

COLLEGIATE LIFE

THE PUBLICATION OF THE CHARLOTTE COLLEGE

VOLUME I NUMBER I

CHARLOTTE, N. C.

SEPTEMBER 19, 1949

DR. GARINGER'S MESSAGE

Charlotte and the people in this area are watching with a great deal of interest the growth of Charlotte College. In the civic clubs and in other organizations, the members are almost unanimous in their praise of the local Board of Education for sponsoring this institution. You students who are enjoying the opportunity of helping initiate this new institution can congratulate yourselves for your unique position. With the enthusiasm and support that we have from the public, we should make this a great year. Let's put our shoulder to the wheel and make Charlotte College the outstanding junior college of North Carolina!

Dr. E. H. Garinger

MISS CONE WELCOMES STUDENTS

On this the opening of the first year of the Charlotte College under the direction of the City School Board of Charlotte, we welcome all students, old and new. For three years the Charlotte College Center has been administered by the Directorate of Extension of the University of North Carolina. This our first year as an independent college, we plan to go forward with the help of the faculty and student body. We are indeed proud of the students, the faculty, and the achievements of our college up to this point and hopeful for even greater development for the future.

We hope that your school year will be successful and pleasant and that you will come to love your college and assume your part in building its future.

Bonnie E. Cone

BD. OF ED. GREET'S CHARLOTTE COLLEGE

We are delighted to have all of the new first-year students at the Charlotte College for its first year of operation under the Board of Education of the City of Charlotte. We welcome back for a second year those who were enrolled last year at the College Center. The Board of Education is keenly interested in the College and in all of its students. We have hopes of building an important institution here, one that will be an increasingly outstanding credit to Mecklenburg County and this section. We wish for each one of you a pleasant, profitable and successful year. For everyone who can, we hope that two years at Charlotte College will form the basis for completion of your college career at some other institution of higher learning. If you cannot go on, we believe that two years spent here can be of inestimable value in making you a better citizen, helping you to enjoy more things in the years ahead of you and giving you a sounder foundation for earning a livelihood.

The Board of Education extends its best wishes to you.

J. Murrey Atkins

STUDENT GOV'T WELCOME

On behalf of the Student Gov't., I take great pleasure in extending a most hearty welcome to the new as well as the old students here at Charlotte College.

Your co-operation with the Student Gov't in all activities that it undertakes during the school year will be very gratefully appreciated.

I sincerely wish everyone a most happy and successful year.

Maurice W. Hooks, Pres.

OPENING EXERCISES

The opening exercises of Charlotte College will be held on September 20, 1949 at 8 o'clock in the evening in the Central High School Auditorium Miss Bonnie E. Cone has announced.

Presiding will be Dr. E. H. Garinger. The Reverend Herbert Spaugh will give the invocation, and Richard Boward will render the vocal selection, "The Lord Is My Light." Greetings from the city of Charlotte will be given by Mayor Victor Shaw. Mr. Murrey Atkins will introduce the speaker Mr. Clyde Erwin, who is State Superintendent of Public Instruction. After Mr. Erwin's speech, the members of the Charlotte College faculty will be introduced.

All students are urged to attend

HELP!

Any student wishing to aid in the publication of the college newspaper may turn in his name on a slip of paper to the office; he will be contacted later.

THIS IS YOUR PAPER!

Suggestions for improvement of the paper will be appreciated by the staff and may be put in the "suggestion box" beside the office door.
