The Bagging Trust.

St. Louis, March 23.—The bagging trust or pool, which caused a good deal of excitement and excited much opposition on the part of the cotton planters and others last year, and which expired by limitation last December, it is announced here has practically been reorganized, and will be run or managed by the same parties as before. The plan of operation will not exactly be the same as last year, however, and prices are not expected to be pushed up so high; but it is alleged that it will not be long before they reach ten cents per pound. It is said that there is a corner in jute butts in New York, and that they are half a cent higher now than they were last season.

Sudden Death.

Chatham Record. Mrs. Celia Fields, of Gulf township, died very suddenly some days ago. She was about ninety years old, was the widow of the late Jack Fields who was a soldier of the war of 1812, and had been living alone for several years, doing her own cooking and waiting on herself. She was found dead in her house, her body lying near a chest, and on a table was a pot of coffee and her supper untouched. It is supposed that, the night before the dead body was found, she had prepared her supper and had got to the chest to get out something, when she suddenly fell dead.

It is wanted to know if such a body of land can be had in Iredell county, and if so at what price. Communication on the subject may be had with Col. Allen.
