

# Free Answers Go With Catalogue

"Song and Story" Participants Should Obtain Handy Little Volume at Once.

THREE free answers go with THE NEWS' "Song and Story" catalogue.

These free answers are practically given away in the handy little volume which this paper is offering to its readers and the players in the fascinating picture puzzle game, which has \$1,000 in gold prizes as its climax.

The catalogue has an even greater value to participants in the game, however, since it contains the correct solution to every picture.

### 5,000 TITLES ARE GIVEN.

The catalogue is a list of 5,000 titles to well known songs and stories. Seventy of those 5,000 titles are the correct answers to the picture puzzles in the game. The players who use the catalogue have only to take each day's picture and run through their catalogue, looking for a likely title to the picture they are trying to solve.

No player is obliged to have a catalogue in order to participate. The catalogue is only offered to those who want to use it as a handy guide and aid in their efforts to win some of the \$1,000 gold which will go to the winners.

### FIRST GRAND PRIZE IS \$300

To the person who solves the greatest number of the pictures THE NEWS will give \$300 in gold as the First Grand Prize. The participant who wins this prize may be one who has used a catalogue or one who has not and any citizen in the wide territory served by THE NEWS is eligible to win this prize, or any of the others.

The Second Prize is well worth striving for, too: \$100 in gold to the player who submits the second best list of correct solutions to the pictures. The Third Prize will be \$50; the Fourth Prize \$25; the Fifth Prize \$15; the Sixth Prize \$10, and then there will be one hundred prizes of \$5 each. In case of a tie those tied will share equally in the prizes affected. Only one prize will be awarded to one family.

## YOU CAN'T EARN MONEY WHEN YOU'RE LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. \$1.00.—R. H. Jordan & Co., "On the Square," Charlotte, N. C.

## M'LEAN IS NOT ANXIOUS FOR THE CHAIRMANSHIP

Raleigh, March 3.—In a statement given out here by Hon. A. W. McLean of Lumberton, prominently mentioned for the chairmanship of the state democratic executive committee, says that he has been so closely engaged the past two weeks in the trial of the Bank vs. Newton-McArthur Lumber Company here that he has had no time to consider the many calls made on him by members of the committee and other party leaders to take the chairmanship. He says he prefers not to serve as chairman unless there is some peculiar reason why it would be to the best interest of the party for him to do at this time and he knows of no such now. He says he has never shirked a party duty or obligation and never expects to, but that there are a number of experienced and capable men mentioned for the place any one of whom would make a capable chairman. And says that he will take a few days to especially investigate as to the existence of any special reason why he could be of any peculiar service as chairman at this time and then definitely announce his attitude. That he is not now and will not be a candidate and will only serve if convinced that for some peculiar reason he can best serve the party at this time as state chairman.

### REV. G. CAMPBELL MORGAN VISITING ATLANTA.

Atlanta, March 3.—Rev. G. Campbell Morgan, the famous London pulpit orator, accompanied by his son and his daughter-in-law and by Dr. Sol C. Dieck of Winona fame, and Dr. William Souper, arrived in Atlanta for the sixteenth Atlanta Bible Conference, which is an interdenominational affair, and which will bring visitors here from all sections of the state and the south.

This is the conference that for years was known throughout the south as "Broughton's Conference" because it was founded and operated for fourteen years by Dr. Len G. Broughton, Dr. Broughton, who is now pastor of Christ church, London, England, was unable to come to Atlanta this season, but has sent his greetings and well wishes and the prediction that this season's gathering would be the greatest in the conference's history.

There will be five sessions of the conference daily, and admission of all of them is free to the general public. The tabernacle auditorium has a seating capacity of between 4,500 and 5,000 and it is expected that the distinguished visitors will speak to record audiences at every meeting.

## WILSON TOBACCO MARKET AVERAGES \$19.03 PER HUNDRED DURING SEASON

Special to The News.

Wilson, March 3.—On account of the storm period during the past week the local leaf tobacco warehouses will not close for the season until March 7—they had all announced to close February 28. Farmers of the county still have considerable of the leaf which they expected to bring in the past week. The local tobacco board of trade reports the total sales of leaf tobacco up to February 28 to be 20,742,260 pounds and the farmers were paid \$3,943,355.68 or an average of \$19.03 per hundred. Warehousemen expect to handle enough to bring the total sales for the season to 21,000,000 pounds. This will mean an advance of nearly 5,000,000 pounds over 1912.

