## Richard Nixon Wins CC Presidential Poll

By JERRY LEONARD

Richard M. Nixon has defeated John F. Kennedy by a resounding 316 to 229, in a poll of 547 Charlotte College students and faculty members.

Vice President Nixon received 57.8 per cent and Senator Kennedy 41.9 per cent of the "votes" cast to determine the student preference in the coming election.

Only two "voters"—.3 per cent—were undecided.

Five hundred forty-seven of the 696 students and 60 faculty members of Charlotte College participated in the poll.

Is this phase ballot indicative of Charlotte public opinion? We merely list the results and leave the analysis up to you.

Let's take a look at the composition of our student group.

Eighteen per cent of the student population are co-eds, giving males a ratio of better than 4 to 1.

About 40 per cent live in Charlotte, 20.3 per cent live outside the city but within Mecklenburg County, 27.6 per cent are from outside Mecklenburg but within North Carolina and 13 per cent are out of state students.

The average educational level of these students is most likely higher than the average for Charlotte. They are influenced by factors other than knowledge of the candidates and their stands on the issues. Environment and emotions influence the opinions of some, however, the student is as well informed as his age-group counter-

part in Charlotte outside of the college.

The average student participating in this poll is about 23 years old and will be eligible to vote, assuming he or she is registered.

This student group is probably from the middle-income average family classification. It includes students who work and many who are married.

# BUILDING CONTRACT DUE

## Auditorium Program Announced

The auditorium program for the 1960-61 school year has been completed. The arts and lectures committee is pleased to announce the following schedule.

Charles Rosen, Pianist  
Wednesday, December 7, 1960,  
7:15 p.m.

The Charlotte College Chorus,  
Christmas program,  
Friday, December 9, 1960.

Dr. J. B. Rhine, professor from  
Duke University will speak on  
"Parapsychology, Frontier of the  
Mind," January 16, 1961,  
7:15 p.m.

The Davidson Male Chorus,  
Monday, April 24, 1961,  
7:15 p.m.

Dr. Charles Rosen, the first personality scheduled to entertain our student body, has presented programs in the major music capitals of Europe and in many cities throughout the United States.

Reviews of his performances have been excellent. Time Magazine said:

Charles Rosen is a Ph. D. in French Literature (Princeton) who also plays the piano. Last week, after listening to a Rosen concert in Manhattan's Town Hall, the critics told him in effect, to quit the literature business and concentrate on the recital business. His performance of Brahms' virtuosic Variations on a Theme of Paganini swept along like a fresh breeze in a musty corridor, slamming doors on heavy-hand traditions and uncovering the fine old structure. Listeners heard more details than they believed possible, played in tones of pastel shading. Then the pianist flashed through Schoenberg's tortuous Suite, Op. 25, and surprised even hardened music lovers, its improbable burlings came through almost as easily as a Viennese waltz. After that came Beethoven's Sonata, Op. 110, and, for a dazzling change of pace, Ravel's Gaspard de La Nuit. When it was over, the audience demanded four encores.

## Cecil Prince Foundation

Mrs. Cecil Prince, wife of the late Associate Editor of The Charlotte News, has announced the establishment of the Cecil Prince Student Foundation. The foundation has approved a \$210 scholarship for a CC student and made the grant available for this school year.

Architect A. G. Odell, Jr., stands at the marker where CC's first building will rise.

## CC's First Phase Building Contract To Be Awarded November 14

By NANCY JANE BENNETT

The contract for the first buildings of Charlotte College's new campus is scheduled to be awarded on November 14th. Bids have been solicited during the past month for the construction of the two buildings that will constitute the first phase of the building program. Bids for this phase must be submitted on November 10th. The board will hold a special meeting on November 14th to award the contract.

The contractor will have only ten months to complete the two buildings for the September, 1961, school session; but, according to architect A. G. Odell, Jr., this will be enough time.

Charlotte College Director, Miss Bonnie Cone, said she received the "biggest thrill of my life" when she visited the campus site on Highway 49 recently and saw the building stakes. She says the stakes which mark building corners are the first "baby steps."

