FARLEY, FLOROS NAMED LEADERS

Recently named to appear in "American College Student Leaders" are Arthur Farley and Sula Floros

Charlotte College placed the names of two of its student leaders in the hands of the editors of Leaders Publications, Beverly Hills, California, for publication in the 1953 "American College Student Leaders", national publication known for its use as a reference in industrial, public and college libraries.

Final selection of the two, Arthur Farley and Sula Floros, was made by the faculty of Charlotte from a list of nine candidates submitted to them by the Student Council. Those appearing in this list (in addition to Farley and Floros) were: Bill Bass, Charles Brice, Charles Hickman, Wellene Hodge, Michael Palmer, Bill Palmer, and Charles Vess.

The choice of those finally selected to appear in "American College Student Leaders" was made using the criteria: leaders in student activities; editors; Council members; class presidents; dean's lists, and other scholastic records; and club presidents and leaders. Special emphasis was placed on "scholastic standing, coupled with unusual leadership abilities."

"American College Student Leaders," in addition to its importance

as a reference for industrial, public and school leaders, is an honorary publication, and is a treasured record for students named to appear therein.

Both successful candidates were unanimously chosen by the faculty. Farley is president of the Student Council, makes the dean's list regularly, and is one of the best known students at C. C. Miss Floros is treasurer of the Student Council, is also a regular student on the dean's list, and is well known for her student leadership. Both are members of language fraternities and both hold office in their respective fraternities, Farley's being French, Floros', Spanish.

Charlotte College can well be proud of both Arthur Farley and Sula Floros.

Political Science Class Sees **Naturalization Ceremony**

On Thursday, December 4th, at 12:0 noon, the Political Science Class visited Federal Court to witness the final ceremony in the naturalization of seventeen aliens.

The candidates for citizenship were presented to the Court by the Clerk of Court. Federal Judge Wilson Warlick presided, and upon completion of the simple ceremony, he gave an encouraging speech to the new citizens, referring to the record naturalized citizens have made in Charlotte and Asheville.

Judge Warlick stated that of the hundreds of aliens who have been naturalized in this area since 1940, not one has had an indictment for criminal offense lodged against him. He also pointed out the large number of countries represented in this naturalization ceremony. The countries represented were: Austria, with one candidate; China, one; Czechoslovakia, one; Denmark, one; England, five; Germany, six; Greece, one; and Lebanon, one.

Student Government Planning New Activities

The governing body of Charlotte College, better known as the Student Council, is striving toward more and better school activities and spirit. (Don't you believe the spirit is rising!!)

So far we have little to boast about-but we're trying! We are sorry the Student Union Building did not reach the heights of our anticipation, but we want you to stop by the "snack bar" in the hall in front of the library whenever you feel the longing for cigarettes, crackers, candy, or cokes. Purchase your snacks here and reap the profits!

Did you see the "Carrousel Parade?" What I'm really asking, "Did you see the Charlotte College float?" This float involved a good bit of work and we want everyone who helped with this to know that their services were very much appreciated.

A new project that is being worked on now is a "Coffee Hour". Or

maybe a better name would be "get better acquainted hour." This will be held about every three weeks between 5:30 and 6:30 in the basement of school in order to give all the students and faculty an opportunity to drop by for a few minutes. There will be something to drink and eat. This coffee hour will be sponsored by the Student Council and we hope everyone will take advantage of it.

We wish to remind the students that we are representing them and they are invited to attend our meetings and bring with them ideas that might be helpful or beneficial to the school. These we are always glad to have!

It is rather difficult to give the student body a complete breakdown of what happens at the Student Council meetings, so if you cannot attend the meetings read the copy of the minutes that is placed on the bulletin board after each meeting!
