### AMUSEMENTS

"The Belle of Richmond."

No sweeter or more wholesome drama of the South has been written than "The Belle of Richmond," the beautiful four act drama which has been chosen as the opening bill by the Academy Players who begin their spring and summer engagement at the Academy of Music next Monday night. "The Belle of Richmond" will be given the first three days of the week with a matinee Wednesday afternoon. On Thursday and for the remainder of the week another big royal play will be given.

The "Academy Players" have been rehearsing "The Belle of Richmond" for the past three days, and so satisfactory have been the rehearsals that Manager Crovo stated that the players know their parts so perfectly already that a first-class performance of the play could be given tonight. The scenery and properties for "The Belle of Richmond" are being built by the experts that Manager Crovo has brought to Charlotte for this particular work and local players can confidently expect a rare treat in the plays and productions to be offered at the Academy of Music.

The "Academy Players" is composed of a far better cast of players than

were here last season. The company is more evenly balanced and the expenses are almost double what they were for the "Latimore-Leigh Players." This was necessitated by Manager Crovo's desire to have a company that would be able to handle any play that he might select for presentation. There will be plenty of comedies, dramas, and farce comedies offered this summer, as the management wants to give Charlotte theatregoers plenty of variety.

Seats will go on sale at Hawley's tomorrow morning at 10 o'clock and a mammoth crowd is expected to be in line to purchase seats. Already several of the boxes have been engaged for theatre parties.

Feel Dull and Sluggish?—Start Your Liver to Working.

It beats all how quickly Foley Cathartic Tablets liver up your liver, overcome constipation, and make you feel lively and active again. They are so pleasant to take, and they never gripe or make you feel at all sick. They are thoroughly cleansing. J. L. McKnight, Ft. Worth, Texas, says: "My disagreeable symptoms were entirely removed by the thorough cleansing Foley Cathartic Tablets gave me." They're a wonder, and cost only 25c. Bowen Drug Store.

## PROCEEDINGS OF FEDERATION AT FAYETTEVILLE

(By SUSAN IDEN.)

Fayetteville, May 7.—The chief feature of Wednesday evening's session of the North Carolina Federation of Women's Clubs was the address of Mrs. Percy V. Pennybacker, of Texas, president of the General Federation, who after many trials and tribulations on the road, arrived in the city shortly after midnight Tuesday. Mrs. Pennybacker spoke on "The General Federation as a Sociological Force."

The short reports of the club presidents were continued and were a varied and interesting feature.

The evening's program, club presidents' evening, was distinguished by a delightful musical program as follows:

Music—"March Turque de Ruines d'Athens" Beethoven

Southern Presbyterian Conservatory Trio

Misses Annie Johnson, Jane Dickson, Vardell, Louise Dixon, Miss Margaret Dixon, accompanist.

Music—Selected Miss Peterson

Music—Hungarian Dance No. 6 Brahms

Southern Presbyterian Conservatory Trio

Misses Annie Johnson, Jane Dickson, Vardell, Louise Dixon, Miss Margaret Dixon, accompanist.

### Wednesday's Session.

To use an expression of Miss Eugene Reilly's address, the virgins of today with their lamps filled with gasoline ready to speed on to the land of endeavor, gathered promptly in the auditorium of the graded school Wednesday morning at 9:30 o'clock, the opening session being called to order by the president at 10 o'clock after the credentials had been received from the delegates.

The invocation was made by Rev. W. R. Royal, pastor of the Hay Street Methodist church. Preceding the business Miss Fries called to the front of the platform Mrs. Pennybacker, not to have an address from her, but simply to let the delegates know that she is really here. Mrs. Pennybacker expressed her pleasure in at last being in the city and told of her trials of delay along the way. She had come to learn, she declared, to give herself to a "rate bearer," carrying pleasant news from club to club.

