

LOCAL AFFAIRS.

Our calaboose is a useless institution. The weather has been a little cooler this week. Refreshing rains are reported from many portions of our county.

The South-bound train yesterday was seven hours behind time. Many of our town and country folk took advantage of special rates and went to Greensboro yesterday.

We thank our ever on time correspondent from Plyler's for his punctuality, and his new subscribers. Mr. M. J. Corl has purchased from Will Harkey the prettiest two seated pheasant we have ever seen on our streets.

In another column will be found a revenue notice from collector Craige per G. W. Means, deputy at large. The German Reformed congregation are getting ready to re-paint their church. It will then be quite pretty.

Mr. G. F. Barnhardt has been employed to teach the public school in district No. 48. The session will open Monday July 16. Ladies, look in our business local column and see W. C. J. Cator's new Racket ad. He offers you bargains. Go and see.

Mr. J. T. Corl, brother of our wide awake livery man, M. J. Corl, is spending several weeks in his native county. Mr. J. T. Corl is now a citizen of the Southwest. The joint Institute at Misenheimer and Lentz's springs is well represented by our Cabarrus people. Livery men send team there, and return every day.

We call special attention to the school notice of Miss Anna Neal on this page. With the assistance of Mrs. Erwin and Miss Lucy Richmond the school of Miss Neal will certainly be first class. The foundation of Concord's new Hotel is laid. Much of the wall and the wood work is up. A few more weeks and we can boast of a Hotel building equal to any in the State.

Tuesday night a bevy of our young folk had quite a pleasant time at the residence of Mr. M. M. Gillon. It was an ice cream party and every one in attendance vouches for it that it was an enjoyable occasion. Rev. J. L. McLees, of Charlotte assisted the pastor loci, Rev. Mr. Payne, in the communion services at the Presbyterian church last Sabbath. The services were quite interesting. The membership was increased by an addition of eight members.

A volume of the laws of North Carolina of the legislative assembly of 1888, belonging to the office of the Superior Court clerk, by some mishap, was misplaced on Saturday before the last prohibition election. Its return will be thankfully acknowledged at the clerks office. Let us call your attention to the change in M. E. Castor's advertisement. Mr. Castor needs no reference from us to the people of Cabarrus. His make of furniture, collins etc., are always up to agreement.

Mr. B. F. Poter who went to Richmond some weeks ago, accompanied by Dr. Young, to undergo a difficult surgical operation, is now at home and convalescent. The operation was performed by Dr. Hunter McGuire of Richmond, assisted by his brother, Dr. Ned McGuire, of Winchester, Dr. Harrison, of Petersburg and Dr. R. S. Young, of our town. We are glad to say that after much suffering Mr. Poter has found relief and in all probability will once more be hale and hearty. The assistant of ye STANDARD's local, being one of those who go into ecstasies over a new style spring hat, a duck of a bonnet, a pretty bolt of ribbon, with all of woman's curiosity, stepped into Mrs. J. M. Cross' Tuesday evening. The result was that the low prices and the quality of all things in Mrs. C's line depleted the pocket book of the local assistant and the real local will be called on for an advance in wages.

Dr. R. S. Young has moved into his new office in rear of Fetzer's drug store. The doctor with his usual good taste, has it splendidly carpeted and in every other way nicely furnished. The array of medical volumes that meet the eye on entrance shows that he fully keeps up with modern Physics. The walls are decorated with fine steel engravings of medical men of note. In fact we think a visit to this medical sanctum would be good for any ones health. If you want to raise the wind in times that are dull, I'll give you now gratis this excellent plan. Take a nickel or dime and go to a store. And purchase a palm leaf fan, of Mrs. J. M. Cross.

PERSONAL.

Mrs. C. A. Benson is visiting her friends and relatives in Concord.

Mr. Hugh Harris, of Charlotte, was in town Thursday.

Mr. Keistler has just returned from a weeks visit to Rock Hill.

Mrs. Will A. White is at Mooresville visiting her brothers.

Jno. W. Fink and wife are at Piedmont Springs enjoying themselves.

Miss Ella Sargent who has been visiting at Mr. W. R. Odell's, left Thursday for home.

Miss Lizzie Bost is spending a few days with her sister, Mrs. Jas. W. Cannon.

Ed Gibson, John Yorke, Jno D. Cannon and Robert Hicks spent Thursday in Greensboro.

Mr. Geo. L. Patterson is this week in the growing city of the South, Richmond.

Misses Jennie Miller and Mary Hinton, the guests of Miss Dusenberry have returned to their homes.

Mr. W. R. Odell and family are at the Atlantic Hotel, Morehead City, enjoying the sea breeze.

Mrs. John D. Fetzer, of Charlotte, paid a flying visit to the old home Wednesday.

Mrs. Mary Ellis, of Lexington, and Mrs. J. M. Marsh, of Davidson county, are the guests this week of Mrs. Ed Fisher.