Preparations are being made for a still bigger tobacco business next fall. The latest move is that of the Export Leaf Tobacco Company. This concern has purchased a lot from Mr. Frank Rountree on Goldsboro, Spruce and Spring streets and paid \$10,000 for the lot.

They will erect a building 300x130 feet and in addition they will build a large storage warehouse on a lot they have purchased from P. L. Woodard & Company. As an illustration of its advance in prices of real estate it is remembered that the Rountree lot was sold only a few years ago for \$500.

Farmers from the county report that the cold weather killed out the tobacco plant and they are sowing their beds for the second crop.

### ATLANTA GREEK VICTIM OF MYSTERIOUS ATTACK.

Atlanta, March 3.—Matthew Waguga, a well known Greek merchant of this city, was found on Peachtree street last night in a dazed condition with blood streaming from his forehead. An investigation revealed the fact that he had been terribly beaten, and that he was a mass of cuts and bruises, but the strange thing is that the victim, who has now recovered consciousness fully, does not remember anything about the beating.

He started home from his store late in the evening, he says, and has a recollection of himself walking tranquilly along the street and from that time he has no memory of what happened. He doesn't even recall having been slugged in the head.

Physicians have been called into consultation, but the case is puzzling them. Some are inclined to believe that he must have been drugged first and afterward beaten and robbed, while others take the view that the blows on the head may have impaired partially his faculties of memory. He remembers, however, everything that happened previous to the hearing, and seems to be normal mentally.

Waguga had a few dollars in his pockets. When found his pockets had all been rifled, and his clothing had been torn.

(Lenoir Topic.)

The demand for poultry products in this country is great, and there is no danger of overproduction. Eggs have recently been shipped to the United States from China, Russia, Italy, Germany and France, a fact which should stimulate Americans to a greater interest in poultry raising. In those localities where the business is carried on extensively the people are growing rich from poultry raising, and we see no reason why the good people of Cabarrus well should not take more interest and assist in the work of doing away with the necessity of importing eggs from foreign countries.

## How to Banish All Skin Troubles

A Remarkable Remedy That Works Wonders Against Even Weeping Eczema.

If you have been fighting some blood trouble, some skin disease, call it eczema, lupus, psoriasis, malaria, or what you will, there is but one sure, safe way to cure it. Ask at any drug store for a \$1.00 bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey into the blood stream of eruptive disease. The bowels, kidneys, bladder and all excretories of the body are marshalled into a fighting force to expel every vestige of eruptive disease. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar, write to The Swift Specific Co., 324 Swift Bldg., Atlanta, Ga. Do not allow anyone to palm off some thing claimed to be "just as good." Insist upon S. S. S.

### ATLANTA LOCKER CLUBS OBEYING THE LAW.

Atlanta, March 3.—The present grand jury, which was urged to indict the locked clubs, and to pick the leading clubs in order to make test cases, has just made its presentation on the subject, and this presentation declares that many of the principal clubs in the city have shown no disposition whatever to defy the law, but on the contrary have endeavored to conduct themselves in accordance with the "rather confusing and complicated requirements of the statutes."

The grand jury found on the other hand, that some of the clubs were unquestionably operated primarily for the purpose of selling liquor in violation of law. To distinguish between the regular clubs and the spurious the grand jury indicated by implication, was the duty of the police, just as it is the police's duty to distinguish between a man who is doing an honest business and one who is robbing his neighbors.

To put all the clubs in one class and condemn them all indiscriminately because they are locker clubs, the grand jury would not do. The view of the grand jury is not shared by the Evangelical Ministers' Association and the Men and Religion Leaders. These latter organizations hold that the locker club itself is a subterfuge and a violation of the law and that the mere fact that they dispense liquor to their members and receive liquor in return is sufficient to justify their abolition under the law. It is on this point that they failed to convince the grand jury.

They all see it now—what Henry Ford saw years ago—that the light, strong, quality car, sold at a low price, best meets the demands of all the people. Now they're all following where Henry Ford led.

\$543 is the price of the Ford runabout, the touring car is \$590, f. o. b. Charlotte complete with equipment. Get catalog and particulars. Ford Sales Co., 24 E. 6th St.
