THE SCHOOL BOOK TRUS!.

The school book Trust is one of the latest. It is given as a fact by the New York World that several of the leading firms now publishing school books have entered into a trust. The ultimate result of such as combination is not only higher prices for school books, but a deterioration in quality. Thanks to a lively competition among the several factory. enterprising publishers, each of which wanted to have the best books, Ex-Gov. Holden was strick- and with this in view, contracted in the United States have been supplied with the best books, and at The Weekly State Chronicle, very reasonable prices. In their and get the lead in books they have caused the authors in their service North Carolina is said to be to study the special needs of our School. badly behind when it comes people, and the result is a line of raphy perhaps lead the world. Un- of ice daily. der the Trust just organized, the case will be different. They will crat is Republican in politics, have such power that smaller publican company. be either forced into the Trust, or forced out of business.
