One of their debates is fresh in my memory. It occurred in a little East Tennessee tovn. There was a tremendous crowd that had come from the farms and the storehouses to hear Maynard and Johnson. A majority of those present were Republicans. " Maynard was the farst to speak. I

watched his every movement and heard every word. As soon as he opened I petitions for commutation of death began to take alarm. I looked about me occupying the same position. I then thought of Johnson, who was to follow, and wo dereed what he could say in reply. I had heard him before, and knew how infinite were his resources seeme d that no mortal man could anfute those awful charges. When Maynard closed his speech Republicans were standing on their chairs, on benches and tables, cheering themselves hoarse and appleuding their great leader. As he took up one clarge after another and Prince Bismarck of Germany has disposed of them, despondent Democrats began to straighten up in their chairs and listen to his words. To cut the story short it was a master speech from the grand old commoner that he never in his life eclipsed.

He parried the thrusts of his nimble 1 8m opponents, and from his own rugged mind dealt out sledgshammer blows that were all powerful. The defense he made for the Democratic party brought tears to many eyes, and when his audience had been wrought up to the highest pitch he turned up on the party in power, and staggered Repub licans with charges that fell like bomb translated into the Japanese lan-shells. That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as Brown's Iron Bitters, and it does this by commencing at the foundation, and making the blood pure and rich.