Dr. L. A. Bickle gave us a cordial shake as he passed through town on his way to Misenheimer and Lentz's Springs.

Mrs. J. M. Odell and daughter and Miss Mamie Swain left today for Carolina's city by the sea, Morehead.

Mr. Chas. Groner, a Concord boy, who for several years has been in business in Winston paid the home of his boyhood a visit this week. Every one was glad to see him.

Master Leander Groner, to the manor born, is at home. Energy, industry and true grit has given this little Concord boy a record in cigar making that is hard to beat. It is said by his employers that he can turn out 1,350 per day.

Capt. E. Haynes of Charlotte, gave us a pleasant, jolly visit Wednesday. He is a square cut workman in roof painting and concrete walk work. Our friends would find it to their interest to correspond with him if they need any thing done in his line of work.

Deputy at large G. W. Means made a seizure on last Sunday night of a horse, wagon and fifty gallons of whisky, two and a half miles from Concord. The violator of the revenue law took to the woods and the deputy at large brought his booty to town.

Ye local in nosing around has cast his weather eye on the delapidated pailings around the Court House yard, and the question pops into his head whether it would not be advisable for our county officials to appropriate a reasonable sum for their remodeling, or tear the remnants away and sell them for stove wood, appropriating the proceeds to the school fund. They now look as if a cyclone had been around, on a general rampage and ought to be fixed.

Monday night last the Cleveland and Fowle Club, and many other citizens, assembled in the Court House and listened to Charlotte's young and talented orator, Heriot Clarkson, in behalf of the Democratic party. It is needless for us to say that the address was able, instructive and to the point. The Club is fully aroused to action and will "leave no stone unturned" to give victory to Democracy. Let every Democrat in every township aid them by organizing at once. Mr. C., by a rising unanimous vote received the thanks of the audience.

The joint Teachers Institute for Cabarrus and Stanly counties convened at Misenheimer's Springs, on the 9th., and will continue in session two weeks. On motion of T. J. Jerome, of Albemarle, M. L. Barnhardt, of Norwood, was called to act as temporary chairman, and G. F. Barnhardt, of Mt. Pleasant, as temporary secretary. The institute was then opened with appropriate religious exercises conducted by Rev. L. A. Bickle. The Institute, was organized with an enrollment of thirty five members, but many more are expected during the week. A committee on permanent organization was appointed and reported as follows: Prof. J. P. Cook, superintendent of public instruction of Cabarrus, president; J. A. Bivins, of Albemarle, secretary, and Prof. E. F. Eddins, of Palmersville, and G. F. Barnhardt, of Mt. Pleasant, corresponding secretaries. The institute now being thoroughly organized the following preliminaries were agreed upon: Morning session opens at 8:30 and closes at 11:30. Afternoon session opens at 2 and closes at 4. The committee on programme consists of Superintendent T. J. Jerome and J. P. Cook, together with Prof. H. W. Spinks and H. T. J. Ludwig, gave an interesting and instructive lecture on Arithmetic. Under the directions of superintendents and officers, the teachers anticipate an entire success. No labor or pains have been spared to make the necessary arrangements for the comfort and enjoyment of all present. We feel sure that the assembling of the teachers on this occasion must result in much good for the cause of education. We are glad to see the teachers of the two counties putting forth united effort in the direction so long needed, and could the citizens of our other counties see the interest manifested by the teachers there they would feel better assured as to the successful education of their children. All present, teachers and visitors take great interest in the work and seem to enjoy the occasion very much.

Magistrates Court Thursday. John Taylor prosecutor and Scott Cowan defendant. The sole cause was a dusky maiden. Judgment by Esqr. Willford, malicious prosecution. Judgment suspended over John Taylor till the cost be paid.

The Labor the High Tariff Protects. The sort of "American labor" that the millionaire manufacturers are so anxious to protect is shown by statistics of the nationality of the operatives in the Amory Cotton Mills at Manchester, N. H. Of the 800 "one third are French-Canadian and the rest of various nationalities, only slightly, or one-tenth of the whole, being native American." And the Protectionist paper that prints these facts adds that "what is true of this company is also substantially true of the great manufacturing companies in New England." This is the result of high tariffs on goods that all the people use and free trade in the "pauper labor" that produces them. -New York World.

POTATOES.

Miss Rosa Willeford this week sent us a potato that in shape even to the eye spots so very much resembled a duck that we could hardly believe it belonged to the vegetable kingdom. It was a last years sweet potato and ye local feared it would be in "fowl" taste to destroy it, and now the skeptical can see it in the possession of the fair donor. Our staunch friend, and model gardener A. Foil, gave us this week the boss Irish Potato of the season. By actual measurement it was 7 1/2 inches long. Lengthwise it measured 17 inches around, and 8 1/2 the other way. We must thank him for a whole meal.