### Reports of Committees.

The chief business of the morning was the reports of the committees, first the committee on rules and regulations, appointed Tuesday evening. Mrs. T. P. Jerman, chairman of the committee presented the report of the business session. The reports of the executive board and board of directors were read by the recording secretary, Miss Gertrude Well. The reports of the Federation officers, first and second vice-presidents, recording secretary, corresponding secretary, treasurer and general federation state secretary followed. These were short and to the point, giving the most essential points that have marked their year's work. Especially interesting was the report of Miss Gertrude Well, recording secretary, of the growth of the Federation during the year from 81 to 101 clubs, the body numbering 3,542 members. The General Federation State Secretary reported the addition of 66 new clubs during the two years, which has broken all records for growth in the General Federation.

An especially interesting item of the treasurer's report was the announcement that the Sallie Southall Cotten loan fund has reached \$1,336.69.

Mrs. Rogers, of Charlotte, chairman of the committee on pledge to the General Federation, again made the gratifying report she gave Tuesday evening that a check of \$502 has been paid, wiping out the pledge of North Carolina to the General Federation.

A very interesting feature of the session was the introduction of the new clubs received into the Federation during the year. As these twenty clubs were called by Mrs. Al. Fairbrother, the president or representatives came to the platform to make their reports and at the request of the president remained for the remainder of the morning session. Four Fayetteville clubs were among those introduced. They are: The Monday Afternoon Club, the Book Club, the Woman's Study Club and the Would-Be-Wise Club.

### Drive Out Liquor.

The most striking report of the morning was the stirring report of what the club women of the little old town of Bath have done during the six months of existence. Mrs. R. R. Cotten, the honorary president of the Federation, claimed this club as belonging to her section of the state. The oldest town of the state, she thought it dead, she declared, but the women have waked it up. One of the items of the report, received with greatest applause, was the declaration that a campaign had been instituted against the illegal sale of liquor in Bath. The delegate was delayed in arriving at the Federation, owing to being in court at Washington, but they intended to remain in court, she declared, until the sale of liquor is stopped.

The credential committee reported that the Federation is entitled to 129 votes, that number of delegates being recorded.

The following ladies were elected by ballot on the nominating committee, who will present a suggested list of officers at the Friday morning session, the new officers to be elected being first vice-president, recording secretary and treasurer: Mrs. E. K. Graham Chapel Hill; Dr. Dixon Raleigh; Mrs. T. W. Lingle, Davidson; Mrs. Henry White, High Point; and Mrs. J. A. Brown, Chadbourn.

### Reports of Departments.

The business-like methods of the president and the co-operation with which the members responded, so quickly dispatched the business of the morning that the afternoon's session was taken up about an hour before adjournment at 1 o'clock. The first of the reports of the chairmen of the departments being that of Mrs. T. W. Lingle, of Davidson, chairman of the civics department. She made an extremely inter-

esting report. This department of the Federation is one in which the women of the state are particularly interested and it has so far outgrown the department that the chairman introduced a resolution to have sub-chairmen elected from each district. A statewide campaign under an organized specialist has been carried on in the state this year. A live discussion of civic conditions, especially the interest shown by the colored people followed, Dr. Dixon Carroll brought

## WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK CLARK, 2146 N. Tulip St., Richmond, Pa.

the information that there is a State Federation of Colored Women's Clubs and a number of delegates reported colored clubs in their towns. These reports were very gratifying as showing what interest the colored women are taking in reform work in the state. Plans of study for the civic departments were also discussed.

The Federation adjourned at 1 o'clock to enjoy the distinction of having its picture taken on the steps of the school building by the "movie man."

During the intermission of an hour and a half a most delicious lunch was served by the club women of Fayetteville in the domestic science building and a social time was enjoyed together.

The women reassembled promptly at 2:30 o'clock, and during the afternoon session the reports of the chairmen of the departments was continued, also that of the club presidents.

At 4 o'clock the convention adjourned to enjoy an automobile ride to points of interest in the city, the courtesy of the men of Fayetteville. Later they were the guests of Mrs. F. S. Clark at a garden party at Red Oak.

Pledges to the Sallie Southall Cotten loan fund amounting to \$384 were received at the afternoon session.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this cause removed, your hearing will be destroyed forever; and this cannot be done by any local application, which is nothing but an inflamed condition of the mucous surfaces.
