

DISCOVER UNCC BASKETBALL

Sell your bed. Pawn your roommate.

Cash in your deposit bottles. Maybe even get a second job. But whatever you do, run to your nearest Technics dealer. Because right now he's

putting together exciting component packages built around 3 outstanding Technics receivers.

The SA-5400X. A 4-channel receiver with a matrix decoder. Inputs for a CD-4 demodulator. And a

switch for 4-amplifier power in stereo. Then there's the SA-8000X. With a built-in CD-4 demodulator. It can handle any 4-channel system with ease. Or the SA-7300X. It does everything the SA-8000X does, but adds the convenience of automatic CD-4 separation and carrier level controls.

So go see your Technics dealer. He'll show you why a Technics receiver should be the heart of your component system. And good music is a lot more important than a good night's sleep.