A Republican Voter Arrested with Democratic Tickets in his Possessions. On Tuesday evening the efficient constable of Delphi, in No. 10 township was called on to arrest one Oliver Jeffries, colored, on a charge of stealing corn from county surveyor, J. H. Long. The colored citizen of Republican bias was found at the tail end of a threshing machine forking straw. All his rights of American freedom surged up in a moment and the result was that force was necessary to insure his presence before a magistrate. He was duly tried and in default of a \$100 bond was committed to jail. It appears that our worthy surveyor suspected that his corn pile was getting away rather fast for mere home consumption, so he scattered amongst it a handful or so of the last election surveyor tickets, and the result was, corn, tickets and all were found in possession of the sable voter, Oliver Jeffries.

EDITOR STANDARD: -In behalf of everybody who wishes Cabarrus well represented in our State Legislature, allow us to make this motion, that we send E. DeBerry Lentz, of No. 8, to Raleigh as Representative. As a citizen and farmer Mr. L stands amongst the first and foremost. Not only at home among his neighbors, but all over the county, he is recognized as a progressive man. He has cut his own way to prosperity. He is not only a farmer but he is a friend and aider of every laboring man. In politics his record is purely Democratic; and in daily business pursuits his record is without stain. He can command not only the party vote, but the ballot of every one who knows him. This is without Mr. Lentz's consent, and we know not whether he would accept if nominated, but we believe every farmer, mechanic and laboring man will second the motion to send him anyhow. L. B.

WE CAN AND DO Guarantee Acker's Blood Elixir for it has been fully demonstrated to the people of this country that it is superior to all other preparation for blood diseases. It is a positive cure for syphilitic poisoning, Ulcers, Eruptions and Pimples. It purifies the whole system and thoroughly builds up the constitution. For sale at Fetzer's Drug Store.

Special Meeting! The Cleveland and Fowle club is requested to meet at the Court House on Monday night next (July 16), at 8 o'clock p. m., sharp. Business of importance will be transacted and every member is urged to be present. H. S. PURYEAR, Pres. W. D. ANTHONY, Secty.

Flow's Items. Most of our farmers are through work, and picnics are the order of the day. Mr. C. B. Muse has the boss water-melon patch. Our people are talking of organizing a Cleveland and Fowle club at Sossamons. We are all Democrats whether or no. We were glad to see the nice refreshing rain which fell Tuesday eve. Mr. Jackson McCurdy, who has been very sick for some time, we are glad to say is convalescent. Mr. J. Harvey Dorton has retired to private life. Prof. McNulty is off the track again, in regard to the recent rain. On the evening before the rain, he told us there would be no rain until the second week in August. Put on your spectacles John, and scan the moon more closely. Mr. L. D. Hartsell is through work and says he has nothing to do but hunt guinea nes' and assist his better half in turning out her chickens to graze on the wheat stubble. One of our young men went to see his girl the other night and while waiting in the parlor overheard her father telling her to go for the fellow that had the buggy. As he was not the buggy man he left immediately and has not been heard from since. Poor fellow. USCLE NED. -Just received at Mrs. J. M. Cross' a new invoice of those broad brimmed white shade hats.

HAPPINESS AND CONTENTMENT

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and makes life a happiness and pleasure. Sold at 25 and 50 cents by N. D. Fetzer.

THE FAIR ASSOCIATION.

We call attention to Secretary Ludwig's address "To Farmers and Others" on the first page, in reference to our County Agricultural and Mechanical Fair Association. We hope every one will read it. This is a movement that interests everybody in our county, and being just as it should be, under the supervision of our farmers its success is already a foregone conclusion. The inducement held out for almost every one to become a member by the payment of the small fee of \$1.00 will, we hope, give the Association pecuniary support sufficient to put the fair grounds in good trim. First and foremost the interest of the farmer should receive recognition. It is through their success and prosperity that the whole country prospers and it behooves each and every one to give aid. Let us all with a will, determine that the Cabarrus Fair in 1888 shall be without a doubt a perfect success.

GUARD AGAINST THE STRIKE.

And always have a bottle of Acker's English Remedy in the house. You cannot tell how soon croup may strike your little one, or a cold or cough may fasten itself upon you. One dose is a preventive and a few doses a positive cure. All Throat and Lung troubles yield to its treatment. A sample bottle is given you free and the Remedy State Association of Democratic Clubs Active steps are being taken for the formation of a State Association of Democratic clubs, and in a short time a convention composed of delegates from all the local clubs will be called to convene about the middle of August at some point which presents the greatest inducement in points of accessibility, accommodation and other features of interest. While the preliminary arrangements are being made, it is desired that all local clubs will at once communicate with M. H. Roberts, Esq., Secretary Central Committee, Raleigh, N. C., stating their view as to time and place for holding the convention. The object of this association is to foster the formation of permanent Democratic clubs and societies throughout North Carolina and insure their active co-operation in disseminating Democratic principles of government, to preserve the constitution of the United States and of the State, to maintain inviolate the fundamental principles of Democracy equally before the law and to cooperate with the regular organization of the Democratic party for the support of Democratic men and Democratic measures.
