REASONS WHY IT SHOULD BE ADOPTED.

1. Simplicity, cheapness, and ease of preparation.

2. Economy, as much less soap is required to do the same amount of washing and cleansing, and yet do it more perfectly.

3. Your clothes will last much longer, and it does away with all the hard rubbing on the washboard.

4. Any kind of water can be used, hard or soft, warm or cold.

5. No necessity for boiling clothes. 6. Yarns, flannels or silk can be washed without the least damage fulling or hardening them.

7. It is admitted to be the best mode for washing bed clothes ever discovered.

S. It will remove grease spots from clothes or fabrics of any kind with cold water, and it is also of great value to grocerymen as grease can be removed from cans, buckets

and all kinds of vessels by simply using cold water,

will furnish you with a sample of soap prepared by Kasey's new prohome, free of cost to you, and will give any information you may demaking soap. Family rights for sale. Money refunded if not satis-