The two buildings that are scheduled to be completed in this phase of the program are a three-story engineering building and a two-story academic and liberal arts areas.

building. They will contain a total of 66,000 square feet of space and will cost \$900,000. An additional \$300,000 for water, sewage, electricity, grounds, and architectural fees will bring the total cost to \$1,200,000.

The 248 acre site was purchased in 1958 for \$186,200.

Originally the plan called for the construction of only one building with others to be added as funds were obtained. However, the State of North Carolina reversed an earlier law and agreed to match any funds provided by Mecklenburg County. The building committee then decided that it would be more economical to ask for bids on the two buildings in the first phase.

On November 8, Mecklenburg County voters will be asked to approve another bond issue of \$975,000 for the second phase of the building plan. This amount will again be matched by state funds and will provide for an administrative building, a student center, a fine arts building, a library, a maintenance building as well as landscaping, roads and parking

## Old News Is Sometimes Good News

The spring quarter Dean's list is not exactly current information, but everyone will agree that every Dean's list should be published.

In order to be named to the Dean's list, a student must take a full load of three subjects, fourteen quarter hours of work, and must maintain at least a "B" average.

The director's office announced in June that the following students had been named to the Dean's list for the spring quarter:

Keith Morgan Arrowood, Robert Boyd Barbee, John Samuel Bell, Jr., Trula Sutton Booth, Daniel Curtis Collins, Oscar Watson Connell, Jr., Kenneth Franklin Corbett, James Fraser Cornell, Jr., Catherine McArthur Currie.

Patricia Ann Daniel, Richard Maurice Earnhardt, Thomas Guyson,

Eason, Jr., Archie Hal Edwards, James William Grant, Wyatt Price Hargett, Jr., Frank Ervin Harkey, Jr., Linda Lecte Harris, Clinton Wilson Hoover.

Leonard Maxwell Howell, Frank August Kretschmer, Charles Anthony Marwitz, Gail Deanna Merrill, Bobby Gene Mills, Martha Louise Moore, Jesse Rountree Moyer, III, Kenneth Wayne Mullis, James Lee Parnell, Dorce Howard Payne, Jr.

Lyman Ray Reynolds, David Edward Russell, Elizabeth Ann Settemyre, James Harvey Sexton, Paul Alexander Shinn, Edward Joseph Silber, Charles Douglas Simpson, Larry Benford Tefelteller, Howard Wayne Therrell, Jere Manly Thomas, Jr., Frank W. C. Timson, Jr., Lloyd Clifford

Torrence and Jerry Charles Wil-

## Scholarship Increased

Reprinted from the Charlotte Observer

The Charlotte chapter of the National Association of Accountants will increase its scholarship fund at Charlotte College by \$1,000.

This will provide a total fund of \$2,000.

The local chapter recently voted to have the additional \$1,000 invested for the college.

Annual returns from the total \$2,000 investment are expected to offer one full \$210 scholarship and a prize each year.

The annual yield from the accountants' present fund is \$130.50.

The scholarship fund was set up in 1957 in honor of the late Herbert Conner, a charter member of the Charlotte chapter.

When the fund was established, the accountants suggested that a business administration student in need of financial support be given particular consideration.

However, the present scholarship holder, Joe Lee Starnes, is a chemical engineering student.

## Honor Society Holds Meeting

The CC chapter of Sigma Tau Sigma, national social science honor society, has held its first business meeting of the school year. Rosen Ewin, Alpha Chapter president, officiated.

The society made plans for a schedule of 1960-61 business meetings and social events.

It was proposed that the Alpha Chapter undertake a project for the school year. Several worthy projects were suggested and discussed.

Sigma Tau Sigma is composed of the faculty and honor students of the Social Science Department of Charlotte College. The society recognizes academic excellence in the social sciences by extending invitations to membership, by authorizing honor members to wear the Sigma Tau Sigma gold key, and by presentation of the Summa Cum Laude citations.
