

Attorney General to be investigated soon

(cont. from page one)

the Legislature Investigative Committee, moved "Whereas David H. Sturgis, Attorney General of UNCC, has been charged by the Legislature Investigative Committee, authorized by Student Legislature, with:

1. Failure to delete names of acquitted persons involved in court records in your possession.
2. Unethical and unprofessional conduct in the handling of a particular case.
3. Allowing confidential records to be overheard by unauthorized persons.

Be it thereby resolved that the UNCC Student Legislature hereby officially consider David Sturgis as impeached, charged with misfeasance and malfeasance as of this day, Tuesday, April 1, 1975." The

motion passed.

McKeever followed that motion with another concerning the same matter. "Be it so resolved that David Sturgis be removed from the office of Attorney General." The motion was tabled until the hearing to be held this week.

Davis Trotter, representing the Clubs and Organizations Committee, moved that CARP (Collegiate Association of Research into Principles) be granted a secondary charter by Student Legislature. The motion passed.

The last item of business involved responsibility for postponement of the Second Major Spring Election. The Legislature decided that the responsibility of the Chairman of the Election and Publicity should be waived.

At the next meeting of Student Legislature, there will be a hearing on the impeachment of the Attorney General with only emergency business being heard by the governmental body.
