toilet counter, and just try it.

MR. BARRINGER IN RECORD RUN NOTES ROAD CONSTRUCTION

The chaingang which has been working on the Statesville road has completed the stretch from the township limits to the old Dr. Irwin place. In addition to this, the firm who has the contract for building the sand-clay road this side of Huntersville is rapidly filling in the gap between the two stretches of macadam.

Mr. Osmond L. Barringer, who yesterday broke the record in his Packard roadster by driving from Statesville to Charlotte in 66 minutes, reports the roads in fine condition, especially the sand-clay part. Mr. Barringer says what impressed him most in connection with Irwell county roads was that the county commissioners are taking advantage of their rights and having the timber cut back fifty feet on each side. Without this protection a sand-clay road is subject to frosts and wet weather, and with no sunning will rapidly deteriorate. Even the macadam road in Mecklenburg county has suffered from this trouble, he says. It would be a good idea, he thinks, for the county commissioners of Mecklenburg to do as the Irwell commissioners have done.

DR. DEW LAST NIGHT GAVE RECIPE FOR A TRUE REVIVAL

"If my people, which are called by name, shall humble themselves and pray, and seek my face, and return from their wicked ways; then I will hear from Heaven, and will forgive their sin, and will heal their land." This verse, the 14th of the seventh chapter of Second Chronicles, was the text chosen by Dr. J. H. Dew at the First Baptist church last night as the basis for an able argument as to how the First Baptist church of Charlotte, or any other church, can have a great meetings and a successful revival.

A gratifying increase at each service indicates the interest that is being taken in the meetings and the good they are doing. The good attendance at the morning service is one of the features of the meeting that is encouraging and inspiring to the evangelist and to Dr. Vines, the pastor.

The song service is one of the outstanding and attractive features of the meetings. Dr. Harvey Overcash is in charge of the musical program and is assisted by an excellent choir, while the extent to which the congregation itself joins in the singing is unusual. The hymns are for the most part selected according to the familiarity of the average congregation with them and the result is in effect one large congregational chorus.

DR. DEW LAST NIGHT GAVE RECIPE FOR A TRUE REVIVAL

"If my people, which are called by name, shall humble themselves and pray, and seek my face, and return from their wicked ways; then I will hear from Heaven, and will forgive their sin, and will heal their land." This verse, the 14th of the seventh chapter of Second Chronicles, was the text chosen by Dr. J. H. Dew at the First Baptist church last night as the basis for an able argument as to how the First Baptist church of Charlotte, or any other church, can have a great meetings and a successful revival.

A gratifying increase at each service indicates the interest that is being taken in the meetings and the good they are doing. The good attendance at the morning service is one of the features of the meeting that is encouraging and inspiring to the evangelist and to Dr. Vines, the pastor.

The song service is one of the outstanding and attractive features of the meetings. Dr. Harvey Overcash is in charge of the musical program and is assisted by an excellent choir, while the extent to which the congregation itself joins in the singing is unusual. The hymns are for the most part selected according to the familiarity of the average congregation with them and the result is in effect one large congregational chorus.

A plan of Dr. Dew's that is somewhat out of the ordinary and that has been commented upon by those who have attended the meetings as being as useful and helpful as it is unusual is that of having the congregation memorize verses of scripture which he announces from time to time and which have a bearing on some text that he is preparing ahead. The response on the part of those attending the meetings is unusual, many persons being ready to recite the scripture previously given out as soon as the verse is called for. Dr. Dew's knowledge of the Scriptures is profound and accurate. Without a Bible in his hand, he calls out to this and that person in the audience to turn to a specified chapter and verse and read to the congregation the verse designated, which always very aptly bears on some phase of the text he has chosen to speak on. This intimate knowledge of the Scriptures on the part of the evangelist and the plan of having the scriptural sanction of the point under discussion adds very much to the interest of the service.

Dr. Dew announced last night that he would preach next Monday night a sermon to young women and on Tuesday night one to young men. On Sunday morning the subject will be "Our Bible; Where Did It Come From?" On Sunday afternoon he will preach to men only at the Piedmont at 5 o'clock on the unique subject: "Your Mouth Open and Your Eyes Shut, or Your Mouth Shut and Your Eyes Open; Which?" At 4 o'clock on Sunday afternoon, Mrs. Dew will speak to women only in the auditorium of the First Baptist church on, "My Conversion from Catholicism."

Recipe for a Revival.

The text chosen for last night's service Dr. Dew referred to as a recipe for a revival. Every housewife likes a recipe to follow when she goes to cook a special dish, the speaker said, and she either had a recipe in mind or got one from a cookbook if she was much of a cook. In the same way a recipe has been given for a successful revival, for the renewing of the hearts of God's people and their getting back into touch with him, said Dr. Dew, and there is only one such recipe in existence--a very old one, which was used successfully years and years ago and is just as effective today as ever.

The different ingredients of the revival-recipe, Dr. Dew pointed out, were three: First, the people must humble themselves, then seek the divine favor by prayer, and return from their wicked ways. The desired result will follow, he said, the proper employment of these methods, as the text promises. According to his custom, Dr. Dew supported his argument along this line by numerous passages of scripture, which he had various persons in the audience to read.
